Q12. In a CB amplifier the maximum efficiency could be. 99%; 85%; 50%; 25%; Answer. 4. Q13. In a pn junction diode under reverse bias, the magnitude of electric field is maximum at the edge of the depletion region on the p side; the edge of the depletion region on the n side; the pn junction; the center of the depletion region on the ... Multiple Choice Questions and Answers on Analog Electronics ANALOG ELECTRONICS Questions :-1. The early effect in a bipolar junction transistor is

caused by A. fast turn-on B. fast turn-off C. large collector-base reverse bias D. large emitter-base forward bias. 2. MOSFET can be used as a A. current controlled capacitor B. voltage controlled capacitor C. current controlled inductor D. voltage controlled inductors. 3. 300+ TOP ANALOG ELECTRONICS Questions and Answers pdf MCQs Answer: Constant current bias circuit supplies constant emitter current. It also provides very high source resistance since the AC equivalent of the DC current source is ideally an open circuit. Q.15. What is the use of level translators? Answer: Because of direct coupling, dc level at the emitters rises from stage to stage. This increase dc level tends to shift the operating point of the succeeding stage and therefore limits the output voltage swing a may even distort the output signal. Analog Circuits Interview Questions and Answers Answer: A linear integrated circuit is a solid state analog device characterized by a theoretically infinite number of possible operating states. It operates over a continuous range of input levels. Within a certain input range, the amplification curve of a linear IC is a straight line i.e. the input and output voltages are directly proportional. Analog Circuits Interview Questions and Answers ... Analog Electronics Objective Questions and Answers, Analog Electronics MCQ, Analog Electronics Tests, Analog Electronics Quiz, Analog Electronics Free Online Test. We prepared the Analog Electronics Multiple Choice Questions for your practice. This quiz section consists of total 30 questions. Each question carries 1 point.
