Erika. I was told that dreams were our heart's desires. My nightmares, however, became my obsession. My boyfriend's older brother is like that scary movie that you peek through your hand to watch. He's handsome, strong, and completely terrifying. The star of his college's basketball team and now gone pro, he's more concerned with the dirt on his shoe than on me. I saw him. I heard him. The things that he did, and the deeds that he hid. For years, I bit my nails, unable to look away. Now, I've graduated high school and moved on to college, but I haven't stopped watching Michael. He's back, and the dirt I've seen isn't content to stay in my head anymore...Michael. Her name is Erika Fane, but everyone calls her Rika. My brother's girlfriend grew up hanging around my house and is always at our dinner table. She looks down when I enter a room and stills when I am close. I can always feel the fear rolling off of her, and while I haven't had her body, I know that I have her mind. That's all I really want anyway. Until my brother leaves for the military, and I find Rika alone at college. In my city. The opportunity is too good to be true as well as the timing. Because you see, three years ago she put a few of my high school friends in prison, and now they're out.

Based on interviews with dozens of employers, home-based employees, successful freelancers, and leading telework researchers, this book shows readers the way home.
