One thing many guys don't remember is that there are some ground rules for flirting. Once you know and understand these, you'll have an easier time with women. Do you understand that there are different types of flirting, which are directly tied to WHO you flirt with? A lot of people don't. Fun, harmless flirting can be done with almost any girl. Just exercise a degree of caution when doing it. This is mainly banter, and glances. In this case, it's also important to see the difference between friendly behavior and sexual flirting. Men are more likely to do this, as women supposedly have a 'diplomacy' gene that allows them to sense things in the interaction that men will miss. What is definitely stacked against us is that we see the world in more sexual terms than women. Overall, it's best to step back for a moment when it's going on to determine what is really happening. Read this book to find life changing answers.

A gargantuan, mind-altering comedy about the Pursuit of Happiness in America Set in an addicts' halfway house and a tennis academy, and featuring the most endearingly screwed-up family to come along in recent fiction, Infinite Jest explores essential questions about what entertainment is and why it has come to so dominate our lives; about how our desire for entertainment affects our need to connect with other people; and about what the pleasures we choose say about who we are. Equal parts philosophical quest and screwball comedy, Infinite Jest bends every rule of fiction without sacrificing for a moment its own entertainment value. It is an exuberant, uniquely American exploration of the passions that make us human - and one of those rare books that renew the idea of what a novel can do. "The next step in fiction...Edgy, accurate, and darkly witty...Think Beckett, think Pynchon, think Gaddis. Think." --Sven Birkerts, The Atlantic

If you want to be nothing short of a total chick magnet, then this book is for you! For women, attraction is not a choice. If women could choose who they were attracted to, then they wouldn't continually end up with the same emotionally vacant douchebags, who treat them poorly, drink too much, all while managing to still live in their mom's basement. Most of these "chick magnets" are clueless as to how or why they attract women. It's something they just do. While on the other hand, there are guys out there who appear to be doing everything right - they get up and go to work every morning, they're respectful towards women (and people in general), they're smart, funny - but they have the worst luck with the ladies. The reason for this discrepancy boils down to one thing: the reality of physical attraction for women. Most men have trouble understanding that a woman's way of perceiving male physical attraction is completely unlike a man's perception of female physical attraction. This book will help you understand and master the science of female physical attraction so you can be a chick magnet too.
