*Collocations Dictionary* Cambridge University Press

Collocations are both pervasive in language and difficult for language learners, even at an advanced level. In this book, these difficulties are for the first time comprehensively investigated. On the basis of a learner corpus, idiosyncratic collocation use by learners is uncovered, the building material of learner collocations examined, and the factors that contribute to the difficulty of certain groups of collocations identified. An extensive discussion of the implications of the results for the foreign language classroom is also presented, and the contentious issue of the relation of corpus linguistic research and language teaching is thus extended to learner corpus analysis.

Collocations are combinations of words which frequently appear together. Using them makes your English sound more natural. Presents and explains approximately 1,500 word combinations in typical contexts using tables, charts, short texts and dialogues. *Longman Collocations Dictionary and Thesaurus* Cambridge University Press

*English Idioms in use Advanced* is a vocabulary book for advanced level learners. It is primarily designed as a self-study reference and practice text but it can also be used for classroom work.

[Collocations in the English Language: Types of Collocations with Examples](#) Cambridge University Press

This book presents and practises hundreds of collocations in typical contexts and is ideal for intermediate level students and above who want to take their English to the next level. A good knowledge of collocations (typical word combinations) is essential for fluent and natural-sounding English. Using collocations will improve your style of written and spoken English, and knowledge of collocations is often tested in examinations such as Cambridge FCE, CAE, CPE and IELTS. Learning correct word combinations will also help you avoid common learner errors. *English Collocations in Use* presents and practises hundreds of collocations in typical

contexts. It is ideal for students at good intermediate level and above.

A groundbreaking new Ukrainian language resource! The Ukrainian-English Collocations Dictionary provides the core Ukrainian lexicon as it is used in contemporary speech. This dictionary has no precedents in Ukrainian and Slavic lexicography and combines elements of six types of dictionaries: translation, collocations, learner's, thesaurus, phraseological and encyclopedic dictionaries. The Ukrainian-English Collocations Dictionary will be useful to Ukrainian language learners of all levels (elementary, intermediate, advanced and superior), Ukrainian language instructors and instructors of theory and practice of translation, Ukrainian-English and English-Ukrainian translators and interpreters, comparative linguists, lexicographers, researchers, business people, journalists, and anyone with an interest in the Ukrainian language. It is an irreplaceable resource for Ukrainian-speakers who study English and native speakers of Ukrainian who wish to perfect and enrich their Ukrainian. Includes: Over 9,000 entries that comprise the most frequently used Ukrainian lexicon More than 200,000 word collocations 80,000 illustrative examples, including common Ukrainian idioms and their English equivalents A comprehensive introduction to the Ukrainian language and grammar

Be confident about what you are learning, thanks to Cambridge research into how English is really spoken and written, and get

better at studying by yourself, with units on learning vocabulary, personalised practice and an easy to use answer key.

**English Collocations in Use** Cambridge University Press  
Collocation is an important tool in describing lexical behaviour in language and has received increasing attention in recent years. Based on two corpora: LOCNESS (the Louvain Corpus of Native English Essays) and MLC (the Non-English major Mainland Chinese Learner Corpus), this book explores the features of Chinese learner English with analysis of grammatical and lexical collocations. The findings show that Chinese university students use collocations with considerably less variety and Chinese language and culture exert a substantial influence on their English writing. It also discusses ways to tackle the problems Chinese English learners face and the pedagogical implications for teaching English and learning English collocations. As one of the first systematic studies to investigate collocations in Chinese learner English based on learner corpora, this book not only analyzes how Chinese learners use collocations in their English writing, but also provides significant implications for foreign language teaching and learning.

**Master English Collocations & Phrasal Verbs** John Benjamins Publishing

Improve your understanding of phrasal verbs in English. Explanations and practice of approximately 1,000 phrasal verbs, written for advanced-level (C1 to C2) learners of English. It is a handy book of tests covering the vocabulary practised in English Vocabulary in Use Elementary 2nd edition.  
**Cambridge Phrasal Verbs Dictionary** Cambridge University Press  
Why is it important to learn collocations and idioms? An appreciation of collocation and idioms will help you to: - use the words you know more accurately In other words, you'll make (NOT do) fewer mistakes. - sound more natural when you speak and write By saying, for example, go blank, rather than forget

everything, you won't just be understood, you will - quite rightly - sound like a fluent user of English. - vary your speech and, probably more importantly, your writing. Instead of repeating

everyday words like very, good or nice, you will be able to exploit a wider range of language. Learning collocations, idioms and phrases means no more struggle, pausing or confusion while

dealing with any of the major skills of the language (writing, reading, speaking and listening). This is the most effective method to use English words in a correct but natural way.
