RODRIGO GIOVANNA

[The Meaning of Witchcraft](#) Springer

Introduces the philosophy and practices of old world witchcraft, which relies on plant magic and the use of shadow, dispelling the myths about witches and presenting the tradition's tools, charms, spells, rituals, and correspondences.

The Creation of Eve and Renaissance Naturalism Hachette Books

This book offers a comprehensive review of the biology of snakes, focusing on Italian species. The snakes of Italy belong to the two families Colubridae and Viperidae, and for each species the systematic classification and chorology including distribution maps are presented. Furthermore, readers will learn how to carry out field studies, how to handle snakes and how to photograph them. The book concludes with a chapter on the iconography of historical Italian snakes and their importance in popular science, and one on myths and legends. This SpringerBriefs volume will appeal to herpetologists and technical staff. The section on iconography may also be of interest to museum staff.

As Bright as Heaven MDPI

The focus of this book is on exploring effective strategies in higher education that promote meaningful learning and go beyond discipline boundaries, with a special emphasis on Subjectivity Learning, Refreshing Lecturing, Learning through Construction, Learning through Transaction, Transformative Learning, Using Technology, and Assessment for Learning and Teaching in particular. The research collected in this book is all based on empirical studies and includes research methods and findings that will be of great interest to teachers and researchers in the area of higher education. The main benefit readers will derive from this book is a meaningful insight into what other teachers around the world are doing in higher education and what lessons they have learned, which will support them in their own teaching.

Radicalizing Care Penguin

This book breaks with three common scholarly barriers of periodization, discipline and geography in its exploration of the related themes of heresy, magic and witchcraft. It sets aside constructed chronological boundaries, and in doing so aims to achieve a clearer picture of what 'went before', as well as what 'came after'. Thus the volume demonstrates continuity as well as change in the concepts and understandings of magic, heresy and witchcraft. In addition, the geographical pattern of similarities and diversities suggests a comparative approach, transcending confessional as well as national borders. Throughout the medieval and early modern period, the orthodoxy of the Christian Church was continuously contested. The challenge of heterodoxy, especially as expressed in various kinds of heresy, magic and witchcraft, was constantly present during the period 1200-1650. Neither contesters nor followers of orthodoxy were homogeneous groups or fractions. They themselves and their ideas changed from one century to the next, from region to region, even from city to city, but within a common framework of interpretation. This collection of essays focuses on this complex.

Caliban and the Witch BEYOND BOOKS HUB

From the acclaimed author of *The Last Year of the War* comes a novel set during the Spanish flu pandemic of 1918, telling the story of a family reborn through loss and love. In 1918, Philadelphia was a city teeming with promise. Even as its young men went off to fight in the Great War, there were opportunities for a fresh start on its cobblestone streets. Into this bustling town, came Pauline Bright and her husband, filled with hope that they could now give their three daughters—Evelyn, Maggie, and Willa—a chance at a better life. But just months after they arrive, the Spanish Flu reaches the shores of America. As the pandemic claims more than twelve thousand victims in their adopted city, they find their lives left with a world that looks nothing like the one they knew. But even as they lose loved ones, they take in a baby orphaned by the disease who becomes their single

source of hope. Amidst the tragedy and challenges, they learn what they cannot live without—and what they are willing to do about it. *As Bright as Heaven* is the compelling story of a mother and her daughters who find themselves in a harsh world not of their making, which will either crush their resolve to survive or purify it.

The Witches Penguin

In *Socialism of Fools*, Michele Battini focuses on the critical moment during the Enlightenment in which anti-Jewish stereotypes morphed into a sophisticated, modern social anti-Semitism. He recovers the potent anti-Jewish, anticapitalist propaganda that cemented the idea of a Jewish conspiracy in the European mind and connects it to the atrocities that characterized the Jewish experience in the nineteenth and twentieth centuries. Beginning in the eighteenth century, counter-Enlightenment intellectuals and intransigent Catholic writers singled out Jews for conspiring to exploit self-sustaining markets and the liberal state. These ideas spread among socialist and labor movements in the nineteenth century and intensified during the Long Depression of the 1870s. Anti-Jewish anticapitalism then migrated to the Habsburg Empire with the Christian Social Party; to Germany with the Anti-Semitic Leagues; to France with the nationalist movements; and to Italy, where Revolutionary Syndicalists made anti-Jewish anticapitalism the basis of an alliance with the nationalists. Exemplified best in the Protocols of the Elders of Zion, the infamous document that "leaked" Jewish plans to conquer the world, the Jewish-conspiracy myth inverts reality and creates a perverse relationship to historical and judicial truth. Isolating the intellectual roots of this phenomenon and its contemporary resonances, Battini shows us why, so many decades after the Holocaust, Jewish people continue to be a powerful political target.

