The Dragon's Eye is the first book in an epic dragon fantasy adventure filled with drama, mystery, comedy, heart-warming friendship and romance. Set within the modern world it will take you on a journey into the

realm of an ancient hidden race. It's been fourteen years since Andie found a baby dragon in the forest. That was so long ago though, back in her childhood memories. Yet the yearning it left behind has never faded for her. So today, like so many times before she returns to the place where it occurred. As she is gazing out towards the mountains it happens - the moment she has been waiting for. In a rush of pure impulse Andie sets out on an extraordinary adventure. Before she knows it, she has become immersed in a place of ancient wonders. She meets the strange and secretive people known as the Draconarid. Their realm is beautiful and mysterious, filled with almost magical elements. Within its elegant Roman setting are signs of a highly developed society. Andie quickly becomes fascinated and enthralled by these people. She forms bonds with the handful of individuals who are considered safe company for her. One relationship is unique though and it becomes a very special partnership. If it didn't involve a dragon it could almost be a romance. Then

something occurs which changes everything. Nothing is what it seems here. Andie's affections become torn as shocking truths emerge. She continues on despite the growing risks as so much depends on her now. However each new day is turning into an onslaught of harrowing experiences. She will not give up though for this is what she has been seeking her entire life.... A place where dragons exist.
