Mystery and Sacrament of Love

Ignatius Press
Cardinal Walter Kasper's
contributions to theology,
ecumenism, Jewish-
Christian relations, and
the pastoral life of the

church have shaped
Catholicism in the
twentieth and twenty-first
centuries. Acknowledging
this, Pope Francis has
praised Kasper's
“profound and serene”
theology. In *The Theology
of Cardinal Walter Kasper:
Speaking Truth in Love*,
leading theologians from
across the United States
and Canada explore the

full scope of Kasper’s
thought on topics such as
the character of
ecumenical and
interreligious dialogue,
Christology, theological
method, and the nature of
the church-world
relationship. Kasper
himself presents four
previously unpublished
texts: on the
interpretation of Vatican

II, on forgiveness, on Christian hope, and on the approach to theology today. This volume originated at a conference, at which Kasper was an active participant, in honor of his eightieth birthday. It provides an introduction to Kasper's thought and also an overview of major issues in contemporary Catholic theology. Among the Gentiles Emmaus Road Publishing
 A primary condition for fresh thinking on the Trinity is an accurate, objective account of past

and present thought. The Triune God first appeared in 1972. This [is what] Fortman has presented sensitively, accurately, and compactly. The author sets out to trace the historical development of Trinitarian doctrine from its written beginnings to its contemporary status. Thus he treats the biblical witness, the Council of Nicea, Augustine, the Middle Ages, and the development of this doctrine from the fifteenth century to the present in

the Protestant, Orthodox, and Catholic traditions. The Oxford Handbook of the Trinity Liturgical Press
 Any realist metaphysics must include an integrated account of the transcendentals and the analogy of being, for an adequate metaphysics must be about everything, and all things share in some key metaphysical characteristic—being, unity, truth, goodness, and beauty. However, they do not share in them in exactly the same way. Therefore, there is need to explain the

transcendental characteristics in an analogical way. By using the phrase “transcendental analogies,” Reason, Revelation and Metaphysics claims that there are analogies of unity, truth, goodness, and beauty, which are related to, but irreducible to, the analogy of being. As this book is a systematic study of the topic, theoretical reason has primacy in the project and metaphysics is given pride of place. But reason is practical and aesthetic

as well; that is, our consciences urge us to seek what is good, and we are delighted by what is beautiful. Although goodness and beauty are not reducible to truth, they must be included in any adequate metaphysical account, for metaphysics looks to explain everything. Although metaphysics is traditionally thought to be a philosophical project involving ontology and natural theology, Montague Brown argues that an adequate metaphysics must

ultimately be theological, including within its scope the truths of revelation. Philosophical reason’s examination of the transcendental analogies raises questions that it cannot answer. We experience a world of many beings, truths, goods, and beauties. Recognizing that these many instances have something in common, we affirm a transcendent instance of each (traditionally called God). However, although we know that a transcendent instance exists, we do not

know its nature: therefore, we cannot say how it is related to the other instances. If we try to apply this transcendent instance as the prime analogate to shed light on the other analogates, we must fail, for the abstractness and universality of the transcendent instance can add nothing to our understanding of the particular instances. Wanting to know how the many exist and are related, philosophical reason finds no way forward and recognizes its

need for help. It is the thesis of this book that reason finds this help only in the revelation of the God's covenantal relation with the world. The first principle of all things—most perfectly revealed in Jesus Christ, perfect God and perfect man—is really and freely related to us. Only by accepting this revealed prime analogate can the transcendental analogies bear fruit in our ongoing quest for understanding. **Evangelizing Through the Sacraments** Our Sunday Visitor

"As a multi-faceted introduction to sacramental theology, the purposes of this Handbook are threefold: historical, ecumenical, and missional. The forty-four chapters are organized into the following parts five parts: Sacramental Roots in Scripture, Patristic Sacramental Theology, Medieval Sacramental Theology, From the Reformation through Today, and Philosophical and Theological Issues in Sacramental Doctrine. Contributors to this

Handbook explain the diverse ways that believers have construed the sacraments, both in inspired Scripture and in the history of the Church's practice. In Scripture and the early Church, Orthodox, Protestants, and Catholics all find evidence that the first Christian communities celebrated and taught about the sacraments in a manner that Orthodox, Protestants, and Catholics today affirm as the foundation of their own faith and practice. Thus, for those who want to

understand what has been taught about the sacraments in Scripture and across the generations by the major thinkers of the various Christian traditions, this Handbook provides an introduction. As the divisions in Christian sacramental understanding and practice are certainly evident in this Handbook, it is not thereby without ecumenical and missional value. This book evidences that the story of the Christian sacraments is, despite

divisions in interpretation and practice, one of tremendous hope"-- Publisher.