Contesting Orthodoxy in Medieval and Early Modern Europe JHU Press

This book traces how four early Renaissance masters represented the Creation of Eve, which showed woman rising weightlessly from Adam's side at God's command.

White Magic Spells CreateSpace

J. S. Bach's two-part keyboard pieces form a significant body of musical literature, but only occasionally have they been arranged for strings. This carefully transcribed collection of violin duets and its two companion volumes - *Duets for Two Violas* (MB # 21438) and *Duets for Two Cellos* (MB #21439) - bring many additions, taken from Bach's suites, preludes, and inventions, to the string player's repertoire. Intermediate and advanced instrumentalists will delight in the musical complexity, contrapuntal dialogue, and variety of moods in these pieces. Since bowing and fingering preferences vary greatly among string players, editorial marks have been kept to a minimum. These arrangements are an attractive, valuable addition to string ensemble work.

Between Court and Confessional Mel Bay Publications

Loner Vivi Deveraux is thrilled to join Westerly College's Kappas, who are secretly witches, until she meets perfect, polished Scarlett Winter, who will stop at nothing to be the sorority's next president.

Modern Paganism in World Cultures Springer

This volume explores the challenges and possibilities of research into the European dimensions of popular print culture. Popular print culture has traditionally been studied with a national focus. Recent research has revealed, however, that popular print culture has many European dimensions and shared features. A group of specialists in the field has started to explore the possibilities and challenges of research on a wide, European scale. This volume contains the first overview and analysis of the different approaches, methodologies and sources that will stimulate and facilitate future comparative research. This volume first addresses the benefits of a media-driven approach, focussing on processes of content recycling, interactions between text and image, processes of production and consumption. A second perspective illuminates the distribution and markets for popular print, discussing audiences, prices and collections. A third dimension refers to the transnational dimensions of genres, stories, and narratives. A last perspective unravels the communicative strategies and dynamics behind European bestsellers. This book is a source of

inspiration for everyone who is interested in research into transnational cultural exchange and in the fascinating history of popular print culture in Europe.

Reframing Luchino Visconti Penguin

The mid-twentieth century saw the birth of popular occultism in Europe and the New World, including an interest in witchcraft. Chief among these was Wicca, a recension of ceremonial magic and nature worship advanced by Gerald Gardner and Alex Sanders, now widely regarded as a religion. However, lesser-known streams of the witch-current thrived the shadows, having older historical roots, and linked to a body of practice - witch-bottles, knotted cord spells, curses, exorcisms, sexual magic, and charms ranging from the conjuration of angels to protection for livestock and hearth. This is Traditional Witchcraft, whose origin in part lies with the sorcery of the cunning-folk of Britain and Colonial America. Eschewing the popular occult limelight, its perpetuation as a mystery-cult continues as a largely closed group of initiates. Now revised and expanded, the second edition of CHILDREN OF CAIN is the definitive history of Traditional Witchcraft and its key operatives in Britain and the United States, and is based on over forty years of research and private collaboration with practitioners of this mysterious form of folk magic.

Socialism of Fools Ballantine Books

This volume is the first book-length study on post-publication responses to academic plagiarism in humanities disciplines. It demonstrates that the correction of the scholarly literature for plagiarism is not a task for editors and publishers alone; each member of the research community has an indispensable role in maintaining the integrity of the published literature in the aftermath of plagiarism. If untreated, academic plagiarism damages the integrity of the scholarly record, corrupts the surrounding academic enterprise, and creates inefficiencies across all levels of knowledge production. By providing case studies from the field of philosophy and related disciplines, the volume exhibits that current post-publication responses to academic plagiarism are insufficient. It catalogues how humanities disciplines fall short in comparison with the natural and biomedical sciences for ensuring the integrity of the body of published research. This volume provides clarity about how to conceptualize the scholarly record, surveys the traditional methods for correcting it, and argues for new interventions to improve the reliability of the body of published research. The book is valuable not only to those in the field of philosophy and other humanities disciplines, but also to those interested in research ethics, meta-science, and the sociology of research.

