*Paradise Lost. Book 10* Wentworth Press

This book is the best revelation of our century: A demon can be killed! If it's so, why does nobody discuss it? Because all religions are under the devil's subliminal control and have an implicit pact with him, like: I don't reveal your weaknesses or talk about you, and you don't wreck me. This treaty was so actual that Jesus of Nazareth himself had to come to this planet to reveal it. The meeting had been tense. The head of that legion was furious. He had come back from the meeting with his head turned into a frog's face and much shorter. They all knew that he had been demoted. And when that happened, someone would be sacrificed mercilessly. He inquired the responsibilities of each sector and each legion, raged, shouted, foamed. As the new face changed his muzzle anatomy, his voice had also changed. It was thinner. It sounds so funny, fuzzy, wild... mortal. None of those demons under his command didn't like him at all. In fact, no one liked anyone there. In that same section, there were other platoons. Some of them were too big; others were tiny. There was the insecticide platoon, which was microscopic. They specialized in developing diseases and pests, and each platoon had its instructor. It was common to have three or four refresher courses per year. At the end of each internship, they went to earth to practice everything they learned in the classroom. This platoon was the riot and death squad, they weren't the most specialized there, but they fulfilled their role well. In general, their body measured sixty or seventy centimeters. They had thick fur, and looked like a porcupine. The legs were tiny, and the arms were twice as long as the whole body. They were brown, as they only caused riots; they wore no horns. None of them looked human, they hated that shape. Usually, a long, pointed snout or tooth was distinctive to demons specializing in terror and death. They wore a face that resembled a theater mask. They spent months training a new technique, a new psychological weapon, a new tactic. When they were efficient, the main leaders were promoted, but when they failed they were punished by their superiors.

Eight recognized Christian thinkers show that while the forms taken by these diabolical forces may have changed under the conditions of modern life, the underlying realities remain the same. Thus politics can become demonic, power can promote death, and sin can be disguised as virtue. Far from being pessimistic, however, the authors affirm God's victory over these enslaving powers through the proclamation of the gospel and the sacraments of the church."--BOOK JACKET.

A New York Times bestselling historian of early Christianity takes on two of the most gripping questions of human existence: where did the ideas of heaven and hell come from and why do they endure? What happens when we die? A recent Pew Research poll showed that 72% of Americans believe in a literal heaven and 58% believe in a literal hell. Most people who hold these beliefs are Christian and assume they are the age-old teachings of the Bible. But eternal rewards and punishments are found nowhere in the Old Testament and are not what Jesus or his disciples taught. So where did these ideas come from? In this "eloquent

understanding of how death is viewed through many spiritual traditions" (Publishers Weekly, starred review), Bart Ehrman recounts the long history of the afterlife, ranging from The Epic of Gilgamesh up to the writings of Augustine, focusing especially on the teachings of Jesus and his early followers. He discusses ancient guided tours of heaven and hell, in which a living person observes the sublime blessings of heaven for those who are saved and the horrifying torments of hell for those who are damned. Some of these accounts take the form of near death experiences, the oldest on record, with intriguing similarities to those reported today. One of Ehrman's startling conclusions is that there never was a single Greek, Jewish, or Christian understanding of the afterlife, but numerous competing views. Moreover, these views did not come from nowhere; they were intimately connected with the social, cultural, and historical worlds out of which they emerged. Only later, in the early Christian centuries, did they develop into notions of eternal bliss or damnation widely accepted today. In this "elegant history" (The New Yorker), Ehrman helps us reflect on where our ideas of the afterlife come from. With his "richly layered-narrative" (The Boston Globe) he assures us that even if there may be something to hope for when we die, there certainly is nothing to fear.

 The battle between good and evil began long ago. Before the birth of humanity, God and Satan fought for the domination of heaven. And, as everyone knows, God was triumphant over Satan's evil. The tale has been told for thousands of years. But it's all a lie. A manuscript has been discovered, written over a century ago by a priest who was visited by the Devil himself. A priest who left the church to seek out Three Mad Prophets and learn the truth. An Amazon.com bestseller, The Devil's Apocrypha is a tale that begins in another universe, before creation, and ends with a chilling prophesy. Here is the truth about the origin of God, his journey to our universe, and the battle for heaven. Discover why God manipulated the flesh of our race, the reason for his commandments...and why one being dared to try and stop him. This is the true story of Satan and God...and it's unlike anything you've been told. "A terrifying blend of science, religion and philosophy!"—OccultForums.com, R.I. There are those who deny the existence of a personal devil. Many ministers teach that Satan is only an influence, but the Word of God teaches clearly that there is a personal devil. May the Holy Spirit use these messages to enlighten those who desire to know the truth about our adversary, "lest Satan should get an advantage of us: for we are not ignorant of his devices" (II Cor. 2:11). - Foreword.

