A Penguin Story Penguin

New historical fiction from a Newbery Honor-winning author about how middle schooler Ariel Goldberg's life changes when her big sister elopes following the 1967 Loving v. Virginia decision, and she's forced to grapple with both her family's prejudice and the antisemitism she experiences, as she defines her own beliefs. Cover may vary. Twelve-year-old Ariel Goldberg's life feels like the moment after the final guest leaves the party. Her family's Jewish bakery runs into financial trouble, and her older sister has eloped with a young man from India following the Supreme Court decision that strikes down laws banning interracial marriage. As change becomes Ariel's only constant, she's left to hone something that will be with her always--her own voice.

Penguins, among the most delightful creatures in the world, are also among the most vulnerable. The fragile status of most penguin populations today mirrors the troubled condition of the southern oceans, as well as larger marine conservation problems: climate change, pollution, and fisheries mismanagement. This timely book presents the most current knowledge on each of the eighteen penguin species--from the majestic emperor penguins of the Antarctic to the tiny blue penguins of New Zealand and Australia, from the northern rockhopper penguins of the South Atlantic and Indian Oceans to the Galapagos penguins of the equator--written by the leading experts in the field. Included for each species: o Life history o Distribution, population sizes and trends o International Union for the Conservation of Nature (IUCN) status o Threats to survival o Legal protection The book also provides information on current conservation efforts, outlines the most important actions to be taken to increase each population's resilience, and recommends further research needed to protect penguins and the living creatures that share their environment. Beautifully illustrated with full-color photographs of each species in their natural habitat and detailed charts and graphs, Penguins will be an invaluable tool for researchers, conservation groups, and policy makers. It will also enchant anyone interested in the lives or the plight of these fascinating animals. Watch the trailer: <http://www.youtube.com/watch?v=0s0BblU6cqE&feature=plcp>

An anthology of Great War short stories by British writers, both famous and lesser-known authors, men and women, during the war and after its end. These stories are able to illustrate the impact of the Great War on British society and culture and the many modes in which short fiction contributed to the war's literature. The selection covers different periods: the war years themselves, the famous boom years of the late 1920s to the more recent past in which the First World War has received new cultural interest.

Emperor Penguin (Young Zoologist) John Wiley & Sons

Chilling real-life accounts of witches, from medieval Europe through colonial America, compiled by the New York Times bestselling author of *The Physick Book of Deliverance Dane* and *The Daughters of Temperance* Hobbs From a manual for witch hunters written by King James himself in 1597, to court documents from the Salem witch trials of 1692, to newspaper coverage of a woman stoned to death on the streets of Philadelphia while the Continental Congress met, *The Penguin Book of Witches* is a treasury of historical accounts of accused witches that sheds light on the reality behind the legends. Bringing to life stories like that of Eunice Cole, tried for attacking a teenage girl with a rock and buried with a stake through her heart; Jane Jacobs, a Bostonian so often accused of witchcraft that she took her tormentors to court on charges of slander; and Increase Mather, an exorcism-performing minister famed for his knowledge of witches, this volume provides a unique tour through the darkest history of English and North American witchcraft. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

George Murray Levick was the physician on Robert Falcon Scott's tragic Antarctic expedition of 1910. Marooned for an Antarctic winter, Levick passed the time by becoming the first man to study penguins up close. His findings were so shocking to Victorian morals that they were quickly suppressed and seemingly lost to history. A century later, Lloyd Spencer Davis rediscovers Levick and his findings during the course of his own scientific adventures in Antarctica. Levick's long-suppressed manuscript reveals not only an incredible survival story, but one that will change our understanding of an entire species. *A Polar Affair* reveals the last untold tale from the Heroic Age of Antarctic Exploration. It is perhaps the greatest of all of those stories—but why was it hidden to begin with? The ever-fascinating and charming penguin holds the key. Moving deftly between both Levick's and Davis's explorations, observations, and comparisons in biology over the course of a century, *A Polar Affair* reveals cutting-edge findings about ornithology, in which the sex lives of penguins are the jumping-off point for major new insights into the underpinnings of evolutionary biology itself.

