 Film Theory Goes to the Movies fills the gap in film theory literature which has failed to analyze high-grossing blockbusters. The contributors in this volume, however, discuss such popular films as *The Silence of the Lambs*, *Dances With Wolves*, *Terminator II*, *Pretty Woman*, *Truth or Dare*, *Mystery Train*, and *JungleFever*. They employ a variety of critical approaches, from industry analysis to reception study, to close readings informed by feminist, deconstructive and postmodernist theory, as well as recent developments in African American and gay and lesbian criticism. An important introduction to contemporary Hollywood,

this anthology will be of interest to those involved in the fields of film theory, literary theory, popular culture, and women's studies.

The cinematic trope of the white savior film--think of Sandra Bullock in *The Blind Side*, Kevin Costner in *Dances with Wolves*, or Tom Cruise in *The Last Samurai*--features messianic characters in unfamiliar or hostile settings discovering something about themselves and their culture in the process of saving members of other races from terrible fates. In *The*

White Savior Film, Matthew Hughey provides a cogent, multipronged analysis of this subgenre of films to investigate the underpinnings of the Hollywood-constructed images of idealized (and often idealistic) white Americans. Hughey considers the production, distribution, and consumption of white savior films to show how the dominant messages of sacrifice, suffering, and redemption are perceived by both critics and audiences. Examining the content of fifty films, nearly 3,000 reviews, and interviews with viewer focus groups, he accounts for the popularity of this subgenre and its portrayal of "racial progress." The White Savior Film shows how we as a society create and understand these films and how they reflect the political and cultural contexts of their time.

Yes, you can write a great screenplay. Let Syd Field show you how. "I based Like Water for Chocolate on what I learned in Syd's books. Before, I always felt structure imprisoned me, but what I learned was structure really freed me to focus on the story."—Laura Esquivel Technology is transforming the art and craft of screenwriting. How does the writer find new ways to tell a story with pictures, to create a truly outstanding film? Syd Field shows what works, why, and how in four extraordinary films: *Thelma & Louise*, *Terminator 2: Judgement Day*, *The Silence of the Lambs*, and *Dances with Wolves*. Learn how: Callie Khouri, in her first movie script, *Thelma & Louise*, rewrote the rules for good road movies and played against type to create a new American classic. James Cameron, writer/director of *Terminator 2: Judgement Day*, created a sequel integrating spectacular special effects and a story line that transformed the Terminator, the quintessential killing machine, into a sympathetic character. This is how an action film is written. Ted Tally adapted Thomas Harris's chilling 350-page novel, *The Silence of the Lambs*, into a riveting 120-page script—a lesson in the art and craft of adapting novels into film. Michael Blake, author of *Dances with Wolves*, achieved every writer's dream as he translated his novel into an

uncompromising film. Learn how he used transformation as a spiritual dynamic in this work of mythic sweep. Informative and utterly engrossing, *Four Screenplays* belongs in every writer's library, next to Syd Field's highly acclaimed companion volumes, *Screenplay*, *The Screenwriter's Workbook*, and *Selling a Screenplay*. "If I were writing screenplays . . . I would carry Syd Field around in my back pocket wherever I went."—Steven Bochco, writer/producer/director, L.A. Law, Hill Street Blues

The novel that inspired *Field of Dreams*: "A lyrical, seductive, and altogether winning concoction." —The New York Times Book Review One of *Sports Illustrated's* 100 Greatest Sports Books "If you build it, he will come." What follows is a timeless story that is "not so much about baseball as it is about dreams, magic, life, and what is quintessentially American" (*The Philadelphia Inquirer*). NEW YORK TIMES BESTSELLER • More than 2.7 million copies sold! • "A deeply spiritual book [that] honors what is tough, smart and untamed in women."—The Washington Post Book World Book club pick for Emma Watson's *Our Shared Shelf* Within every woman there lives a powerful force, filled with good instincts, passionate creativity, and ageless knowing. She is the Wild Woman, who represents the instinctual nature of women. But she is an endangered species. For though the gifts of wildish nature belong to us at birth, society's attempt to "civilize" us into rigid roles has muffled the deep, life-giving messages of our own souls. In *Women Who Run with the Wolves*, Dr. Clarissa Pinkola Estés unfolds rich intercultural myths, fairy tales, folk tales, and stories,

many from her own traditions, in order to help women reconnect with the fierce, healthy, visionary attributes of this instinctual nature. Through the stories and commentaries in this remarkable book, we retrieve, examine, love, and understand the Wild Woman, and hold her against our deep psyches as one who is both magic and medicine. Dr. Estés has created a new lexicon for describing the female psyche. Fertile and life-giving, it is a psychology of women in the truest sense, a knowing of the soul.

Bill Markley, a reenactor on the set, kept a journal during the filming. "When I was selected to be in *Dances With Wolves*, I had no movie or reenacting experience, so everything was new to me." From a rookie's viewpoint, Bill takes us into the world of movie-making and reenacting. Experience the filming of the opening Civil War scenes. Visit the "frontier" at Ft. Hays. And be with the Lakota and cavalry at the concluding *Search for Dunbar*. This is a rousing, humorous look behind the scenes of movie-making. The illustrations were created by Jim Hatzell, a reenactor and artist who drew a wide variety of sketches while on the set. Bill and Jim have worked together to develop a unique view of life on the *Dances With Wolves* film set. If you have ever wondered what the background people were doing and thinking during and between filming, then this is the book for you. You will never view the people in a film's background quite the same after reading this book.

An unforgettable American story continues in the gripping sequel to the modern classic *Dances With Wolves*—from the #1 New York Times bestselling author Michael Blake. Eleven years have passed since Lieutenant John Dunbar became the Comanche warrior *Dances With Wolves*

and married Stands With A Fist, a white-born woman raised as a Comanche from early childhood. With their three children, they live peacefully in the village of Ten Bears. But there is unease in the air, caused by increased reports of violent confrontations with white soldiers who want to drive the Comanche onto reservations. Disquiet turns to horror, and then to rage, when a band of white rangers descends on Ten Bear's village, slaughtering half its inhabitants and abducting Stands With A Fist and her infant daughter. The three surviving great warriors—Wind In His Hair, Kicking Bird, and Dances With Wolves—decide they must go to war with the white invaders. At the same time, Dances With Wolves realizes that only he can rescue his wife and child. The golden age of adventure stories returns with this splendidly designed, action-packed, globe-trotting tale that combines the bravura storytelling of Kipling with the irresistible style of *The Adventures of Tintin*. Behind the staid public rooms of an old world gentlemen's club operates a more mysterious organization: The Explorers' Guild, a clandestine group of adventurers who bravely journey to those places in which light gives way to shadow and reason is usurped by myth. The secrets they seek are hidden in mountain ranges and lost in deserts, buried in the ocean floor and lodged deep in polar ice. The aim of The Explorers' Guild: to discover the mysteries that lie beyond the boundaries of the

known world. Set against the backdrop of World War I, with Western Civilization on the edge of calamity, the first installment in The Explorers' Guild series, *A Passage to Shambhala*, concerns the Guild's quest to find the golden city of Buddhist myth. The search will take them from the Polar North to the Mongolian deserts, through the underground canals of Asia to deep inside the Himalayas, before the fabled city finally divulges its secrets and the globe-spanning journey plays out to its startling conclusion. The Explorers' Guild is a rare publishing opportunity, powered by the creative passion of one of the world's true storytelling masters, Kevin Costner.
