C.S. Lewis and Joseph Campbell on the
Veracity of Christianity Univ of California
Press

Can One Girl Win A War? My name is
Kano Murasaki, but everyone calls me
Risuko. Squirrel. I am from Serenity
Province, though I was not born there.

My nation has been at war for a hundred
years, Serenity is under attack and my
family is in disgrace, but some people
think that I can bring victory. That I can
be a very special kind of woman. All I
want to do is climb. My name is Kano
Murasaki, but everyone calls me
Squirrel. Risuko. ~*~ Though Japan has
been devastated by a century of civil
war, Risuko just wants to climb trees.
Growing up far from the battlefields and

court intrigues, the fatherless girl finds herself pulled into a plot that may reunite Japan — or may destroy it. She is torn from her home and what is left of her family, but finds new friends at a school that may not be what it seems. Magical but historical, Risuko follows her along the first dangerous steps to discovering who she truly is. Kano Murasaki, called Risuko (Squirrel) is a young, fatherless girl, more comfortable climbing trees than down on the ground. Yet she finds herself enmeshed in a game where the board is the whole nation of Japan, where the pieces are armies, moved by scheming lords, and a single girl couldn't possibly have the power to change the outcome. Or could she? YOUNG ADULT HISTORICAL ADVENTURE COMING JUNE, 2016!

Explore the power of myth as humanity first discovered it

[Toward a Metaphysics of Culture](#)
Penguin

In these twelve modern myths and tales for the young and the young at heart, Jane Yolen transforms the impossible into the familiar and real. Among the outlandish wonders are an Alice grown tough in Wonderland, a dear—but dead—mother's homecoming, a bridge that longs for a goat-eating troll, and a mutiny among Peter Pan's troops.

[Socratic Reflections from Plato to Foucault](#) New World Library

[Toward a Metaphysics of Culture](#) provides an initial, minimal, and original analysis of the concept of uniquely

enlanguaged cultures of the human world and of the distinctive metaphysical features of whatever belongs to the things of that world: preeminently, persons, language, actions, artworks, products, history, practices, institutions, and norms. Emphasis is placed on the artifactual and hybrid nature of persons, naturalistic and post-Darwinian evolutionary considerations, and the bearing of the account on a range of disputed inquiries largely centered on the relationship between physical nature and human culture and between the natural and human sciences. The schema offered lays a foundation for a closer analysis of the human mind, cognition, interpretation, nomologicality, normativity, intentionality, realism, and related matters. The central thesis

advances the heterodox notion, congruent with post-Darwinian studies in paleoanthropology, that the human person is a natural artifact, a functional transform of the primate members of *Homo sapiens*, by way of a complexly intertwined biological and encultured evolution, primarily dependent on the invention, transmission, and mastery of true language and the novel hybrid abilities that that makes possible. The emergence of persons is taken to be the obverse side of the mastery of language itself.

Conjectures and Refutations Main Street Books

True Myth examines the meaning and significance of myth as understood by C.S. Lewis and Joseph Campbell and its place in the Christian faith in a

technological society. C.S. Lewis defined Christianity, and being truly human, as a relationship between the personal Creator and his creation mediated through faith in his son, Jesus. The influential writer and mythologist Joseph Campbell had a different perspective, understanding Christianity as composed of mythical themes similar to those in other religious and secular myths. While accepting certain portions of the biblical record as historical, Campbell taught the theological and miraculous aspects as symbolic - as stories in which the reader discovers what it means to be human today. In contrast, Lewis presented the theological and the miraculous in a literal way. Although Lewis understood how one could see symbolism and lessons for life in miraculous events, he

believed they were more than symbolic and indeed took place in human history. In *True Myth*, James W. Menzies skilfully balances the two writers' differing approaches to guide the reader through a complex interaction of myth with philosophy, media, ethics, history, literature, art, music and religion in a contemporary world.

Selected Essays 1959-1987

HarperCollins

Explore myth as a tool for personal growth and transformation Joseph Campbell famously defined myth as “other people's religion.” But he also said that one of the basic functions of myth is to help each individual through the journey of life, providing a sort of travel guide or map to reach fulfillment — or, as he called it, bliss. For Campbell,

many of the world's most powerful myths support the individual's heroic path toward bliss. In *Pathways to Bliss*, Campbell examines this personal, psychological side of myth. Like his classic best-selling books *Myths to Live By* and *The Power of Myth*, *Pathways to Bliss* draws from Campbell's popular lectures and dialogues, which highlight his remarkable storytelling and ability to apply the larger themes of world mythology to personal growth and the quest for transformation. Here he anchors mythology's symbolic wisdom to the individual, applying the most poetic mythical metaphors to the challenges of our daily lives. Campbell dwells on life's important questions. Combining cross-cultural stories with the teachings of modern psychology, he examines the

ways in which our myths shape and enrich our lives and shows how myth can help each of us truly identify and follow our bliss.

