In this short story first published by Ray Bradbury in the 1951 "Illustrated Man" collection, the game of "Invasion" has been sweeping the country. Children all across the nation pretend to have been enlisted by alien invaders, their job to overthrow their parents, and help their newfound friends take over the Earth. A librarian's laugh-out-loud funny, deeply moving collection of love letters and breakup notes to the books in her life. If you love to read, and presumably you do since you've picked up this book (!), you know that some books affect you so profoundly they forever change the way you think about the world. Some books, on the other hand, disappoint you so much you want to throw them against the wall. Either way, it's clear that a book can be your new soul

mate or the bad relationship you need to end. In *Dear Fahrenheit 451*, librarian Annie Spence has crafted love letters and breakup notes to the iconic and eclectic books she has encountered over the years. From breaking up with *The Giving Tree* (a dysfunctional relationship book if ever there was one), to her love letter to *The Time Traveler's Wife* (a novel less about time travel and more about the life of a marriage, with all of its ups and downs), Spence will make you

think of old favorites in a new way. Filled with suggested reading lists, Spence's take on classic and contemporary books is very much like the best of literature—sometimes laugh-out-loud funny, sometimes surprisingly poignant, and filled with universal truths. A celebration of reading, Dear Fahrenheit 451 is for anyone who loves nothing more than curling up with a good book...and another, and another, and another!

Fireman Guy Montag loves his job. Since houses have been made fireproof, firemen no longer put out house fires--now they burn books. No one is allowed to read books--no one wants to read books. Books are only filled with confusing and contradictory ideas, and it is more important

to have fun and be entertained. But then Montag meets a new young neighbor girl who actually seems to think. When she asks him, "Are you happy?" he finds he has no answer. And when an old woman refuses to leave her books and dies in the flames, he wonders, what in her books inspires such passion? He determines to discover it for himself, though his rebellion, and his confusion, may cost him his life. A good examination of censorship and our responsibility to
