The year was 1981. Just two months into his presidency, Ronald Reagan was shot after leaving a speaking engagement in Washington, D. C. The quick action of the Secret Service and

medical professionals saved the president's life. Mere days after his near-death experience, Reagan's personal strength propelled him back into his presidential duties. Adapted from Bill O'Reilly's historical thriller Killing Reagan, with characteristically gripping storytelling, this story explores the events of the day Reagan was shot. From the scene of the shooting and the dramatic action of the Secret Service, to the FBI's interrogation of the shooter, the life-saving measures of the medical professionals and the president's extraordinary recovery, this is a page-turning account of an attempted assassination and its aftermath. This title has Common Core

Strike It Rich! Rush Revere and the Presidency

Today we spend so much time talking about diversity and what makes us different that we're forgetting to tell our children stories about

what unites us as Americans. We have so many beautiful and important things in common—our history, our love of freedom, and our pursuit of the American Dream.

Rachel Campos-Duffy is a mother of nine and contributor on the Fox News network where she gives her honest take on politics, culture, and parenting. Inspired by her immigrant mother's patriotism and the excitement of her own daughter's first visit to Washington, D.C., Rachel shares a story near and dear to her heart. It's a tale that takes the reader on a little girl's adventure inside the U.S. Capitol. While lost inside the magnificent building, Paloma becomes enchanted with the statue of Lady

Freedom, learns about her immigrant father's dreams, and discovers her own courage and love for America."

"Paloma's journey leaves her heart filled with love for family, freedom, and America—our home.

It's my prayer that her story will do the same for your child or grandchild." —Rachel Campos-Duffy

In this unusual and unique volume, Alexander Leitch provides a warm, often witty, and always informative reference book on Princeton University. The collection of approximately 400 articles, alphabetically arranged and written by some seventy faculty members and alumni in addition to the author, covers all aspects of Princeton life in the past as well as in the present. Of special interest are the biographies of eminent

Princetonians, including the University's presidents, well-known trustees, distinguished deans, famous alumni, and some of Princeton's most prominent and popular professors. Other articles in the book embrace a wide range of topics: histories of academic departments, programs, and research units; descriptions of the honor system, the preceptorial method, the four-course plan, and coeducation; a historical survey of the University's acquisition of land and the development of its campus, together with articles on its principal buildings; pieces on student activities; accounts of alumni activities; articles on athletics; portraits of

notable personalities; and commentaries on a host of lighter topics such as the cane spree, beer jackets, the Faculty Song, the proctors, and Veterans of Future Wars. Among the most important articles are one summarizing Woodrow Wilson's Sesquicentennial address, "Princeton in the Nation's Service," and a dozen others recording faculty and alumni achievements toward the goal encompassed by that phrase.  THE AMERICAN REVOLUTION HAS BEGUN—AND RUSH REVERE, LIBERTY THE HORSE, AND THE TIME-TRAVELING CREW ARE READY TO RIDE INTO THE ACTION! Join us on this incredible time-travel adventure! Liberty, my wisecracking horse, our old friends Cam, Tommy, Freedom, and

I are off to meet some super-brave soldiers in the year 1775. Yep, that's right. We'll be visiting with the underdog heroes who fought for American independence, against all odds—and won! But not before eight very real years of danger and uncertainty. Be a part of Rush Revere's crew as we rush, rush, rush into a time when British rule had become a royal pain, and rebellion was in the air. We'll be on hand to see two lanterns hung in the Old North Church, prevent a British spy from capturing Paul Revere, and grapple with danger at the battles of Lexington, Concord, and Bunker Hill. The extra special part of this trip is that right here in the twenty-first century,

Cam's dad is a soldier fighting in Afghanistan, and Cam has been pretty angry that he is away. Visiting with exceptional American heroes like Dr. Joseph Warren and George Washington, racing along after Paul Revere on his midnight ride, and seeing the Declaration of Independence signed make Cam see his own dad in a new and special way. But don't worry. Along with the danger, excitement, and patriotism, there will still be time to stop for a delicious spinach, oats, and alfalfa smoothie. No, wait—that one's for Liberty. The kids and I voted for strawberries. Now let's open the magic portal to the past!

YOUNG READERS, GRAB THE REINS AND JOIN RUSH REVERE, LIBERTY THE HORSE, AND THE WHOLE TIME-TRAVELING CREW IN THIS PATRIOTIC HISTORICAL ADVENTURE THAT TAKES YOU ON AN EXCITING TRIP TO THE PAST TO SEE OUR REMARKABLE NATION'S MOST ICONIC SYMBOLS UP CLOSE AND PERSONAL! "Rush Revere here, along with my chatty horse, Liberty! Wait a minute . . . Liberty? Where did he go?" "Reporting for duty, Captain Revere!" "Liberty, where did you get that spinach smoothie?" *Slurp* Well, he certainly didn't get it from