Romance of the Grail The Joseph Campbell Companion Reflections on the Art of Living

A complete guide to the key myths and most important gods and goddesses from around the world. Illustrated throughout, it explores ancient myths of Egypt, Rome, Greece, Scandinavia and the Celtic world alongside the legends of Native Americans, Australian Aborigines, Aztecs and Incas, Africa and Asia.

Mythic Structure for Storytellers and Screenwriters Joseph Campbell Foundation

Joseph Campbell made the power of story undeniable through the power of

his own storytelling. Editor Evans Lansing Smith here collects Campbell writings on Arthurian legends that make events like Merlin's death and the Lady of the Lake retrieving Excalibur not just vibrant but also central to the mythologist's thinking. Three cornerstones of Campbell's celebrated scholarship are found here. The Arthurian myths opened the world of comparative mythology to Campbell, turning his attention to the Near and Far Eastern roots of myth. Calling the Arthurian myths the world's first "secular mythology," Campbell found metaphors in them for human stages of growth, development, and psychology. Finally, the myths exemplify a kind of love Campbell called Amor in which individuals become more fully

themselves through connection. Campbell's infectious delight in his discoveries makes them essential for anyone intrigued by the stories we tell — and the stories behind them.

In 1927, as a twenty-three-year-old postgraduate scholar in Paris, Joseph Campbell first encountered James Joyce's *Ulysses*. Known for being praised and for kicking up controversy (including an obscenity trial in the United States in 1920), the novel left Campbell both intrigued and confused, as it had many

others. Because he was in Paris, he was able to visit the Shakespeare & Company bookstore—the outpost of the original publisher of *Ulysses*, Sylvia Beach. She gave him “clues” for reading *Ulysses*, and that, Campbell attested, changed his career. For the next sixty years, Campbell moved through the labyrinths of Joyce’s creations—writing and lecturing on Joyce using depth psychology, comparative religion, anthropology, and art history as tools of analysis. Arranged by Joyce scholar Edmund L. Epstein, *Mythic Worlds, Modern Words* presents a wide range of Campbell’s writing and lectures on Joyce, which together form an illuminating running commentary on Joyce’s masterworks. Campbell’s visceral appreciation for all that was new in Joyce

will delight the previously uninitiated, and perhaps intimidated, as well as longtime lovers of both Joyce and Campbell. Now available in a trade paperback edition, *Mythic Worlds, Modern Words* is a masters meet-up between the twentieth century’s quintessential mythologist and its most exemplary literary modernist. Forty years of Campbell’s lectures, articles and unpublished writings on the novels of James Joyce, drawn together by Joycean scholar Edmund L. Epstein, serve as a lens to examine both the nature of myth in art, and the myriad-minded work of the man whom many have called the greatest literary artist of the modern era. An appendix includes both question and answer sessions from Campbell’s lectures, and a series of articles penned

by Campbell and Henry Morton Robinson (co-author with Campbell of *A Skeleton Key to Finnegans Wake*), unveiling the Wake-like themes that suffused Thornton Wilder's Broadway hit, *The Skin of Our Teeth*.

Find yourself in myth "The privilege of a lifetime is being who you are." — Joseph Campbell One of Joseph Campbell's most popular, most quoted works, *A Joseph Campbell Companion: Reflections on the Art of Living* is a treasure trove of insight and inspiration, thought-provoking in its depth, poetic in its scope. Drawn from a month-long workshop at the world-famous Esalen Institute held in celebration of the scholar's eightieth birthday, the *Joseph Campbell Companion* captures Campbell at his

best: wise, funny, intelligent and inspiring.