New York Times Best Seller and Over 1 million copies sold! Over 750 5-Star reviews Wiese's visit to the devil's lair lasted just twenty-three minutes, but he returned with vivid details etched in his memory, capturing the attention of national media, including the Christian Broadcasting Network, Daystar Television Network, Trinity Broadcasting Network, the Miracle Channel, Sid Roth's It's Supernatural!, Sean Hannity's America, Charisma News, and many others. Bill Wiese experienced something so horrifying it continues to captivate the world. He saw the searing flames of hell, felt total isolation, smelled the putrid and rotting stench, heard deafening screams of agony, and experienced terrorizing demons. Finally the strong hand of God lifted him out of the pit. Now Wiese shares his insights on commonly asked questions such as: Is hell a literal burning place? Where is hell? Do you have a body in hell? Are there degrees of punishment in hell? Are there children in hell? Can demons torment people in hell? Can "good" people go to hell?

Offers a profound vision of the Christian epic as the site of the modern apocalyptic reenactment of the original apocalypse. In this series of essays, Thomas J. J. Altizer explores the Christian epic as the site of modern revolutionary apocalyptic reenactments and renewals of the original apocalypse enacted by Jesus Christ and primitive Christianity. Beginning with the pivotal seventeenth-century figures Milton and Spinoza, Altizer analyzes the apocalyptic visions of key figures of modernity, including Blake, Hegel, Kierkegaard, Nietzsche, and Joyce, often juxtaposing

them to surprising and illuminating effect. These revolutionary moments stand in opposition to what Altizer calls the pathological modern counterrevolution that dominates the world today, which is an effect of a new postmodernity and of a progressive dissolution of historical consciousness. Through his analysis of modern apocalyptic moments and thinkers, this book becomes an elegant and accessible guide to Altizer's own apocalyptic vision and his ultimate project of the total and comprehensive reconstruction of theology. "This is an indispensable work of closure coming from one of contemporary theology's most lucid, original, rebellious, provocative, and passionate voices. Altizer's most central and tenaciously held convictions are distilled into this essential testament." — William Franke, author of *Secular Scriptures: Modern Theological Poetics in the Wake of Dante* "This book is vintage Altizer: a vast and profound vision of the transformations of interiority, conceptions of the world, and the idea/image of God throughout the time of Western culture. Altizer is an incredible and amazing writer and thinker. I found myself stopped dead in my tracks, left to ponder anew everything that I thought I knew. His intuitions and insights are so penetrating and enlightening that they evoke sheer wonder at the marvel of his accomplishment." — David E. Klemm, coauthor of *Religion and the Human Future: An Essay on Theological Humanism*

The earliest of the four Gospels, the book portrays Jesus as an enigmatic figure, struggling with enemies, his inner and external demons, and with his devoted but disconcerted disciples. Unlike other gospels, his parables are obscure, to be explained secretly to his followers. With an introduction by Nick Cave

Calvin left the Papal tyranny to become a tyrant himself. This is a summary of how Calvinism has ruined all the Protestant,

Evangelical, Baptist, and cult churches. They all refuse to read the Bible in its own historical context in order to see what God has revealed to us believers. Every church meeting is filled with philosophy, mythology, occult psychology, and humanistic sociology from polling the reprobates. We live according to Gal. 5:22 and 1 John 2:15-17. 1. The Calvinists and All the Rest of the so-called Reformers misuse the Bible by quoting the verses out of their historical context. by following Plato, Scholastic theologians, Gnostic speculations, Constantine's Emperor sun worship better known as the Papal Christian Myth, horny monks and Justin Martyr's 8 heresies in his non-Christian philosophy. Send for the summary. Tell me what the Calvinists changed? Very little! 2. The Reformers kept the magic Sacraments-animism from the Latin Mystery Religion, by having salvation coming through the priestly magicians applying magic water and cannibalizing Jesus. The magic Means of Grace from the clergy saves you if. 3. Calvinism keeps mediators between me and Jesus Christ, such as, the elite clergy, the Episcopal Presbytery, and Calvin's "Institutes of the Christian Myth." 4. Only the duly authorized clergy-priests can serve the body and blood of the Animistic Sacrament to the laity and the peons. The magic water saves one from the mythical Original Sin from the Augustine, the horny monk, Deut. 24:16. 5. The parishioners must keep the "means of grace," the Jewish Decalogue, and other superstitious church laws to follow the error of "progressive sanctification" lies and to make the assurance of salvation UNSURE and fill them with constant guilt of failing to keep the laws. 6. The gullible church members must keep the SABBATH, that is gone, and the Jewish TITHE, that supported the Aaronic priesthood, and other dead rituals and social works, Heb. 9:14. 7. Cal wanted to be a priest under Queen Bess I. So much for the priesthood of the believer. 8. In PCA, Book of Church Order and the Pagan Westminster Confession were my authority if you were conservative. The liberals followed their own Gnostic mysticism. 9. At the Presbytery, they ran the churches like the Episcopalian form of government. 10. They love the KJV, the papal elite Latinized mistranslation from Jerome. All the Latin words changed the meaning of the Koine Greek into their papal myth. 11.) The Bill of Rights forced the Calvinists out of the State Church persecution of the Quakers and Baptists as they did under King Edward, the 6th, and in Massachusetts.