1787—that's where we're rush, rush, rushing off to next with our enthusiastic young friends in the Time-Traveling Crew (but not before causing a major security incident at the National Archives in Washington, D.C.!) A funny case of mistaken identity and a wild chase through the busy streets of Philadelphia will lead us to the famously introverted Father of our Constitution, James Madison, and the heated secret debates over the Constitution and the Bill of Rights. Fast-forward a few years, and we'll help his brave wife, Dolley, risk her life to save an important portrait from the White House as the British set Washington afire! What greater symbol of our exceptional nation's

hard-won freedoms than the Star-Spangled Banner, sewn by American icon Betsy Ross? Perhaps Francis Scott Key can explain what inspired him to pay tribute to our glorious flag by writing our beautiful national anthem. But watch out for the bombs bursting in air, because when we reach 1814, we'll be front and center at a major battle to defend our liberty. Jump back in the saddle with me, Rush Revere, and the Time-Traveling Crew, as my trusty horse, Liberty, takes us on another flying leap through American history into a past teeming with heroes and extraordinary citizens who have so much to teach us about patriotism. All you need to bring is your

curiosity about the birth of our democracy—I've got plenty of tricornered hats for everyone! The Hardest Job in the World Penguin
From the author of Alexander Hamilton, the New York Times bestselling biography that inspired the musical, comes a gripping portrait of the first president of the United States. Winner of the 2011 Pulitzer Prize for Biography "Truly magnificent . . . [a] well-researched, well-written and absolutely definitive biography" —Andrew Roberts, The Wall Street Journal "Until recently, I'd never believed that there could be such a thing as a truly gripping biography of George Washington . . . Well, I was wrong. I can't

recommend it highly enough—as history, as epic, and, not least, as entertainment.”

—Hendrik Hertzberg, *The New Yorker*

Celebrated biographer Ron Chernow provides a richly nuanced portrait of the father of our nation and the first president of the United States. With a breadth and depth matched by no other one volume biography of George Washington, this crisply paced narrative carries the reader through his adventurous early years, his heroic exploits with the Continental Army during the Revolutionary War, his presiding over the Constitutional Convention, and his magnificent performance as America's first

president. In this groundbreaking work, based on massive research, Chernow shatters forever the stereotype of George Washington as a stolid, unemotional figure and brings to vivid life a dashing, passionate man of fiery opinions and many moods. Lin-Manuel Miranda's smash Broadway musical *Hamilton* has sparked new interest in the Revolutionary War and the Founding Fathers. In addition to Alexander Hamilton, the production also features George Washington, Thomas Jefferson, James Madison, Aaron Burr, Lafayette, and many more.

 NEW YORK TIMES
 BESTSELLER • From

the veteran political journalist and 60 Minutes correspondent, a deep dive into the history, evolution, and current state of the American presidency, and how we can make the job less impossible and more productive—featuring a new post-2020-election epilogue “This is a great gift to our sense of the actual presidency, a primer on leadership.”—Ken Burns Imagine you have just been elected president. You are now commander-in-chief, chief executive, chief diplomat, chief legislator, chief of party, chief voice of the people, first responder, chief priest, and world leader. You’re expected to fulfill your campaign promises, but you’re

also expected to solve the urgent crises of the day. What’s on your to-do list? Where would you even start? What shocks aren’t you thinking about? The American presidency is in trouble. It has become overburdened, misunderstood, almost impossible to do. “The problems in the job unfolded before Donald Trump was elected, and the challenges of governing today will confront his successors,” writes John Dickerson. After all, the founders never intended for our system of checks and balances to have one superior Chief Magistrate, with Congress demoted to “the little brother who can’t keep up.” In this eye-opening book, John Dickerson writes about presidents in history

such a Washington, Lincoln, FDR, and Eisenhower, and and in contemporary times, from LBJ and Reagan and Bush, Obama, and Trump, to show how a complex job has been done, and why we need to reevaluate how we view the presidency, how we choose our presidents, and what we expect from them once they are in office. Think of the presidential campaign as a job interview. Are we asking the right questions? Are we looking for good campaigners, or good presidents? Once a candidate gets the job, what can they do to thrive? Drawing on research and interviews with current and former White House staffers, Dickerson defines what

the job of president actually entails, identifies the things that only the president can do, and analyzes how presidents in history have managed the burden. What qualities make for a good president? Who did it well? Why did Bill Clinton call the White House “the crown jewel in the American penal system”? The presidency is a job of surprises with high stakes, requiring vision, management skill, and an even temperament. Ultimately, in order to evaluate candidates properly for the job, we need to adjust our expectations, and be more realistic about the goals, the requirements, and the limitations of the office. As Dickerson writes, “Americans need their

president to succeed, but the presidency is set up for failure. It doesn't have to be." Donald Trump: 45th US President Henry Holt and Company (BYR) For all its storied past and lofty reputation, poetry is really just the art of noticing, naming, and comparing the stuff of this world. Unlike the eye of modern science (which sees the world as a giant specimen for us to dissect), poetry fosters and nurtures life by finding wonder in the nooks and crannies of ordinary life. Suzanne Rhodes, a longtime poet and teacher, offers *The Roar on the Other Side* as an introductory guide for students (junior high and up). Clear and imaginative, this book makes poetry approachable.

Focusing on the importance of sight and the necessity of practice, Rhodes easily communicates the joy of words to her readers and helps them see how good poetry binds all seemingly-contradictory things together. Students will emerge from this book with a good handle on the basics of writing poetry and a new appreciation for the awesome world in which we live.
