This book contains tips on how to perform Wiccan candle spells effectively to help you achieve physical, mental, emotional, spiritual, social and financial fulfillment. Candle spells are believed to be the most potent of all Wiccan spells. Each time you perform a candle spell, you invoke the spirit of the fire, which is powerful, passionate and aggressive in nature. However, it is important to note that the effectiveness of a spell can be influenced by the smallest of details such as the color of the candles, the placement of the candles and the phase of the moon. In this book, you will encounter a brief introduction to candle magick, its origins, and the different colors of candles and their uses. When done correctly, Wiccan candle spells can help you achieve success in all areas of your life. This book features thirty candle spells that cover almost everything that a person may desire in his lifetime - from love to wealth to health. Moreover, this book contains spells for more specific desires ranging from a debt-clearing spell to a weight-loss spell to a libido-lifting spell. Even our cave-dwelling ancestors understood the protective power of fire. Our predecessors used its warmth and light to protect them from the unknown forces that creep in the shadows. We are constantly surrounded by low vibration beings relentlessly seeking for an opportunity to latch themselves onto us. Though unseen by the naked eye, the effects of these beings' physical, emotional, psychological and spiritual parasitism are manifested through illness, stress, procrastination, addictions and other negative thoughts, habits and emotions. Through this book, you'll find various spells that will let you shield yourself, your loved ones, your household, and even your psyche from malign influences that are constantly lurking about. Furthermore, you'll find spells on how to let go of negativity and self-destructive habits and spells to reverse curses whether they were done for you or by you. From the book: 1. A Candle Spell to Attract Love Perform this spell under the light of the New Moon. First, gather the following items: One white candle Three yellow colored candles Red rose petals Tea made from brewed mint leaves Next, cast your circle of protection. Arrange the yellow candles in a triangular pattern along your circle. Meanwhile, place the white candle right in the middle of the triangle, then take the rose petals and scatter them around you. Utter an invocation to your chosen deity. For this spell, it is best to invite the presence of deities who govern the force of love. Speak out loud your personal petition. Concentrate on your desire. The important thing is that you believe in every word that you say and that your words are being heard. Example of chant for love spell: Oh Aphrodite, I invite thee Goddess of love and beauty To bless me. Fill this space With thy glorious presence. Help my soulmate become aware Of my existence. So that he/she Will find his/her way to me. May he/she feel my love Across space and time. May I be his/hers And may he/she be mine. And then say: "For such is my will." After this, slowly sip the tea that you have prepared and kept warm. While doing so, meditate on the candles. Envision your soulmate. In your mind's eye, see the kind of life that you will spend together. Note: Before performing candle magick to attract your soulmate, it is necessary to have a clear idea of the kind of person that you want. Focus more on the internal characteristics rather than the external features. Example: instead of wishing for a soulmate with blonde hair and blue eyes, dedicate your energy into asking the universe for a lover who shares your passion, supports your beliefs, and someone with whom you will enjoy conversing. Next, extinguish the flames from the candles one by one, beginning with the white one. Gather the petals from the... (continued in book)"

