The Gospel of John is the most deeply spiritual of the four gospels. This writing is filled with rich images and profound truths, but John notes that his aim in writing the gospel is that readers will not only believe in Jesus Christ, but that they "may have life in his name." Adults, youth, and children alike can experience a season of spiritual growth and life-changing renewal in Adam Hamilton's six-week, DVD-series, John: The Gospel of Light and Life. You'll follow the life, ministry,

death, and resurrection of Jesus through the Gospel of John and understand the context of some of the best-known verses in the New Testament. Everything you need to lead small groups of all ages is available for this special study including the entire Gospel of John in the CEB translation printed in the book.

Mary, the First Disciple Chalice Press

A practical book on how to worship God Biblically and authentically. This book is aimed at worship leaders and pastors, challenging them on issues of the true gospel and how we short circuit worship when we preach a cheap gospel. For worship to be true, lasting and authentic it must be based on heart authenticity AND solid theology. If it is not, our worship will fall apart during times of duress in our lives when we don't "feel" God like we used to. Many churches today have taken the bait of trying to make worship "cool" to supposedly reach seekers. The problem with this is that in doing this we maim the true worshippers who actually want to experience the power and presence of the Spirit of Jesus.

Renewing the Vision American Philosophical Society

Scouting Our Way celebrates a century of the Boy Scouts of America's rich, faith-based heritage. It

embraces the spirit of Scouting and renews the religious bedrock of Lord Robert S.S. Baden-Powell's pioneering experiment in shaping good character in youth and preparing them to do their best. His founding moral principles and ideals embodied in the Boy Scouts of America's Oath and Law are brilliantly illuminated in the book through prayers and devotions from over thirty religions and denominations. Scouting Our Way includes an extraordinary selection of traditional and favorite Scout prayers and devotions arranged by program and activity suitable for personal reflection and group gatherings. There is also a prayer journal inside the book for Scouts to record their personal and favorite prayers. At the end of each chapter are Set My Compass interactive, theme-based adventures where the reader can engage with unique chapter topics through faith-building activities. Each Set My Compass exercise is an enlightening, personal, and sharing experience for Scouts to appreciate the blessings and value of reverence, duty, and fellowship. These chapter tasks are readily adaptable for age and program and are an ideal complement to earning advancement, service or religious honors requiring an understanding and the role of a Scout's duty to God. Scouting Our Way also features a journey of prayer in America from the country's foremost leaders and personalities during landmark events in our nation's history.

Included, as well, are inspiring words from the presidents of the United States opening with Theodore Roosevelt to the current chief of state speaking on the importance of religious diversity and fellowship among all citizens in building this great nation. Scouting Our Way is distinctive in the body of published works on religious diversity and interfaith understanding. It is an indispensable resource for meditation and spiritual growth. Scouts, leaders, parents, teachers, and mentors will also find it essential for use at meetings, outings, ceremonies, and special events where people of one or many faiths come together to celebrate the spirit and adventure of Scouting.

Citizenship in the Community CreateSpace

"This book will make a profound difference for the church in this moment in history." — The Most Reverend Michael B. Curry Sometimes it takes disruption and loss to break us open and call us home to God. It's not surprising that a global pandemic and once-in-a-generation reckoning with white supremacy—on top of decades of systemic decline—have spurred Christians everywhere to ask who we are, why God placed us here and what difference that makes to the world. In this critical yet loving book, the author explores the American story and the Episcopal story in order to find out how communities steeped in racism, establishment, and privilege can at last fall in love with Jesus, walk humbly with the most vulnerable and embody beloved community in our own broken but beautiful way. The Church Cracked Open invites us to surrender privilege and redefine church, not just for the sake of others, but for our own salvation and liberation.

Subversive Spirituality Baker Academic

In Subversive Spirituality Peterson has gathered together a host of writings penned over the past twenty-five years that reflect on the overlooked facets of the spiritual life. Comprising occasional pieces, short biblical studies, poetry, pastoral readings, and interviews, this work captures the epiphanies of life with the pleasing pastoral style and inspiring depth of insight for which Peterson is well known. Peterson describes his book this way: "This gathering of articles and essays, poems and conversations, is a kind of kitchen midden of my noticings of the obvious in the course of living out the Christian life in the vocational context of pastor, writer, and professor. The randomness and repetitions and false starts are rough edges that I am leaving as is in the interests of honesty. Spirituality is not, by and large, smooth. I do hope, however, that these pieces will be found to be freshly phrased".

30 Days of Prayer for the Muslim World Wild Goose Publications

Forty years of collaboration in research and writing with Roger G. Barker have uniquely qualified the author to revise Barker's classic Ecological Psychology: Concepts and Methods for Studying the Environment of Human Behavior (1968). The author's primary goal has been to provide an up-to-date and comprehensive description of behavior setting theory and method with sufficient detail and illustration to guide new research applications. Barker's presentation of theory and method has been preserved except where changes were required to reflect the advances reported in Barker and Schoggen's Qualities of Community Life (1973). The lengthy report in Ecological Psychology of empirical findings from the study of behavior settings the town of Midwest has been replaced by extensive summaries of the currently available reports of research applications of behavior setting theory. Four new chapters have been added: a chapter by economist Karl A. Fox on the use of behavior settings in social system accounting, an article by Barker on behavior settings that have figured prominently in his career, a chapter that discusses behavior settings in relation to a number of other concepts in social science and the field of environment and behavior, and a final chapter on the need for an eco-behavioral science taken from two papers by Barker.

First published in 1908, "Scouting for Boys" is the seminal work on scouting by British Army officer and founder of the worldwide scouting movement, Robert Baden-Powell. Originally written as a manual for self-instruction, "Scouting for Boys" details many important scouting skills including scoutcraft, tracking, woodcraft, camping, and first-aid. Baden-Powell's work is a rework of his earlier "Aids to Scouting", published in 1899, and borrows many ideas from Ernest Thompson Seton's "The Birch Bark Roll of the Woodcraft Indians", published in 1906. "Scouting for Boys" includes numerous tales that can be told around the campfire, as well as many of Baden-Powell's personal anecdotes, and opinions on proper moral character of boy scouts. While some of the information in this work may seem outdated and some of the moralizing many seem antiquated to

modern readers, "Scouting for Boys" remains an important historical work in the scouting movement. Having sold millions of copies since its first publication, the impact Baden-Powell's "Scouting for Boys" as well as his personal advocacy for the scouting movement cannot be overstated. This edition is printed on premium acid-free paper.

The most important disciple a parent will make is within their own home, and yet this is the most difficult disciple to make. Family Discipleship by Matt Chandler and Adam Griffin helps readers develop a sustainable rhythm of gospel-centered discipleship through a guided framework focusing on moments of discipleship in 3 key areas: time (intentional time gathering your family around gospel activities or conversations), moments (leveraging opportunities throughout the day), and milestones (celebrating significant life events). Each section provides parents with Scriptures to consider, questions to answer, structures to implement, and ideas to try out as they seek to see Christ formed in their children. Here is a book that begins with the end in mind, offering ideas and examples of what gospel-centered family discipleship looks like, helping parents design their own discipleship plan as they seek to raise children in the love and fear of the Lord.
