The Master & Margarita Hay House, Inc
We were created by an infinitely creative God to reflect his love and character to the world. One way we do that is by continuing his creative work. In this energizing book, serial entrepreneur and bestselling author Jordan Raynor helps artists, entrepreneurs, writers, and other creatives reimagine our work as service to God and others, addressing such penetrating questions as - Is my work as a creative really as God-honoring as that of a pastor or missionary? - What does it look like to create not to make a name for myself but to glorify God and serve others? - How can I use my work to fulfill Jesus's command to create disciples? - Will what I make today matter in eternity? To answer these questions, Raynor shares compelling stories from an eclectic group of 40+ Christian entrepreneurs, including the founders of TOMS Shoes, Charity: Water, Chick-fil-A, In-N-Out Burger, Guinness, HTC, and Sevenly, as well as nontraditional entrepreneurs such as C. S. Lewis, Johann Sebastian Bach, and J. R. R. Tolkien. Raynor's "show" rather than "tell," story-driven style makes you feel as if you are sitting at the feet of some of the godliest and most successful entrepreneurs of all time. Perfectly poised to reach today's growing creative class, this unique work restores God's position as the first entrepreneur, helping readers see the eternal value in the work they do today.

The Essential Teachings Moody Publishers

The ancient Toltecs believed that life as we perceive it is a dream. We each live in our own personal dream, and all of our dreams come together to make the Dream of the Planet. Problems arise when we forget that the dream is just a dream and fall victim to believing that we have no control over it. "The Mastery of Self" takes the Toltec philosophy of the Dream of the Planet and the personal dream and explains how a person can: Wake up Liberate

themselves from illusory beliefs and stories Live with authenticity Once released, we can live as our true, authentic, loving self, not only in solitude and meditation, but in any place--at the grocery store, stuck in traffic, etc.--and in any situation or scenario that confronts us. The Ruiz family has an enormous following, and this new book from don Miguel, Jr. will be greeted with enthusiasm by fans around the world. In *The Circle of Fire* (formerly published as *Prayers: A Communion With Our Creator*) Ruiz inspires us to enter into a new and loving relationship with ourselves, with our fellow humans, and with all of creation. Through a selection of beautiful essays, prayers, and guided meditations, Ruiz prepares our minds for a new way of seeing life, and opens our hearts to find our way back to our birthright: heaven on earth. The result is a life lived in joy, harmony, and contentment. In my teachings, "The Circle of Fire" ceremony celebrates the most important day of our lives: the day when we merge with the fire of our spirit, and return to our own divinity. This is the day when we recover the awareness of what we really are, and make the choice to live in communion with that force of creation we call "Life" or "God." From that day forward, we live with unconditional love in our hearts for ourselves, for life, for everything in creation. This book, first published in 2001 as "Prayers: A Communion with Our Creator," will remind you of what you really are. It has always been my favorite book, and now in honor of my favorite prayer, it has been appropriately renamed "The Circle of Fire." -- don

Forget the 10,000 hour rule— what if it's possible to learn the basics of any new skill in 20 hours or less? Take a moment to consider how many things you want to learn to do. What's on your list? What's holding you back from getting started? Are you worried about the time and effort it takes to acquire new skills—time you don't have and effort you can't spare? Research suggests it takes 10,000 hours to develop a new skill. In this nonstop world when will you ever

find that much time and energy? To make matters worse, the early hours of practicing something new are always the most frustrating. That's why it's difficult to learn how to speak a new language, play an instrument, hit a golf ball, or shoot great photos. It's so much easier to watch TV or surf the web . . . In *The First 20 Hours*, Josh Kaufman offers a systematic approach to rapid skill acquisition— how to learn any new skill as quickly as possible. His method shows you how to deconstruct complex skills, maximize productive practice, and remove common learning barriers. By completing just 20 hours of focused, deliberate practice you'll go from knowing absolutely nothing to performing noticeably well. Kaufman personally field-tested the methods in this book. You'll have a front row seat as he develops a personal yoga practice, writes his own web-based computer programs, teaches himself to touch type on a nonstandard keyboard, explores the oldest and most complex board game in history, picks up the ukulele, and learns how to windsurf. Here are a few of the simple techniques he teaches: Define your target performance level: Figure out what your desired level of skill looks like, what you're trying to achieve, and what you'll be able to do when you're done. The more specific, the better. Deconstruct the skill: Most of the things we think of as skills are actually bundles of smaller subskills. If you break down the subcomponents, it's easier to figure out which ones are most important and practice those first. Eliminate barriers to practice: Removing common distractions and unnecessary effort makes it much easier to sit down and focus on deliberate practice. Create fast feedback loops: Getting accurate, real-time information about how well you're

performing during practice makes it much easier to improve. Whether you want to paint a portrait, launch a start-up, fly an airplane, or juggle flaming chainsaws, *The First 20 Hours* will help you pick up the basics of any skill in record time . . . and have more fun along the way.

