The Mismeasure of Desire Oxford University Press
 Before Russians crossed the Urals Mountains in the sixteenth
 century to settle their 'colony' in North Asia, they heard rumours

about bountiful fur, of bizarre people without eyes who ate by
 shrugging their shoulders and of a land where trees exploded
 from cold. This region of frozen tundra, endless forest and
 humming steppe between the Urals and the Pacific Ocean was a
 vast, strange and frightening paradise. It was Siberia. Siberia is a
 cradle of civilizations, the birthplace of ancient Turkic empires
 and home to the cultures of indigenes, including peoples whose
 ancestors migrated to the Americas. It was a promised land to
 which bonded peasants could flee their cruel masters, yet also a
 'white hell' across which exiles shuffled in felt shoes and chains.
 If in Stalin's era Siberia became synonymous with the gulag,
 today it is a vast region of bustling metropolises and magnificent
 landscapes, a place where the humdrum, the beautiful and the
 bizarre ignite the imagination. Tracing the historical contours of
 Siberia, A. J. Haywood offers a detailed account of the
 architectural and cultural landmarks of cities such as Irkutsk,
 Tobolsk, Barnaul and Novosibirsk.

Why do people choose authoritarianism over freedom? The classic study of the psychological appeal of fascism by a New York Times–bestselling author. The pursuit of freedom has indelibly marked Western culture since Renaissance humanism and Protestantism began the fight for individualism and self-determination. This freedom, however, can make people feel unmoored, and is often accompanied by feelings of isolation, fear, and the loss of self, all leading to a desire for authoritarianism, conformity, or destructiveness. It is not only the question of freedom that makes Fromm's debut book a timeless classic. In this examination of the roots of Nazism and fascism in Europe, Fromm also explains how economic and social constraints can also lead to authoritarianism. By the author of *The Sane Society* and *The Anatomy of Human Destructiveness*, this is a fascinating examination of the anxiety that underlies our darkest impulses, an enlightening volume perfect for readers of Eric Hoffer or Hannah Arendt. This ebook features an illustrated biography of Erich Fromm including rare images and never-before-seen documents from the author's estate.

As the visual representation of an essentially oral text, Sylvia Huot points out, the medieval illuminated manuscript has a theatrical, performative quality. She perceives the tension between implied oral performance and real visual artifact as a fundamental aspect of thirteenth- and fourteenth-century poetics. In this generously illustrated volume, Huot examines manuscript texts both from the performance-oriented lyric tradition of *chanson courtoise*, or courtly love lyric, and from the self-consciously literary tradition of Old French narrative poetry. She demonstrates that the evolution of the lyrical romance and dit, narrative poems which incorporate thematic and rhetorical elements of the lyric, was responsible for a progressive redefinition of lyric poetry as a written medium and the emergence of an explicitly written literary tradition uniting lyric and narrative poetics. Huot first investigates the nature of the vernacular book in the thirteenth and fourteenth centuries, analyzing organization, page layout, rubrication, and illumination in a series of manuscripts. She then describes the relationship between poetics and manuscript format in specific texts, including works by widely read medieval authors such as Guillaume de Lorris, Jean de Meun, and Guillaume de Machaut, as well as by lesser-known writers including Nicole de Margival and

Watriquet de Couvin. Huot focuses on the writers' characteristic modifications of lyric poetics; their use of writing and performance as theme; their treatment of the poet as singer or writer; and of the lady as implied reader or listener; and the ways in which these features of the text were elaborated by scribes and illuminators. Her readings reveal how medieval poets and book-makers conceived their common project, and how they distinguished their respective roles.

Encyclopaedia of Hell Routledge

'A compelling and wry narrative of one of the most intellectually thrilling eras of British history' Guardian. *****

England, 1651. Oliver Cromwell has defeated his royalist opponents in two civil wars, executed the Stuart king Charles I, laid waste to Ireland, and crushed the late king's son and his Scottish allies. He is master of Britain and Ireland. But Parliament, divided between moderates, republicans and Puritans of uncompromisingly millenarian hue, is faction-ridden and disputatious. By the end of 1653, Cromwell has become 'Lord Protector'. Seeking dragons for an elect Protestant nation to slay, he launches an ambitious 'Western Design' against Spain's empire in the New World. When an amphibious assault on the Caribbean island of Hispaniola in 1655 proves a disaster, a shaken Cromwell is convinced that God is punishing England for its sinfulness. But the imposition of the rule of the Major-Generals - bureaucrats with a penchant for closing alehouses - backfires spectacularly. Sectarianism and fundamentalism run riot. Radicals and royalists join together in conspiracy. The only way out seems to be a return to a Parliament presided over by a king. But will Cromwell accept the crown? Paul Lay narrates in entertaining but always rigorous fashion the story of England's first and only experiment with republican government: he brings the febrile world of Oliver Cromwell's Protectorate to life, providing vivid portraits of the extraordinary individuals who inhabited it and capturing its dissonant cacophony of political and religious voices. ***** Reviews: 'Briskly paced and elegantly written, *Providence Lost* provides us with a first-class ticket to this Cromwellian world of achievement, paradox and contradiction. Few guides take us so directly, or so sympathetically, into the imaginative worlds of that tumultuous decade' John Adamson, *The Times*. 'Providence Lost is a learned, lucid, wry and compelling narrative of the 1650s as well as a sensitive portrayal of a man unravelled by providence' Jessie Childs, *Guardian*.
