and I'm ANGRY. So angry that I'm about to be excluded from school, my parents can't control me, and only one person in the world understands me. And that's my best friend, Bindi. I haven't always been this way. It all started with my brother Jay. And what no one realises is that it's all my fault. By the award-winning author of *Zelah Green, Queen of Clean*.

Glass Onion consists of exclusive, rare, and uncensored transcripts of press conferences, letters, FBI memos, interviews, and dozens of previously unpublished photos. Here are the inimitable voices and views of John, Paul, George, and Ringo, juxtaposed alongside those of Yoko Ono, Linda McCartney, Pete Best, Julian Lennon, Brian Epstein, Billy Preston, Maharishi Mahesh Yogi, Ravi Shankar, Denny Laine of Wings, and many others. In this volume, readers will discover an early 1960s letter from George to Stuart Sutcliff; Elvis Presley badmouthing the Beatles to President Richard Nixon; John's open letter to Paul after the rancorous Beatles' break-up; a conversation between Lennon and Samuel Beckett; Lennon's last will and testament; George Martin and Jeff Lynn discussing the Beatles' twentieth-anniversary reunion; Paul's feelings on God, John, and Linda's

death in 1998; and much more.

Great Beatles' Songs McNidder & Grace

Novelist and critic Alexander Theroux analyzes the pop song. National Book Award nominee, critic and one of America's least compromising satirists, Alexander Theroux takes a comprehensive look at the colorful language of pop lyrics and the realm of rock music in general in *The Grammar of Rock*: silly song titles; maddening instrumentals; shrieking divas; clunker lines; the worst (and best) songs ever written; geniuses of the art; movie stars who should never have raised their voice in song but who were too shameless to refuse a mic; and the excesses of awful Christmas recordings. Praising (and critiquing) the gems of lyricists both highbrow and low, Theroux does due reverence to classic word-masters like Ira Gershwin, Jimmy Van Heusen, Cole Porter, and Sammy Cahn, lyricists as diverse as Hank Williams, Buck Ram, the Moody Blues, and Randy Newman, Dylan and the Beatles, of course, and more outré ones like the Sex Pistols, the Clash, Patti Smith, the Fall (even Ghostface Killa), but he considers stupid rhymes, as well — nonsense lyrics, chop logic, the uses and abuses of irony, country music macho, verbal howlers, how voices sound alike and why, and much more. In a way that no one else has ever done, with his usual encyclopedic insights into the state of the modern lyric, Theroux focuses on the state of language — the power of words and the nature of syntax — in *The Grammar of Rock*. He analyzes its assaults on listeners' impulses by investigating singers' styles, pondering illogical lunacies in lyrics, and deconstructing the nature of diction and presentation in the language. This is that rare book of discernment and probing wit (and not exclusively one that is a critical defense of quality) that positively evaluates the very nature of a pop song, and why one over another has an effect on the listener.

'Who gave the drugs to the Beatles? I didn't invent those things. I bought it from someone who got it from somebody. We never invented the stuff.' - John Lennon *Riding So High* charts the Beatles' extraordinary odyssey from teenage drinking and pill-popping, to cannabis, LSD, the psychedelic Summer of Love and the darkness beyond. Drugs were central to the Beatles' story from the beginning. The acid, pills and powders helped form bonds, provided escape from the chaos of Beatlemania, and inspired colossal leaps in songwriting and recording. But they also led to break-ups, breakdowns, drug busts and prison. The only full-length study of the Beatles and drugs, *Riding So High* tells of getting stoned, kaleidoscope eyes, excess, loss and redemption, with a far-out cast including speeding Beatniks, a rogue dentist, a script-happy aristocratic doctor, corrupt police officers and Hollywood Vampires. Music and Tourism is the first book to comprehensively examine the links between travel and music. It combines contemporary and historical analysis of the economic and social impact of music tourism, with discussions of the cultural politics of authenticity and identity. Music tourism evokes nostalgia and meaning, and celebrates both heritage and hedonism. It is a product of commercialisation that can create community, but that also often demands artistic compromise. Diverse case studies, from the USA and UK to Australia, Jamaica and Vanuatu, illustrate the global extent of music tourism, its contradictions and pleasures.
