For centuries the world has been misled about the original source of the Arts and Sciences; for centuries Socrates, Plato and Aristotle have been falsely idolized as models of intellectual greatness; and for centuries the African continent has been called the Dark Continent, because Europe coveted the honor of transmitting to the world, the Arts and Sciences. It is indeed surprising how, for centuries, the Greeks have been praised by the Western World for intellectual accomplishments which belong without a doubt to the Egyptians or the peoples of North Africa.

The Masonic order of Memphis is...the sole depository of high Masonic science, the true primitive rite, the supreme rite, that which has come down to us without any alteration.... In fine, the Rite of Memphis is the true Masonic tree, and all other systems, whatever they may be, are only detached branches of this institution, rendered respectable by its vast antiquity. This book is THE ONLY HISTORICAL WORK IN PRINT COVERING THE EVOLUTION OF THE RITE OF MEMPHIS IN THE UNITED STATES by one of its original members and leaders. It includes the complete texts of documents not obtainable elsewhere and also fascinating extracts from numerous rituals of the Rite of Memphis

*The Lost Keys of Freemasonry* Lulu.com

This book examines the violent, cruel, and brutal plagiarism of what has been adopted as the norm. The knowledge of Ancient Africa has been plagiarized to place other cultures in a superior state. This plagiarism has developed a system of morality hidden behind allegories and symbols. We will present our argument backing it with researched information. The fight for liberation of the minds, bodies, spirits, and souls is remains in place to give our children a better life.

*Stolen Legacy* Random House

Mustafa El-Amin, author of bestseller *Al-Islam, Christianity, and Freemasonry*, now examines what it is about Freemasonry that made most of the

founding fathers of America feel the need to embrace it; why is it that so many people of influence (members of Congress, the Supreme Court,

judges, politicians)--past and present--have joined and studied the teachings of Freemasonry.

*The Tutankhamun Prophecies* Lulu.com

This book explores the critical thinking that Freemasons of African descent have towards the understanding of the Bible as well as the impact of Christianity in African American culture. To the Mason, the Bible is the guide of faith for it gives us God's holy instructions. It also has within it a secret knowledge that many of our traditional churches refused to tap into. Therefore this knowledge is esoteric in nature and this is what masonry thrives on. This book will examine not only the contributions by ancient Kemet (Egypt) To religion but the entire content of Africa which has a conglomerate of religions all are pointing to one divine creator.

Dr. Elaine Pagels in her Gnostic Gospels does not address the source of Gnosticism. This book sets out to discover the Gnostic source and it is traceability into Ancient Egypt. Through the Animal Gods / Symbols and hieroglyphics along the Nile the religious system is deciphered.

However, 'salvation' co-existed along side the discovered religion, which later morphed into Freemasonry. Objective evidence demonstrates the religion, through an alternative interpretation of the allegory hieroglyphics. Later religions are examined to determine the likely influence of Egyptian of both types of religion found in Egypt. .

Freemasonry, Ancient Egypt, and the Islamic Destiny

TGS Publishing

Reveals the common origins of the ancient Egyptian and Mayan civilizations. • Shows how these cultures had the ability to gaze into the heavens to predict the future unfolding of humanity and their place within the cosmic order. • The author's revelations about the Freemasons' connection to this ancient knowledge generated a firestorm of controversy in Europe. • By the author of the bestseller *The Mayan Prophecies*. Maurice Cotterell's background as a scientist, mathematician, and engineer helped him to decipher the code of the ancient Maya, revealing the mystery of their science and religion to an extent never before possible. Using the same techniques, the author turns his attention here to deciphering the secrets encoded within the tomb of Tutankhamun. His extensive research revealed that both the ancient Egyptians and the Maya possessed a sophisticated understanding of sun spot activity and other astronomical phenomena--facts recently confirmed by modern science. Knowledge of the connections between solar patterns and human destiny allowed the Egyptians and Maya to harness the energy generated by the sun to achieve spiritual enlightenment and soul growth. The link between reincarnation and solar energy encoded in the tombs of Tutankhamun and the Mayan Lord Pacal is a jealously guarded secret held by a select number of occult groups, including the higher orders of Freemasonry. The author unleashed a firestorm of controversy in Europe when he exposed much of the esoteric knowledge of the Freemasons, including one of the society's most carefully concealed secrets: incarnate gods like Lord Pacal and Tutankhamun have come to earth to help humans achieve spiritual enlightenment, soul growth, and individual realization as solar beings.

