Condé Nast's Traveler Plunkett Research, Ltd.

Have you ever wondered about the Mysteries of God's wisdom or the secret to knowledge? Jesus condemned the religious leaders of his day for taking away the "Key to Knowledge," (Luke 11:52). This remarkable article anthology may have accidentally uncovered some of these ancient mysteries that are now considered TABOO - to help you to read and really understand the

Bible. Less Could the 7 Pillars or dimensions of Wisdom (Pro. 9:1) possibly be related to the "Key to Knowledge?" Hidden Bible Taboos began as one short essay that just for fun proposed a "7 Dimension Theory of Everything" but several readers encouraged me to continue researching it, and I soon discovered that it is the nature of the Universe for things to exist in 7's. For example, there are 7 types of Matter and 7 forms of Energy in the universe. When we consider "Time," the 7 Day calendar week continues to be universal and immemorial in its observance among all nations and in all times. Space - our earthly physical space is divided up into 7 Continents, 7 Oceans, and 7 Seas. After studying the multiple patterns of 7s in the universe's numerical DNA, I turned my focus to ancient cultures and was shocked to find that in the ancient wisdom writings including Christianity, the number 7 stands for spiritual perfection and divine completeness. For example, the Bible's book of Isaiah mentions the 7 Spirits of God the Father (Isaiah 11:2). The Apostle John mentions the 7 Stars of God the Son (Rev. 1:20), and the Apostle Paul mentions the 7 Gifts of God the Holy Spirit (Rom. 12:6-8). In addition, Zechariah mentions the 7 Eyes of the Lord, which range throughout the earth (Zech. 4:10). This incredible phenomenon of multiples of 7 cannot be explained by chance or human design. It is in these "7 Pillars of God's Wisdom," that I have experienced a paradigm shift that has opened my eyes to see this divine tapestry to gain a better understanding of the Bible. The 7 Dimension articles were written as independent brief essays over a period of 7 years. After receiving comments from many readers over the years (sometimes secretly) a theme became apparent that seemed to be pointing to the fact that these divine truths of the 7 dimensional (7D) biblical patterns of 7 were not being taught by the professional religious leaders of Catholic and Protestant Churches, because they were forbidden by custom or tradition. They are TABOO. This compilation of independent articles indirectly provides a historical overview of the ancient world that leads up to the time of Jesus and the Early Church, and reveals some Taboos related to sex, drugs, violence and racism. The majority of the Taboos in this book however, are not related to ancient mysterious pagan practices. The most significant Taboos

in this book are coming from professional church leaders of organized religions of Christianity today who forbid their church members from knowing and practicing what is written in the New Testament, and commanded by Jesus and his Apostles. Hidden Bible Taboos is a collection of these 7D articles that have accidentally uncovered and systematically integrated ancient religious mythologies; archeological mysteries; scientific and historical facts; and End Time prophecies to reveal the "Christian Sun-god" conspiracy. It is not a formal theological treatise on spirituality and/or religion as it is a work in progress that is very, very far from perfect. With the above disclaimer to having and/or knowing the absolute truth, I would like to present what I believe to be the 7 dimension (7D) origins of ancient religious knowledge and ageless wisdom that have been passed down to us by our ancestors - So put on your 7D glasses! Dedication: This book is dedicated to Peter Waldo (Founder of the Waldensians) and the 50 million other Christians who were persecuted and slaughtered by the Organized Religion of Christianity (Papacy) in the middle ages and later. Spiritual/Religious Reading Material Warning: The contents of this article anthology may shock and inspire you into developing your spiritual life. Don't let yourself or your friends go without reading this life-changing book!

What makes someone covet a Kelly bag? Why are Cirque Du Soleil or Grey Goose so successful despite breaking all the conventions of their categories? What does Gucci's approach to marketing have in common with Nespresso's? And why do some people pay a relative fortune for Renova toilet paper or Aesop detergent even though they hardly ever 'advertise' and seem to have none of the 'functional performance advantages' conventional marketers would seek to demonstrate? Prestige brand experts JP Kuehlwein and Wolfgang Schaefer have dedicated themselves to studying what drives the success of prestige brands. Rethinking Prestige Branding collects their insights. Uncovering the secrets of why and how some brands are created more equal than others, Rethinking Prestige Branding includes over 100 case studies from Apple and Abercrombie & Fitch to Tate Modern and Tesla. Rather than re-telling brand success stories or re-hashing long-standing marketing principles, it takes readers on a colourful journey behind the scenes of today's marketing pros. This book will fascinate marketing professional just as much as those who are simply curious as to how premium brands tick.

La contabilizzazione dei costi del personale rappresenta, anche per gli addetti ai lavori, un'operazione non sempre facile e spesso fonte di dubbi: la presente guida ha l'obiettivo di illustrare, in maniera semplice e mediante l'ausilio di esempi pratici, come

contabilizzare il costo del personale, evitando problematiche legate al non corretto appostamento delle voci nel bilancio di esercizio – soprattutto in presenza di eventi particolari, come la malattia, gli infortuni e così via – e alle conseguenti ripercussioni, in termini di imposizione fiscale. In virtù di questa considerazione, al fine di appostare correttamente tutte quelle voci di bilancio utili al calcolo delle imposte, è necessario valutare gli aspetti relativi agli oneri contributivi ed assicurativi, al fine dell'eventuale deduzione dalla base imponibile IRAP. La disamina, alle cui fondamenta soggiacciono i principi contabili, si caratterizza per il gran numero di esempi – che, di fatto, rappresentano una sintesi delle casistiche più comuni che possono incontrarsi in azienda – volti a consentire un rapido approccio al lettore, soprattutto in quelle situazioni di particolare urgenza, come nel caso di dover calcolare il costo per esigenze di budget. Viene, infine, proposto un caso concreto di contabilizzazione del costo, partendo dal cosiddetto “cedolone”, vale a dire il riassunto avvenuto nel periodo di lavoro considerato.