J.S. Bach: Duets for Two Violins Edinburgh University Press

The most comprehensive study available of neo-pagan religious movements in North America and Europe. * Photographs of neo-pagan leaders, practitioners, and rituals, along with maps of areas where various religions are practiced * Contributions from an international team of scholars provides insight into belief systems and cultural influences

The English Gipsies and Their Language Weiser Books

This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Challenges traditional Hollywood-derived models of star studies classical Hollywood stardom the last word on film stars? How do film stars function in non-Hollywood contexts, such as Bollywood, East Asia and Latin America, and what new developments has screen stardom undergone in recent years, both in Hollywood and elsewhere? Gathering together the most important new research on star studies, with case studies of stars from many different cultures, this diverse and dynamic collection looks at film stardom from new angles, challenging the received wisdom on the subject and raising important questions about image, performance, bodies, voices and fans in cultures across the globe. From Hollywood to Bollywood, from China to Italy, and from Poland to Mexico, this collection revisits the definitions and origins of star studies, and points the way forward to new ways of approaching the field. Key features Features cutting-edge research on stardom and fandom from a range of different cultures, contributed by a diverse and international range of scholars Generates new critical models that address non-Hollywood forms of stardom, as well as under-researched areas of stardom in Hollywood itself Revisits the definitions of stars and star studies that are previously defined by the study of Hollywood stardom, then points the way forward to new ways of approaching the field Looks at stars/stardom within a new local/translocal model, to overcome the Hollywood-centrism inherent to the existing national/transnational model Brings into light various types of previously unacknowledged star texts Employs a dynamic inter-disciplinary approach Contributors Guy Austin, Newcastle University Linda Berkvens, University of Sussex Pam Cook, University of Southampton Elisabetta Girelli, University of St Andrews Sarah Harman, Brunel University Stella Hockenull, University of Wolverhampton Leon Hunt, Brunel University Kiranmayi Indraganti, Srishti Institute of Art, Design and Technology Jaap Kooijman, University of Amsterdam Michael Lawrence, University of Sussex Anna Malinowska, University of Silesia Lisa Purse, University of Reading Clarissa Smith, University of Sunderland Niamh Thornton, University of Liverpool Yiman Wang, University of California-Santa Cruz Sabrina Qiong Yu, Newcastle University Yingjin Zhang, University of California-San Diego

A History of Exorcism in Catholic Christianity Springer

The Witching Hour Ballantine Books

The Witching Hour Walter de Gruyter GmbH & Co KG

The De Lamiis, was first published in 1489, and had at least five other editions before 1500. It is one of the earliest works published on witchcraft, and the first ever to be illustrated. The book is written in the form of a dialogue between the author and the dedicatee, the Archduke Sigismund of Austria, who doubts the existence of witches. At a time when complete theories around witchcraft were yet to be established, the author defended the belief in the powers of the Devil and his ability to trick the human mind. This book is an exact photographic reproduction of the original 1489 edition that was printed in Reutlingen by Johan Otmar. The original printing size was kept. Wierus Press is specialized in the reproduction of rare works related to the occult, religion and philosophy and the history of science.

Crossing Borders. Crossing Cultures Cambridge University Press

Thought to be the father of modern witchcraft, Gerald Gardner published *The Meaning of Witchcraft* in 1959, not long after laws punishing witches were repealed. It was the first sympathetic book written from the point of view of a practicing witch. *The Meaning of Witchcraft* is an invaluable source book for witches today. Chapters include: Witch's Memories and Beliefs, The Stone Age Origins of Witchcraft, Druidism and the Aryan Celts, Magic Thinking, Curious Beliefs about Witches, Signs and Symbols, The Black Mass, Some Allegations Examined. *The Meaning of Witchcraft* is a record of witches' roots-and a tribute to a founding pioneer with the courage to set that record straight.
