Zen drawing - a new way to become an artist Rock Point

Written and illustrated by a Certified Zentangle Teacher, this is the ultimate guide to Zentangle for young artists. Packed with tips, techniques and step-by-step instructions for creating fantastic Zentangle Inspired Artworks, you'll be a master in this inspiring and creative art form in no time! Perfect for tangles aged 8 and up.

Zen Doodle Drawing Basics For Beginners: Zen Method Of Drawing
Bantam

This eBook is derived from the hardcover book called 'the Zen drawing Pack', which was published in October 2014 by Rockpoint publishers and as an eBook called 'The Zen drawing eBook' by the authors. In this eBook called 'Zen drawing - a new way to become an artist', the authors have put less emphasis on the Zen Buddhism background of Zen drawing and more emphasis on the artistic benefits that

can be found by using the techniques described in the hardcover book. For instance by adding a chapter on the use of watercolors and ink. As with all their books on Zen drawing, this eBook is based on the works of Frederick Franck and Betty Edwards. In this eBook artist Michelle Dujardin helps you to awaken your inner artist and add soul to your sketches by ignoring conventional drawing techniques and focus on really seeing your subject. Michelle helps you achieve a meditative state just by changing the way you see a subject, and allow your hands to follow the movement of your eyes. When you trust your own drawing reflex, the art that you create will become more expressive and beautiful than what you've done before. Not great with a pencil? Don't worry, everyone can learn to draw this way and you don't need any special talent or class. For any level of artist, from a beginner with little talent to an illustration expert, Zen drawing is not about making perfect pictures, it is about the experience of drawing, finding inspiration, and connecting to the world around you.

The Book of Botanical Tangles is full of fun organic tangles and botanical line drawings that you can learn in minutes! If you've wanted to draw your own botanical tiles this is the perfect resource to get ideas for tangles. Instructions for simple botanical line drawings are also included in the book. So you can add some variety and mix and match two different style of art. Zentangle and Line Drawing. This book contains lots of fun projects and prompts for you to play with. We also look at some similar artwork from classical artists to learn a bit more about black and white art. Your finished art could be on a tangle, an art journal page or you can use it to decorate your bullet journals and planners! Learning how to draw in an easy and approachable way, you'll be creating masterpieces in a matter of minutes! Here's an overview of exactly what is included in the book. In this book you'll learn some botanical/organic tangles as well as some simple botanical line drawings that you can incorporate in your tiles. I like playing with various art forms and am constantly looking for ways to marry art styles. I have added watercolors, mixed media backgrounds and more to my tangled tiles. In this book we will just focus on black and white botanical inspired tiles and projects. You will see artwork from many different CZTs

(Certified Zentangle Teachers). This will inspire you and allow you to see how varied this art form can be and how one tangle can be used in many different ways. We will start with a short introduction to the Zentangle(R) method. I will go over all the basics of what tiles and tangles are. Then we will move on to tools and your workspace and what you will need to get started. The fun starts here! We will dive into organic tangles and you'll learn to tangle. Most of these tangles are official - that means they were created by Zentangle(R) HQ (Maria, Rick, Martha and Molly). After this section I will also share some other tangles I love that you can look up yourself and some botanical line drawings to add extra interest to your art. Then we will move onto some artists and their botanical tiles. You'll be inspired by the breadth of the work being done and will learn new ways of incorporating different tangles in your work. I love projects and worksheets of all kinds! So I will end with some projects and worksheets for you to play with. This book is meant to be an introduction to the world of Botanical Zentangle(R) but I will leave you with lots of resources and online class links that you can take with immensely talented CZTs. Welcome to the world of tangling! This book is perfect for beginners and wangers with some experience.

How to Draw Awesome Zen Doodle Cats
How to Practice Doodle Art Hello, Everyone! Welcome to, Doodle Cats: How to Practice Doodle Art. This little ebook that you've decided to pick up today is a guide book not only on how to teach yourself to draw your basic cats, but also a guide on how to practice Doodle Art. You see, Doodle Art is so much more than simply learning how to draw. While learning to draw, to sketch, and to bring to life can be a marvelous and fulfilling experience, it can also be an extremely stressful one, especially if you're subjecting yourself to someone else's idea as to how you should go about learning how to draw. You're not going to find anything like that here. My goal isn't to teach you how to make a photographic image on paper with a pencil. I'm not seeking to teach you the proper way to use shading or thatching or any one of a thousand different art terms that are, quite frankly, frightening for most of us. All that I want to do for you is to show you that you can draw the most basic of shapes. Yes, you! You don't need to worry about looking at a cat and drawing it perfectly. That's not the point of Doodle Art. In fact, that's pretty much the complete opposite of Doodle Art. In Doodle Art, you're going to be searching for a way to free your mind because there's a whole lot of zen in Doodle Art. And don't worry, I'm not here to try and talk about the meditative practice of zen, or of how the Buddhists go about getting their zen on either. I'm not a zen master, and even if I was, I wouldn't be

able to teach you about it. They say that the path to zen for every person is different! Nope, the goal that I've set for myself in this little ebook is to be able to help you, the reader and the future Doodle artist, how to get the most out of your Doodle Art. So, with that being said, let's move on to our first cat and see just what we can do today! 50 Inspiring Drawings, Designs & Ideas for the Meditative Artist Quarry Books + FREE BOOK Buy this book and get BOOK for FREE Zen Doodle is the structured mode of drawing, which is more or less a way of doodling. You cannot doodle mindlessly in Zen Doodle; you have to pay attention to the symbols you are drawing and you have to structure them in a well-composed manner. Zen Doodle consists of a chain of recurring strokes, dots, and curves; drawn in a box. When you are able to create your own patterns, you can use them in various designs or shapes. You can be as much creative as you want with Zen Doodle. Zen Doodle is much more deliberate and focused, but still it allows the Zen Doodler to have the creativity to make free- forms of patterns, shapes, lines, and shading. Anecdotal reports and preliminary studies seem to support the thought that Zen Doodle is a meditative form of art that actually induces calmness and relaxation. It also has a positive impact on mood, stress reduction, and self-control. It implies that if someone is suffering from mental stress, over-thinking, or any such mental condition where they need the help of a support system, Zen Doodle can come to rescue. Even if you are slightly worried about

your life, you can take the help of Zen Doodle to put your life back in place. Zen Doodle cannot solve your problems, but it can give you the right frame of mind to deal with them. Zen Doodling is a great method of expressing yourself. Even if it is underestimated as a form of art, you can doubtlessly resort to it to develop your skills. Apart from curing your mental condition, it can help you refine your drawing skills. You can add your Zen Doodles to your portfolio of designs; it will add great value to it. You can add expressive illustrations to your designs to make them leave more impact. There is no limit to create illustrations with Zen Doodle. Zen of Drawing inspires you to pick up a pen, pencil or an iPad and start drawing what you see with a 'zen' approach.

Author Peter Parr has spent his career in animation successfully teaching people to draw and encouraging students to nurture their skills through observational drawing. He advocates a fresh way of looking closely at your subject and enlisting an emotional response, in order to fully appreciate the nature of what you are about to draw. You will learn that whatever you are drawing, it is essential not only to copy its outline but also to ask yourself: is it soft, smooth or rough to the touch? How heavy is it? Is it fragile or solid? Then, having grasped the fundamental characteristics, or zen, of the object, make corresponding marks on the paper – crisp textures, a dense wash, a scratchy or floating line. The chapters cover: keeping a sketchbook; tools (pen, pencil, charcoal, watercolour and iPad); perspective; line and volume; tone and texture; structure and weight;

movement and rhythm; energy, balance and composition.