A Historical Study of the Doctrine of the Trinity
Universal-Publishers

This handbook provides an interdisciplinary and diverse reference work to the Holy Spirit. Daniel Castelo and Kenneth M. Loyer gathered together a wide range of voices that are religiously, geographically, and ethnically diverse, bringing theology into conversation with biblical studies, ethics and

morality, and global Christian studies. The T&T Clark Handbook of Pneumatology examines the Holy Spirit in a variety of sources, such as the Synoptic Gospels, the Catholic Epistles, the Old Testament, and the Hebrew Scriptures. It also includes chapters on key concepts in the field, such as mediation and sacramentality, ecology, and creation. This broad scope enables readers to appreciate how nuanced the field of Pneumatology is, and how it can be relevant for other

Christian discourses. Dogma and Ecumenism CUA Press
 Ralph del Colle was born in New York City on October 3, 1954 and was raised in Mineola, Long Island. He attended Xavier High School in Chelsea and received a BA in History and Literature of Religions from New York University, and MDiv, MPhil, and PhD degrees from Union Theological Seminary. Ralph taught for 17 years in the Marquette University Theology Department; prior to that he taught at

Barry University, Miami Shores, Florida and at St. Anselm College, Manchester, New Hampshire. Ralph's lively Christian faith and interest in church unity led to his participation in ecumenical dialogues. He served as a representative to the International Catholic-Pentecostal Dialogue for the Pontifical Council on Christian Unity for 12 years and also served on the Catholic-Reformed Dialogue and Catholic-Evangelical Dialogue, both for the U.S.

Conference of Catholic Bishops. He was invited by the Pontifical Council to serve as a representative to the World Council of Churches Assembly in Harare, Zimbabwe in 1998. In 2002-2003, he served as the President of the Society for Pentecostal Studies and in 2003 Ralph received the Archbishop's Vatican II Award. Ralph's scholarly work, especially his work on the Holy Spirit, made significant contributions to the field of Systematic Theology. Ralph died in July of 2012,

slightly more than four weeks after he was diagnosed with a rare form of liver cancer. He was fifty-seven.

Called to be the Children of God

Zondervan Academic
The last 20 centuries of Christian history have witnessed the emergence of numerous theological traditions. This reference provides alphabetically arranged entries for more than 450 Christian theologians. Included are entries for those individuals whose work was primarily in

systematic and spiritual theology, or who were church historians chiefly concerned with theological matters. Whenever possible, each entry provides basic biographical information, a brief account of the theologian's education and career, and a summary of the person's most important contributions to theology. The entries end with bibliographies of primary and secondary sources, while the volume concludes with a selected, general bibliography.

The Oxford Handbook of Catholic Theology
 Bloomsbury Publishing
 Marriage and the family are at the forefront of the burning questions being debated by civil society and the church today. Cultural changes in our increasingly secularized society have dire consequences in the family sphere, requiring a Christian response that is faithful to the Church's tradition, says Marc Cardinal Ouellet. In Mystery and Sacrament of Love Ouellet clearly expounds a theology of

marriage and the Catholic Church's understanding of the sacrament celebrated between spouses and God. Developed with influences from Pope Francis, the theological intuitions of Vatican II, the contributions of Saint John Paul II (the pope of the family), and the innovative thought of Hans Urs von Balthasar, Ouellet's study lays the foundations for a faithful resurgence of well-being for families in our contemporary day and age.
God, Love, Dating, and

Marriage in a Hookup World John Wiley & Sons
 Adrienne von Speyr in her book "Confession" and throughout her writings speaks of the "confession" of Jesus Christ. This is a startling use of the term because Christ never sinned. The author examines all the writings of von Speyr in the light of Roman Catholic soteriology and sacramental theology and in view of the influences that existed between her and Hans Urs von Balthasar. The author then shows how the

theme of confession is central to von Speyr's writing, aids in illuminating her theology of Holy Saturday and the Paschal Mystery, and serves as the basis for the renewal of the sacrament of confession.

T&T Clark Handbook of Ecclesiology Bloomsbury Publishing

Did Jesus enjoy the beatific vision of God on earth that Christians hope to enjoy only in heaven? This important question is related to a whole series of questions about Jesus, his knowledge and self-

consciousness. Did he know he was God's Son? What did he know of his saving mission? These issues are linked to a fundamental question: Is the Saviour we need one who is altogether like us or one who is in some ways unlike us? This book argues that God gave us a Saviour with beatific knowledge, and who in this respect is very unlike us indeed. The answer commonly given by Catholic theologians to this question underwent a dramatic shift in the middle of the 20th

century. Previously there had been a general unanimity based on the teaching of Thomas Aquinas that the answer was 'Yes': the earthly Christ did indeed possess heavenly knowledge. The theological situation was then radically altered to one where the answer 'No' became predominant. Theologians preferred to treat Christ's knowledge in terms of self-consciousness, ordinary human knowing, faith, prophecy and mysticism, not the beatific vision. This book addresses the

reasons why theologians abandoned Aquinas's thesis, arguing it has been too easily dismissed. Considering the evidence of Scripture and Tradition, and then moving from Christ's extraordinary knowledge through his ordinary knowledge, to his will, emotions and bodily life, the book sketches an outline of the extraordinary Saviour God has in fact given us and who is indeed the Saviour humanity truly needs.