[Pharaohs, Freemasons and the Discovery of the Secret Scrolls of Christ](#) Simon and Schuster

Exposes the many cycles of monument destruction and cultural suppression in Egypt from antiquity to the present day • Details the vandalism of Egyptian antiquities and suppression of ancient knowledge under foreign rulers who sought to cleanse Egypt of its "pagan" past • Reveals the real reason behind Napoleon's invasion of Egypt: Freemasonry • Shows how the censorship of nonofficial Egyptology as well as new archaeological discoveries continued under Antiquities Minister Zahi Hawass Called the "Mirror of Heaven" by Hermes-Thoth and regarded as the birthplace of civilization, science, religion, and magic, Egypt has ignited the imagination of all who come in contact with it since ancient times--from Pythagoras and Plato to Alexander the Great and Napoleon to modern Egyptologists the world over. Yet, despite this preeminence in the collective mind, Egypt has suffered considerable destruction over the centuries. Even before the burning of the Great Library at Alexandria, the land of the pharaohs was pillaged by its own people. With the arrival of foreign rulers, both Arabic and European, the destruction and thievery continued along with suppression of ancient knowledge as some rulers sought to cleanse Egypt of its "pagan" past. Exploring the many cycles of destruction and suppression in Egypt as well as moments of salvation, such as the first registered excavations by Auguste Mariette, Robert Bauval and Ahmed Osman investigate the many conquerors of Egypt through the millennia as well as what has happened to famous artifacts such as the Rosetta Stone. They show how Napoleon, through his invasion, wanted to revive ancient Egyptian wisdom and art because of its many connections to Freemasonry. They reveal how the degradation of monuments, theft of relics, and censorship of ancient teachings continue to this day. Exposing recent cover-ups during the tenure of Antiquities Minister Zahi Hawass, they explain how new discoveries at Giza were closed to further research. Clearing cultural and historical distortions, the authors reveal the long-hidden and persecuted voice of ancient Egypt and call for the return of Egypt to its rightful place as "the Mother of Nations" and "the Mirror of Heaven."

Miracle-worker or man of straw? Count Alessandro Cagliostro was a cult figure of European society in the tumultuous years leading to the French Revolution. An alchemist, healer and Freemason, he inspired both wild devotion and savage ridicule – as well as novels by Alexandre Dumas, a drama by Goethe and Mozart's opera *The Magic Flute*. Count Alessandro Cagliostro's sincere belief in the magical powers, including immortality, conferred by his Egyptian Rite of Freemasonry won him fame, but made him dangerous enemies, too. His celebrated travels through the Middle East and the capitals of Europe ended abruptly in Rome in 1789, where he was arrested by the Inquisition and condemned to death for heresy. The Masonic Magician tells Cagliostro's extraordinary story, complete with the first English translation of his Egyptian Rite of Freemasonry ever published. The authors examine the case made against him, that he was an impostor as well as a heretic, and find that the Roman Church, and history itself, have done him a terrible injustice. This engaging account, drawing on remarkable new documentary evidence, shows that the man condemned was a genuine visionary and true champion of Freemasonry. His teachings have much to reveal to us today, not just of the secrets of the movement, but of the mysterious hostility it continues to attract.

Was Jesus a Freemason? The discovery of evidence of the most secret rites of Freemasonry in an ancient Egyptian tomb led authors Chris Knight and

Bob Lomas into an extraordinary investigation of 4, 000 years of history. This astonishing bestseller raises questions that have challenged some of Western civilisation's most cherished beliefs: Were scrolls bearing the secret teachings of Jesus buried beneath Herod's Temple shortly before the destruction of Jerusalem by the Roman's? Did the Knights Templar, the forerunners of modern Freemasonry, excavate these scrolls in the twelfth century? And were these scrolls subsequently buried underneath a reconstruction of Herod's Temple, Rosslyn Chapel in Scotland - where they are now awaiting excavation? The authors' discoveries shed a new light on Masonic ceremony and overturn our understanding of history.

Here is Manly P. Hall's classic work on history's most secretive brotherhood- reset and collected with two additional celebrated Hall volumes on occult Masonry. Freemasonry is the subject of perennial fascination-recently the cover story of a national newsmagazine, the premise of the movie *National Treasure*, and the anticipated basis of a forthcoming novel by Dan Brown. The twentieth century's great scholar of occult and esoteric ideas, Manly P. Hall was a Mason himself and nurtured a lifelong interest in the secret fraternal order, making it the focus of one of his earliest and best-loved books, *The Lost Keys of Freemasonry*. In this celebrated work, he examines the ethical training required of a Freemason, and the character traits a Mason must "build" within himself. Hall's 1923 volume is now reset and made available exclusively in this new edition, along with the author's two further classics on Masonry: - *Freemasonry of the Ancient Egyptians* (1937), which explores the roots of Freemasonry in the initiatory temple rites of Pharaonic Egypt; and - *Masonic Orders of Fraternity* (1950), a fascinating work of short history that chronicles the reemergence of Freemasonry in Europe in the seventeenth and eighteenth centuries. It surveys the lives of Masonry's modern architects and the secretive organizations that immediately preceded the brotherhood. This three-in-one volume features the original illustrations of each book, for a total of nearly thirty images, including recreations of scenes and rites from Masonry's unusual history. It also includes a new index encompassing all three titles.

