**Tomos A3 Carb Cleaning (Dellorto) - Moped Wiki**

Some stock carburetors come with a plug or a cap over the air/fuel mixture screw. You

can carefully drill this plug out, or just replace the whole carb with something better for about \$25.00. Start your scooter and let it run for 10 minutes to get the engine up to operating temperature and allow the auto-choke (enricher) to close completely.
