Mission to the Heart Stars
WRTH Publications
FT Mastering Finance
brings together the latest
in financial expertise from
three of the best finance
schools in the world. Built
around three core
modules - corporate
finance, investment and
financial markets - it
provides an
understanding and
application of financial
skills, covering such areas

as capital structure,
floors, random walk and
risk management.

American Missionaries in
China Addison-Wesley

This is the digital version
of the printed book
(Copyright © 2008).
Adrenaline junkies, dead
fish, project sluts, true
believers, Lewis and
Clark, template zombies .
. . Most developers,
testers, and managers on
IT projects are pretty good
at recognizing patterns of
behavior and gut-level
hunches, as in, "I sense
that this project is headed
for disaster." But it has

always been more difficult
to transform these
patterns and hunches into
a usable form, something
a team can debate, refine,
and use. Until now. In
Adrenaline Junkies and
Template Zombies, the six
principal consultants of
The Atlantic Systems
Guild present the patterns
of behavior they most
often observe at the
dozens of IT firms they
transform each year,
around the world. The
result is a quick-read
guide to identifying nearly
ninety typical scenarios,
drawing on a combined

one-hundred-and-fifty years of project management experience. Project by project, you'll improve the accuracy of your hunches and your ability to act on them. The patterns are presented in an easy-reference format, with names designed to ease communication with your teammates. In just a few words, you can describe what's happening on your project. Citing the patterns of behavior can help you quickly move those above and below you to the next step on

your project. You'll find classic patterns such as these: News Improvement Management by Mood Ring Piling On Rattle Yer Dags Natural Authority Food++ Fridge Door and more than eighty more! Not every pattern will be evident in your organization, and not every pattern is necessarily good or bad. However, you'll find many patterns that will apply to your current and future assignments, even in the most ambiguous circumstances. When you assess your situation and

follow your next hunch, you'll have the collective wisdom of six world-class consultants at your side. *Adrenaline Junkies and Template Zombies* BRILL From the late 1960s through the mid-1980s, a small band of military activists waged war against corruption in the Pentagon, challenging a system they believed squandered the public's money and trust. The book examines the movement and its proponents and describes how the system responded to the

criticisms and efforts to change accepted practices and entrenched ways of thinking. The author, an air force colonel and part of the movement, worked in the pentagon for fourteen years. He presents a view of the Department of Defense that only an insider could offer. He exposes serious flaws in the military policy-making process, particularly in weapons development and procurement. The details he gives on the unrelenting push for high-tech weapons, despite

their ineffectiveness and extraordinary cost-overruns, provide a strong case for the charge of ethical bankruptcy. The second half of the book deals with the author's attempts to get frontline equipment tested under combat conditions. For the first time, readers learn the nasty details of his battle with the army over line-fire testing of the Bradley Fighting Vehicle--a battle that he eventually won, leading to the personnel carrier's redesign and the saving of many lives. Never

reluctant to name names and reveal details, James G. Burton presents a forceful case. And his revelations offer insights not found elsewhere into the motivations and actions of the people who wield power from within. Nor does he stop at the walls of the Pentagon. In his epilogue he tells what happened in the field during the final hours of the Gulf War that allowed Hussein's elite Republican Guard to escape. Now back in print after having inspired a feature HBO film, this explosive

account of insider corruption is sure to serve policy-makers for generations to come.

The Brick Foxhole

Grupo Planeta (GBS)

The most comprehensive source available on medium wave, shortwave, FM broadcast, and television broadcast information, this handbook continues to be the ultimate guide for the serious radio listener.

Earthman, Come Home

London, Faber

Includes the following papers: The Missionary Contribution to China;

Science and Salvation in China: The Life and Work of W.A.P. Martin (1827-1916); Protestant Missions in China, 1877-1890: The Institutionalization of Good Works; The Missionary and Chinese Nationalism; The Missionary and China's Rural Problems ; and also an appendix on articles on missionary subjects published in Papers on China.

Somebody in Boots US Naval Institute Press
New York Times
Bestseller: This

“shocking” murder mystery addresses homophobia in the military during World War II (Richard Wright, author of Native Son). The men in the barracks, wrenched from the normal pursuits of life, are being molded into warriors in a battle against the “others.” Isolated and fearful, they sometimes relieve their frustrations on the most disenfranchised civilians, namely homosexuals. But one weekend, one of them loses control and commits murder. This tale of suspense is also a story

ahead of its time, written by a young marine stationed at Quantico who would go on to become an Academy Award-winning director of such films as *Elmer Gantry* and *The Blackboard Jungle*. Sinclair Lewis, writing in *Esquire*, called Richard Brooks “a really important new writer” and *The Brick Foxhole* was acclaimed in the *Saturday Review of Literature* as “angry, rapid, stream-lined, and beautifully written . . . the best of the new stuff coming out of this war”—though the US

Marines threatened the author with court-martial. Eventually, the story was made into the movie *Crossfire* (with the hate crime in question changed to an act of anti-Semitic violence), which earned Brooks an Edgar Award for Best Motion Picture. Today, *The Brick Foxhole* remains both a twisting thriller and an early landmark of gay-themed fiction.

National Geographic Books
The Apollo 11 astronaut

invites young people to evaluate Mars as a potential planet for human colonization, and describes what Mars residents might experience while traveling to and living on the Red Planet.

Private Breger Open Road Media
“When the cities left Earth, they exchanged a simple environment for one of constant, sometimes shattering change. The Universe was littered with cultures in every conceivable stage of development. Only the

iron hand of the
germanium-backed
economy and occasional
interventions by the Earth
police imposed some kind
of order on the

spaceways. Even John
Amalfi never got used to
the life - and he had been
mayor of New York for
nearly five hundred years
now."--Goodreads.com