Joseph Campbell on the Art of James Joyce Bollingen Foundation

"Unusually accessible and useful . . . An eye-opener to readers into the universality and importance of myth in human history and culture."—William E. Paden, Chair, Department of Religion, University of Vermont For as long as human beings have had language, they have had myths. Mythology is our earliest form of literary expression and the foundation of all history and morality. Now, in *Parallel Myths*, classical scholar J. F. Bierlein gathers the key myths from all of the world's major traditions and reveals their common themes, images, and meanings. *Parallel Myths* introduces us to the star players

in the world's great myths—not only the twelve Olympians of Greek mythology, but the stern Norse Pantheon, the mysterious gods of India, the Egyptian Ennead, and the powerful deities of Native Americans, the Chinese, and the various cultures of Africa and Oceania. Juxtaposing the most potent stories and symbols from each tradition, Bierlein explores the parallels in such key topics as creation myths, flood myths, tales of love, morality myths, underworld myths, and visions of the Apocalypse. Drawing on the work of Joseph Campbell, Mircea Eliade, Carl Jung, Karl Jaspers, Claude Lévi-Strauss, and others, Bierlein also contemplates what myths mean, how to identify and interpret the parallels in myths, and how mythology has influenced twentieth-century

psychology, philosophy, anthropology, and literary studies. “A first-class introduction to mythology . . . Written with great clarity and sensitivity.”—John G. Selby, Associate Professor, Roanoke College

The Rise of Renegade X University Press of America

Explore the mysteries of the feminine divine Joseph Campbell brought mythology to a mass audience. His bestselling books, including *The Power of Myth* and *The Hero with a Thousand Faces*, are the rare blockbusters that are also scholarly classics. While Campbell's work reached wide and deep as he covered the world's great mythological traditions, he never wrote a book on goddesses in world mythology. He did, however, have much to say on the

subject. Between 1972 and 1986 he gave over twenty lectures and workshops on goddesses, exploring the figures, functions, symbols, and themes of the feminine divine, following them through their transformations across cultures and epochs. In this provocative volume, editor Safron Rossi—a goddess studies scholar, professor of mythology, and curator of collections at Opus Archives, which holds the Joseph Campbell archival manuscript collection and personal library—collects these lectures for the first time. In them, Campbell traces the evolution of the feminine divine from one Great Goddess to many, from Neolithic Old Europe to the Renaissance. He sheds new light on classical motifs and reveals how the feminine divine symbolizes the

archetypal energies of transformation, initiation, and inspiration.

Thou Art That is a compilation of previously uncollected essays and lectures by Joseph Campbell that focus on the Judeo-Christian tradition.

Campbell explores common religious symbols, reexamining and reinterpreting them in the context of his remarkable knowledge of world mythology. Campbell believed that society often confuses the literal and metaphorical interpretations of religious stories and symbols. In this collection, he eloquently reestablishes these symbols as a means to enhance spiritual understanding and mystical revelation. With characteristic verve, he ranges from rich storytelling to insightful

comparative scholarship. Included is editor Eugene Kennedy's classic interview with Campbell in the New York Times Magazine, which originally brought the scholar to the attention of the public.

From the French of Droz, 'Sur L'art D'être Heureuse'; in a Series of Letters from a Father to His Children: with Observations and Comments Spectra

Discover Myth "There's no one quite like Joseph Campbell. He knows the vast sweep of man's panoramic past as few men have ever known it." --The Village Voice Joseph Campbell famously compared mythology to a kangaroo pouch for the human mind and spirit: "a womb with a view." In *Myths to Live By*, he examines all of the ways in which

myth supports and guides us, giving our lives meaning. Love and war, science and religion, East and West, inner space and outer space — Campbell shows how the myths we live by can reconcile all of these pairs of opposites and bring a sense of the whole. This classic has been newly illustrated and annotated in its first new edition since its original publication, which also marks the first ebook in the *Collected Works of Joseph Campbell* series. In the tradition of *The Power of Myth* and *Pathways to Bliss*, *Myths to Live By* remains one of Joseph Campbell's most enduring, popular, and accessible works.

Since its publication in 1939, countless would-be readers of Finnegans Wake - James Joyce's masterwork, which consumed a third of his life - have given up after a few pages, dismissing it as a "perverse triumph of the unintelligible."

In 1944, a young professor of mythology and literature named Joseph Campbell, working with Henry Morton Robinson, wrote the first "key" or guide to entering the fascinating, disturbing, marvelously rich world of Finnegans Wake. The authors break down Joyce's "unintelligible" book page by page, stripping the text of much of its obscurity and serving up thoughtful interpretations via footnotes and bracketed commentary. They outline the book's basic action, and then simplify ? and clarify ? its complex web of images and allusions. A Skeleton Key to Finnegans Wake is the latest addition to the Collected Works of Joseph Campbell series.