*The Untold Religion of Ancient Egypt* Cosimo, Inc.

The real purpose of this research is the exploration of the Bible and its many African hidden secrets. The use of Tubal Cain in Masonic ritual is derived from the old legends of the craft by the operative and then speculative masons; it refers symbolically but historically to his scriptural and traditional reputation as an artificer. Tubal Cain is the 8th man from Adam. In the bible it mentions that Tubal-Cain was the first to manipulate metal. He is quoted as being the first instructor of brass and iron. This Pamphlet will break down and analyze the symbolism behind this sacred password.

**The Obelisk and Freemasonry According to the Discoveries of Belzoni and Commander Goringe** Lewis Masonic Pub Limited

[T]he real secrets are known to a few only, and since the fall of the Old Egyptian Empire the ignorance of the human always has been such that great opposition has always been, and still is, shown to the study of the Laws of the Spiritual World. -from "Life and What It Is" The secrets of the universe? Here they are, revealed in all their glory, in a work of such profound import that it promises the ultimate solution to the grand problems of Socialism and Anarchy themselves. Learn about the "Totemic Mysteries performed in Sign Language by Primitive Man." Discover the "Periodic Laws of the Corpuscles." Uncover the ongoing secrets of the Egyptian god Horus. A classic of comparative religion buried in pseudo-science and superstition, this 1920 work is a must-read for students of the search for spiritual enlightenment in all its convoluted splendor. British mystic ALBERT CHURCHWARD (1852-1925) also wrote *The Signs and Symbols of Primordial Man* (1910) and *The Arcana of Freemasonry* (1915).

**African Origin Found in Religion and Freemasonry:** Jazzybee Verlag

In African Origin found in Religion and Freemasonry: Part II, Brother Griffio and Brother Berkley parallel these ancient arts and sciences to religion, everyday life, and the occults. Their in depth research uncovers how the ancient African practices are concealed behind religious characters and events currently being utilized in several cultural practices. Brother Griffio and Brother Berkley work to reawaken culturally the thinking minds of culturally deprived communities by demonstrating how ancient African arts and sciences can be utilized in modern times without adapting the total lifestyle of ancient Africans. They make a clear distinction between ancient tradition, and its use of modern arts and sciences.

Penguin

This volume is certainly the most enthralling and interesting masonic miscellany ever published. This present publication brings together the best of those articles, highlighting aspects of masonic mysteries, of brotherhood in its many forms, of art, antiquities, history, charity and the core values of Freemasonry. A subjects include Discover the ancient technology that cannot exist! Read how the tsunami affected Freemasons and what Freemasonry did to help its victims, Learn how fascists have attacked Freemasonry in the past and what conspiracy theories anti masons propagate now, Inside the traditions and the rituals of the oddfellows , Why that catholic church feels its a sin to be a Freemason, The mysteries and secrets of ancient Egypt and the similarities between the ancient Egyptian tradition and Masonic symbolism, Does Freemasonry have its origins in the ancient mystery plays?, Investigations to see if the human mind and the human brain are one and the same. *Religion, Politics, and Freemasonry: A Violent Attack Against Ancient Africa* Lulu.com

The Masonic fellowship differs from all other societies in that candidates for membership have to join it blindfold, and cannot receive much information about it until they actually enter its ranks. Even then the majority of Masons usually obtain only the most general idea of the meaning of its ceremonies, and seldom penetrate further than an elementary moral interpretation of its principal symbols. In this book it is the object, while preserving due secrecy upon those matters which must be kept secret, to explain something of the deeper meaning and purpose of Freemasonry, in

the hope of arousing among the Brn. a more profound reverence for that of which they are the custodians and a fuller understanding of the mysteries of the Craft. Although the book is primarily intended for the instruction of members of the Co-Masonic Order, whose desire, as is expressed in their ritual, is to pour the waters of esoteric knowledge into the Masonic vessels, the author hopes nevertheless that it may appeal to a wider circle, and

may perhaps be of use to some of those many Brn. in the masculine Craft who are seeking for a deeper interpretation of Masonic symbolism than is given in the majority of their Lodges, showing them that in the ritual which they know and love so well are enshrined splendid ideals and deep spiritual teachings which are of the most absorbing interest to the student of the inner side of life.