The Mysteries of Christianity Oxford University Press

The Good News is still good news. We live in a time of constant crisis -- of anxiety and insecurity. We are unsure of who and what to trust, no matter how anchored and seemingly untouchable the source. The Catholic Church is certainly no stranger to this controversy, and for many people it is the very source of one's crisis. For all these reasons, we ask ourselves the haunting question, "Why do we believe?" Father Benedict J. Groeschel knows that asking "Why believe?" can

be an important and positive step toward deepening one's relationship with Christ and His Church. The popular author, psychologist, and teacher knows firsthand the doubts and questions experienced on every journey of faith -- as well as the answers people seek. Focusing on how the Good News is still good news, Father Groeschel offers clear and concise answers about science, about Scripture, and about the Church itself. Renew your faith in God,

in Christ, and in the Church to better weather the storm of secularism, skepticism, unbelief, and the temptations of the world.

Five Views on the Extent of the

Atonement Thomistic Ressourcement

This remarkable study offers a comprehensive explanation of the Catholic Church's teaching on the sacrament of marriage. Incorporating the rich insights found in St. John Paul II's *Theology of the Body*, Dr. Cahall presents

a theology of marriage that incorporates the biblical, systematic, pastoral, and historical traditions which have shaped our understanding of this sacrament.

[A Commentary on the Order of Mass of The Roman Missal : A New English Translation](#) CUA Press

"Sacramentalized, but not evangelized" is a phrase often used by those in the Church involved in pastoral outreach and evangelization efforts. While the phrase gets at a truth — many Catholics

who have received the sacraments are still in desperate need of evangelization — it is theologically and spiritually imprecise. The problem is not that people have "only" received their sacraments, but that we do not fully understand the evangelizing work of the sacraments themselves. In *Invitation and Encounter: Evangelizing Through the Sacraments*, theologian, author, and speaker Timothy P. O'Malley shows how the sacraments, as efficacious

signs, are Christ working in the Church by the power of the Holy Spirit. This book presents a pastoral introduction to sacramental theology from the standpoint of evangelization. How do sacraments evangelize? How do sacraments both heal and divinize those who receive them? *Invitation and Encounter* introduces the major terms and ideas of sacramental theology and helps the reader recognize how the sacramental life is integral to evangelization. By

evangelizing through the sacraments, the goal of the New Evangelization is fulfilled, building up the Body of Christ with more Catholics who are sacramentalized and evangelized. About the Author Timothy P. O'Malley is director of McGrath Online and the academic director of the Notre Dame Center for Liturgy. He is a professor of theology at the University of Notre Dame, where he teaches and researches in the areas of liturgical-sacramental theology, catechesis, and

spirituality.

The Trinity Ave Maria Press

This book argues that if the Pentecostal movement is to overcome its excessive individualism and structural instability the way forward is not more institutionalization but a coherent and robust ecclesiology based on the Pentecost event, which is the coming of the Holy Spirit in his own person into the church. A Pentecostal ecclesiology is essentially the working-out of the ramifications of that key event. The book

takes a more ontological understanding of the relationship between the Spirit and the church than would Protestant and evangelical ecclesiologies. In this respect, it has more in common with Orthodoxy. It is further argued that this realignment away from Protestantism and evangelicalism toward Orthodoxy, far from removing Pentecostals from their roots, actually brings them much closer to the heart of Pentecostal spirituality. *The Journey of Faith*

Emmaus Academic
2022 Reprint of the 1946 Edition. Exact facsimile of the original edition and not reproduced with Optical Recognition Software. Christians, from the lowliest to the most gifted minds all through the ages have yearned for a fuller understanding of the chief mysteries of their faith. The principal elements of these mysteries have been defined by the Church. But the implication and expansion of the dogmatic definitions embrace a wide field of

discussion and speculation for theologians. All recognize, however, that some aspects of these mysteries lie beyond the reach of the human intellect, even aided by divine revelation. In THE MYSTERIES OF CHRISTIANITY, Scheeben attempts to clarify and present an explanation of these mysteries. Scheeben combines the strict logic of a theologian with the warmth of a man of prayer. The warmth pervades the logic throughout. The student

or the professor of dogmatic theology will find here a method of proof that will supplement the more familiar scholastic treatment. The scope of this volume is best indicated by the following headings of the ten parts. I. The Most Holy Trinity II. God in the Original Creation III. Sin IV. The God-man and His Economy V. The Eucharist VI. The Church and the Sacraments VII. Christian Justification VIII. Glorification and the Last Things IX. Predestination X. The Science of the