Sinister sorcery. Gallows humor. A queer romance so glorious it could be right out of fae legend itself. *Master of One* is a fantasy unlike any other. Rags the thief has never met a pocket he couldn't pick, but when he's captured by a sorcerer with world-ending plans, he realizes even he is in over his head. Forced to use his finely honed skills to nab pieces of an ancient fae relic, Rags is stunned to discover that those "relics" just happen to be people: A distractingly handsome Fae prince, A too-honorable Queensguard deserter, A scrappy daughter of a disgraced noble family, A deceptively sweet-natured prince, A bona fide member of the Resistance, And him. Rags. They may all be captives in the sorcerer's terrible scheme, but that won't stop them from fighting back. And, sure, six unexpected allies against one wicked enemy doesn't make for generous odds, but lucky for him, Rag's not generous—he's smart. And he has a plan that just might get them out of this alive. With the heist and intrigue of *Six of Crows* and the dark fairy tale feel of *The Cruel Prince*, this young adult fantasy debut will have readers rooting for a pair of reluctant heroes as they take on a world-ending fae prophecy, a malicious royal plot, and, most dangerously of all, their feelings for each other.

Master of the Game Red Wheel/Weiser
This original and lucid account of the

complexities of love and its essential role in human well-being draws on the latest scientific research. Three eminent psychiatrists tackle the difficult task of reconciling what artists and thinkers have known for thousands of years about the human heart with what has only recently been learned about the primitive functions of the human brain. *A General Theory of Love* demonstrates that our nervous systems are not self-contained: from earliest childhood, our brains actually link with those of the people close to us, in a silent rhythm that alters the very structure of our brains, establishes life-long emotional patterns, and makes us, in large part, who we are. Explaining how relationships function, how parents shape their child's developing self, how psychotherapy really works, and how our society dangerously flouts essential emotional laws, this is a work of rare passion and eloquence that will forever change the way you think about human intimacy.

The Keys to Success and Long-Term Fulfillment HarperCollins

In *The Four Agreements*, a New York Times bestseller for over 7 years, Ruiz revealed how the process of our education, or “domestication,” can make us forget the wisdom we were born with. Throughout our lives, we make many agreements that go against ourselves and create needless suffering. The Four Agreements help us to break these self-limiting agreements and replace them with agreements that bring us personal freedom, happiness, and love. In *The Fifth Agreement*, don Miguel Ruiz joins his son don Jose Ruiz to offer a fresh perspective on *The Four Agreements*, and a powerful new agreement for transforming our lives into our personal heaven. *The Fifth Agreement* takes us to a deeper level of awareness of the power of the Self, and returns us to the authenticity we were born with. In this compelling sequel to the book that has changed the lives of millions of people around the world, we are reminded of the greatest gift we can give ourselves: the freedom to be who we really are.

Religion and Spirituality MIT Press
A New York Times bestseller and enduring classic, *All About Love* is the acclaimed first volume in feminist icon

bell hooks' "Love Song to the Nation" trilogy. *All About Love* reveals what causes a polarized society, and how to heal the divisions that cause suffering. Here is the truth about love, and inspiration to help us instill caring, compassion, and strength in our homes, schools, and workplaces. “The word ‘love’ is most often defined as a noun, yet we would all love better if we used it as a verb,” writes bell hooks as she comes out fighting and on fire in *All About Love*. Here, at her most provocative and intensely personal, renowned scholar, cultural critic and feminist bell hooks offers a proactive new ethic for a society bereft with lovelessness--not the lack of romance, but the lack of care, compassion, and unity. People are divided, she declares, by society’s failure to provide a model for learning to love. As bell hooks uses her incisive mind to explore the question “What is love?” her answers strike at both the mind and heart. Razing the cultural paradigm that the ideal love is infused with sex and desire, she provides a new path to love that is sacred, redemptive, and healing for individuals and for a nation. The *Utne Reader* declared bell hooks one of the “100 Visionaries Who Can Change Your Life.” *All About Love* is a powerful, timely affirmation of just how profoundly her revelations can change hearts and minds for the better.

How Boston radio station WBCN became the hub of the rock-and-roll, antiwar, psychedelic solar system. While San Francisco was celebrating a psychedelic Summer of Love in 1967, Boston stayed buttoned up and battened down. But that changed the following year, when a Harvard Law School graduate student named Ray Riepen founded a radio station that played music that young people, including the hundreds of thousands at Boston-area colleges, actually wanted to hear. WBCN-FM featured album cuts by such artists as the Mothers of Invention, Aretha Franklin, and Cream, played by announcers who felt free to express their opinions on subjects that ranged from recreational drugs to the war in Vietnam. In this engaging and generously illustrated chronicle, Peabody Award-winning journalist and one-time WBCN announcer Bill Lichtenstein tells the story of how a radio station became part of a revolution in youth culture. At WBCN, creativity and countercultural politics ruled: there were no set playlists; news segments anticipated the satire of The Daily Show; on-air interviewees ranged from John and Yoko to Noam Chomsky; a telephone "Listener Line" fielded questions on any subject, day and night. From 1968 to Watergate, Boston's WBCN was the hub of the rock-and-roll, antiwar, psychedelic solar system. A cornucopia of images in color and black and white includes concert posters, news clippings, photographs of performers in action, and scenes of joyousness on Boston Common. Interwoven through the narrative are excerpts from interviews with WBCN pioneers, including Charles

Laquidara, the "news dissector" Danny Schechter, Marsha Steinberg, and Mitchell Kertzman. Lichtenstein's documentary WBCN and the American Revolution is available as a DVD sold separately.
