This book is for instructors who think that most calculus textbooks are too long. In writing the book, James Stewart asked himself: What is essential for a three-semester calculus course for scientists and engineers? SINGLE VARIABLE ESSENTIAL CALCULUS: EARLY TRANSCENDENTALS, Second Edition, offers a concise approach to teaching calculus that focuses on major concepts, and supports those concepts with precise definitions, patient explanations, and carefully graded problems. The book is

only 600 pages--less than half the size of Stewart's other calculus texts (CALCULUS, Seventh Edition and CALCULUS: EARLY TRANSCENDENTALS, Seventh Edition) and yet it contains almost all of the same topics. The author achieved this relative brevity primarily by condensing the exposition and by putting some of the features on the book's website, www.StewartCalculus.com. Despite the more compact size, the book has a modern flavor, covering technology and incorporating material to promote conceptual understanding, though not as prominently as in Stewart's other books. SINGLE VARIABLE ESSENTIAL CALCULUS: EARLY TRANSCENDENTALS features the same attention to detail, eye for innovation, and meticulous accuracy that have made Stewart's textbooks the best-selling calculus texts in the world.

"I'm sure I never said to myself: 'Now, Jim--why don't you sit down and write a poem.' It's still a mystery to me, but I think probably it's something that happened by accident--like a lot of things have happened in my life." So begins this delightful collection of poetry by America's best-loved actor, Jimmy Stewart. Interspersed with vivid recollections and charming illustrations, the poems document a life that isn't too different from yours or mine. Jimmy Stewart won the hearts of generations of movie viewers with a confused innocence and stammering delivery that made his acting seem genuine and effortless. Somehow he managed to make the boy next door into a national hero. Now, in Jimmy Stewart and His Poems, the consummate Everyman shares tales from his everyday life. From fishing trips and dog stories to a hilarious account of a photo safari where the camera was lost to

a hungry hyena, the poems are related in Jimmy Stewart's inimitable voice and are enlivened with charming illustrations. The book confirms what we all expected--that the real Jimmy Stewart is every bit as endearing as the film characters he's

portrayed. Jimmy Stewart and His Poems is a perfect gift, one that fans will treasure as much as Jimmy Stewart's timeless performances.