Mysteries of Christianity *Did Jesus Rise from the Dead?* Oxford Handbooks Divided into 3 parts, this handbook provides a wide-ranging survey and analysis of the Christian Church. The first section addresses the scriptural foundations of ecclesiology; the second section outlines the historical and confessional aspects of the topic; and the final part discusses a variety of contemporary and topical themes in ecclesiology. Compiled and written by leading scholars in the field, the

T&T Clark Handbook of Ecclesiology covers a range of key topics in the context of their development and importance in each stream of historic Christianity and the confessional traditions. The contributors cover traditional matters such as creedal notes, but also tackle questions of ordination, orders of ministry, and sacraments. This handbook is extensive enough to provide a true overview of the field, but the essays are also concise enough

to be read as reference selections.

Reflections in Fundamental Philosophical Theology

Sophia Perennis

Introduction to Catholic Theology is an accessible but in-depth examination of the ways in which Catholic theology is rooted in and informs Catholic practice. Weaves together discussion of the Bible, historical texts, reflections by important theologians, and contemporary debates for a nuanced look at belief and practice within the

Catholic faith Provides an overview of all major theological areas, including scriptural, historical, philosophical, systematic, liturgical, and moral theology

Appropriate for students at all levels, assuming no prior knowledge yet providing enough insight and substance to interest those more familiar with the topic Written in a dynamic, engaging style by two professors with more than 50 years of classroom experience between them

Did the Saviour See the

Father? Our Sunday Visitor

From 1962 to 1965, in perhaps the most important religious event of the twentieth century, the Second Vatican Council met to plot a course for the future of the Roman Catholic Church. After thousands of speeches, resolutions, and votes, the Council issued sixteen official documents on topics ranging from divine revelation to relations with non-Christians. But the meaning of the Second Vatican Council

has been fiercely contested since before it was even over, and the years since its completion have seen a battle for the soul of the Church waged through the interpretation of Council documents. The Reception of Vatican II looks at the sixteen conciliar documents through the lens of those battles. Paying close attention to reforms and new developments, the essays in this volume show how the Council has been received and interpreted over the course of the more than

fifty years since it concluded. The contributors to this volume represent various schools of thought but are united by a commitment to restoring the view that Vatican II should be interpreted and implemented in line with Church Tradition. The central problem facing Catholic theology today, these essays argue, is a misreading of the Council that posits a sharp break with previous Church teaching. In order to combat this reductive way of interpreting the

Council, these essays provide a thorough, instructive overview of the debates it inspired.

The Nuptial Mystery
 Five Views on the Extent of the Atonement
 The Resurrection of Jesus is at the very root of Christian faith; without belief in Jesus Christianity dies. In this thought-provoking work, Matthew Levering defends the credibility of the claim that Jesus rose from the dead. Drawing on the work of N. T. Wright, Levering shows that the historical evidence

vindicates this assumption, and reveals that the Gospels were backed by eyewitnesses who were living and telling their stories even during the time of the writing of the Gospels. The author also emphasises the importance of evaluating the Old Testament to validate Jesus' Resurrection. By highlighting the desire—both in the ancient world and now—to make the Resurrection more comprehensible by

spiritualizing it, Levering argues that the fact that the disciples themselves did not do this provides a further clue to reliability. Finally, the author addresses the question of why Jesus does not continue to show himself in his glorified flesh after his resurrection, which is often seen as a strong case for scepticism. However, he shows that Jesus' entire mission is predicated upon helping us to avoid cleaving to the present world over God. He is leading us to where he is—the kingdom of

God, the beginning of the new creation at the Father's right hand. By developing these arguments for the historical reality of Jesus' Resurrection, this groundbreaking study expertly draws together historical and theological reasons for believing that Jesus' Resurrection happened. *Invitation and Encounter* Oxford University Press In this work, Dr. Swafford opens up the wisdom of C.S. Lewis' Screwtape Letters. From challenges at home, evangelization, overcoming anxiety,

doubt, prayer, and becoming other-centered-these and many other struggles a Christian is bound to face show up in these pages. What unites

this book is Swafford's ability to untwist the demonic plan to keep us down and bring us to despair. Truly, this work

provides a roadmap for spiritual survival in the modern age, one that will empower us to live a life of joy and peace right now.
