APA (American Psychological Association) - Citation Guide ... Cite Website In Paper
 How to Cite a Website - MLA Start your Works Cited entry with the author's name, if provided. Provide the title of the page in double quotation marks. Give the name of the website in italics followed by the date of publication. Include the URL for the web page. Close with your date of access if ...
 How to Cite a Website (with Sample Citations) - wikiHow
 Guidelines for citing a website within a paper using MLA style: First comes the name of the author, right next to the left margin. The last name of the author should mandatorily precede the first name. Leaving a space after the author's name, the title of the webpage must be mentioned in double quotations.
 How to Cite a Website in a Research Paper
 When referencing a website in the body of your paper, MLA uses an in-text citation that references the first piece of information in that website's bibliographic entry.
 How to Cite a Website | Pen and the Pad
 How to Cite a Website in APA - Website or Blog
 Write the name of the author. Indicate the date published. List the title of the document. Write a description of the format. Finish by specifying where the information was retrieved. List just the author and year for an in-text citation.
 4 Ways to Cite a Website in APA - wikiHow
 Date of retrieval if web site is not Authoritative; URL of Homepage (Internet address) (If hard to find like on a government website, complete URL can be used) Author's Last Name, First Initial. Middle Initial. (Date of Publication or Update). Title of work. Retrieved Month Day, Year, from URL from Homepage. Examples: Basements and crawl spaces. (2002, June 23).
 How to cite WEBSITES - Citation Guide - Research Guides at ...
 When paraphrasing or summarizing a web page, the citation should include the author last name and date listed on the web page or at the bottom of the website. If you are using a quote, you will also need to include the page number. If there are no page numbers, include the most direct location of the quote, such as a section title and/or a paragraph number.
 APA: Citing Within Your Paper | Ashford Writing Center
 For instance, the way you cite for a book is not the same way you cite for a website. Cite a single author by writing in parentheses the author's last name and the page number(s) from where you got your quotation or paraphrase. This parenthetical citation should follow the quotation or paraphrase you used.
 How to Cite a Source Within Your Research Paper | Pen and ...
 To cite a paper APA style, start with the author's last name and first initial, and the year of publication. Then, list the title of the paper, where you found it, and the date that you accessed it. In a paper, use a parenthetical reference with the last name of the author and the publication year.
 5 Ways to Cite a Research Paper - wikiHow
 The in-text citation for a website with two authors should include both authors' last names, in the order in which they are listed in the source and your works cited: (Wadhwa and Salkever). For a source with three or more authors, you should place the authors' names in the same order as the source.
 How to Cite a Website in MLA: A Complete Guide
 Ensure that each in-text citation corresponds to a full-text citation found in the "Works Cited" page of your paper. If you mention the author's name in your sentence, you may omit the name from the parenthetical citation. In these cases, your citation need only be a page number or numbers. List multiple authors as follows:
 How to Cite MLA in a Research Paper | Pen and the Pad
 APA defined. APA (American Psychological Association) is most commonly used to cite sources within the health sciences and social sciences fields. This resource, revised according to the 5th edition of the APA manual, offers examples for in-text citations, endnotes/footnotes, and your bibliography or reference page.
 APA (American Psychological Association) - Citation Guide ...
 Websites have many web pages, and you should use the title of the web page in the in-text citation. Insert the quoted or paraphrased material in your paper. Create the in-text citation using the article

title. The title of the web page is placed in quotation marks.
 How to Cite Websites in APA Style | Pen and the Pad
 If you're citing a paper or article that was published online but did not come from an academic journal or database, provide information about the author (if known), the date of publication (if available), and the website where you found the article. For example: "Hill, M. (n.d.).
 How to Cite a Research Paper in APA (with Pictures) - wikiHow
 APA Research Paper Format. APA (American Psychological Association) research paper format is often used in papers related to psychology and social sciences. In this citation, there is a general format in referencing through endnotes/footnotes, in-text, and reference pages.
 How to Cite a Research Paper: APA, MLA, ASA, Chicago ...
 Give the address of the site in your text to cite an entire website. APA does not require a full citation or reference list entry if you're citing an entire website. Simply mention the name of the website in your text, then provide the address for the site in a parenthetical at the end of your sentence, inside the closing punctuation.
 3 Ways to Cite a Website with No Author - wikiHow

 To cite a company website as part of a research paper would be the same way as you would cite any website.
 How do I cite a company website? - LibAnswers
 Cite web pages in text as you would any other source, using the author and date if known. If the author is not known, use the title and the date as the in-text citation (for long titles just use the first few words). Your in-text citation should lead your reader to the corresponding entry in the reference list.