A National Book Award Finalist, this remarkable graphic novel is about growing up in a refugee camp, as told by a former Somali refugee to the Newbery Honor-winning creator of *Roller Girl*. Omar and his younger brother, Hassan, have spent most of their lives in Dadaab, a refugee camp in Kenya. Life is hard there: never enough food, achingly dull, and without access to the medical care Omar knows his nonverbal brother needs. So when Omar has the opportunity to go to school, he knows it might be a chance to change their future . . . but it would also mean leaving his brother, the only family member he has left, every day. Heartbreak, hope, and gentle humor exist together in this graphic novel about a childhood spent waiting, and a young man who is able to create a sense of family and home in the most difficult of settings. It's an intimate, important, unforgettable look at the day-to-day life of a refugee, as told to New York Times Bestselling author/artist Victoria Jamieson by Omar Mohamed, the Somali man who lived the story.

#1 NEW YORK TIMES BESTSELLER • More than one million copies sold! A “brilliant” (Lupita Nyong’o, *Time*), “poignant” (Entertainment Weekly), “soul-nourishing” (USA Today) memoir about coming of age during the twilight of apartheid “Noah’s childhood stories are told with all the hilarity and intellect that characterizes his comedy, while illuminating a dark and brutal period in South Africa’s history that must never be forgotten.”—Esquire Winner of the Thurber Prize for American Humor and an NAACP Image Award • Named one of the best books of the year by *The New York Time*, *USA Today*, *San Francisco Chronicle*, *NPR*, *Esquire*, *Newsday*, and *Booklist* Trevor Noah’s unlikely path from apartheid South Africa to the desk of *The Daily Show* began with a criminal act: his birth. Trevor was born to a white Swiss father and a black Xhosa mother at a time when such a union was punishable by five years in prison. Living proof of his parents’ indiscretion, Trevor was kept mostly indoors for the earliest years of his life, bound by the extreme and often absurd measures his mother took to hide him from a government that could, at any moment, steal him away. Finally liberated by the end of South Africa’s tyrannical white rule, Trevor and his mother set forth on a grand adventure, living openly and freely and embracing the opportunities won by a centuries-long struggle. Born a Crime is the story of a mischievous young boy who grows into a restless young man as he struggles to find himself in a world where he was never supposed to exist. It is also the story of that young man’s relationship with his fearless, rebellious, and fervently religious mother—his teammate, a woman determined to save her son from the cycle of poverty, violence, and abuse that would ultimately threaten her own life. The stories collected here are by turns hilarious, dramatic, and deeply affecting. Whether subsisting on caterpillars for dinner during hard times, being thrown from a moving car during an attempted kidnapping, or just trying to survive the life-and-death pitfalls of dating in high school, Trevor illuminates his curious world with an incisive wit and unflinching honesty. His stories weave together to form a moving and searingly funny portrait of a boy making his way through a damaged world in a dangerous time, armed only with a keen sense of humor and a mother’s unconventional, unconditional love.

As an adult, she makes daily compromises to steel herself against everything from verbal attacks to heartbreak. Now, with raw honesty, Shraya delivers an important record of the cumulative damage caused by misogyny, homophobia, and transphobia, releasing trauma from a body that has always refused to assimilate. Winner of the Michael L. Printz Medal ★"King's narrative concerns are racism, patriarchy, colonialism, white privilege, and the ingrained systems that perpetuate them. . . . [Dig] will speak profoundly to a generation of young people who are waking up to the societal sins of the past and working toward a more equitable future."—Horn Book, starred review "I've never understood white people who can't admit they're white. I mean, white isn't just a color. And maybe that's the problem for them. White is a passport. It's a ticket." Five estranged cousins are lost in a maze of their family's tangled secrets. Their grandparents, former potato farmers Gottfried and Marla Hemmings, managed to trade digging spuds for developing subdivisions and now they sit atop a million-dollar bank account—wealth they've refused to pass on to their adult children or their five teenage grandchildren. "Because we want them to thrive," Marla always says. But for the Hemmings cousins, "thriving" feels a lot like slowly dying of a poison they started taking the moment they were born. As the rot beneath the surface of the Hemmings' white suburban respectability destroys the family from within, the cousins find their ways back to one another, just in time to uncover the terrible cost of maintaining the family name. With her inimitable surrealism, award winner A.S. King exposes how a toxic culture of polite white supremacy tears a family apart and how one determined generation can dig its way out.