"Magick is not a path for followers; it is a path for questioners, seekers, and anyone who has trouble settling for dogma and pre-formulated answers. Magick is for those who feel the desire to peel away the surface of reality and see what lies beneath. Like various persecuted forms of mysticism, magick promotes direct contact with the source of creation." —Damien Echols *Discover a Powerful Practice for Transforming Yourself and Your Reality* At age 18, Damien Echols was sentenced to death for a crime he didn't commit. "I spent my years in prison training to be a true magician," he recalls. "I used magick—the practice of reshaping reality through our intention and will—to stave off incredible pain, despair, and isolation. But the most amazing feat of all that practice and study was to manifest my freedom." With *High Magick*, this bestselling author shares his first teaching book on the powerful spiritual techniques that helped him survive and transcend his ordeal on death row. Though our culture has consigned "magic" to fiction, stage illusions, or superstitions about dark practices, the magick Damien learned is an ancient Western tradition equal the Eastern practices of Buddhism, Taoism, and yoga in its wisdom and transformative power. Here he brings you an engaging and highly accessible guide for bringing magick into your own life, including: • What is High Magick? Damien clears away the stigma and reveals the history and core teachings of this extraordinary art. • The Four-Fold Breath—a foundational meditation practice to train your mind and body to channel subtle energies. • The Middle Pillar—how to bring divine energy into the central channel of your body for empowerment and healing. • The Qabalistic Cross—a centering technique to help you stay balanced and protected regardless of circumstances. • The Lesser Rituals of the Pentagram—powerful practices for banishing negative energies and invoking energy to manifest your goals. • Working with angelic beings and other spiritual allies to support your practice. • Creating thoughtforms to assist you in your ongoing magickal development. • Guidance for overcoming your doubts, enhancing your visualization skills, creating talismans, practicing magick ethically, and much more. "Magick is a journey," writes Damien. "It's a continuously unfolding path that has no end. You can study and practice magick for the rest of your life and you will still never learn everything that it has to teach you." If you're ready to discover your untapped potential for co-creating your reality with the energy of the divine, then join this extraordinary teacher to begin your training in High Magick. Vitriol is the autobiography of musician and magician Ray Sherwin. It highlights the deceptions used to control the people of the world by governments, banks, religions and organised pharma. Sherwin provides for the first time a history of the early days of Chaos Magick and the Illuminates of Thanateros. He does this as an outsider in the same way that he discredits all organised religion and, in particular, the religious bias which allowed Europeans to invade Palestine and to perpetrate genocide there. He shows, with the help of statistics, how vaccination is a scam, a method for the ruling elite to dumb down and reduce the population. Sherwin sees The Old Religion as the only genuine religion and backs up this thesis with a historical look at Christianity, Judaism and Islam, disciplines which he sees as 'mutable'.

Magick and Broomsticks - The Portal to Your Wild Side Llewellyn Worldwide

A guide to conscious living through the moon and her phases, incorporating wellness rituals, spellwork, and witchcraft for the modern seeker. We all know the moon. We all have a relationship with it. The earliest people obeyed her orbit, timed their months and holidays and celebrations and agriculture to the moon; the echoes of that system are still visible today, though the connection to the moon is often forgotten. Sarah Faith Gottesdiener is the leader of a movement to remind us of that lineage, guiding our rhythms and our sleep, our energy and our emotions, reminding us of our humanity and our magic. In her self-published *Many Moons* Workbooks and *Lunar Journals*, as well as her sold-out classes, she has guided over 50,000 readers to a deeper relationship with the moon, and through it, with themselves. This evergreen book will be an informative and comprehensive guide to lunar living, incorporating radical, self-empowering, and magical tools and resources for the beginner and experienced lunar-follower alike. Depending on where we are in our lives, depending on what we are feeling or what is happening around us, the moon allows us a space to invite ritual into our daily lives. The *Moon Book* will provide a framework on how to utilize the entire lunar cycle holistically, while offering ways for the reader to develop a personal relationship with their own cycles—energetic, personal, and emotional—through the lens of the moon's phases.

Important disclaimer: This book is not for everyone—just those who want to have more fun, more adventures, and more magic in their life. *Thank & Grow Rich* is for anyone interested in hooking up with the magnanimous energy field of the cosmos. Author Pam Grout, who likes to call herself the Warren Buffet of Happiness, says it all starts with getting on the frequency of joy and gratitude. Thanking (rather than thinking) puts us on an energetic frequency—a vibration—that calls in miracles. Science has proven that when we observe the world from a place of gratitude, when we use our attention to spot beauty and gaze at wonder, we develop the capacity to radically rev up our day-to-day experience. Brazen gratitude, it seems, provides a portal—an entry point—straight into the heart of the field of infinite possibilities described in Grout's bestseller *E-Squared*. This book also offers an updated perspective on abundance, which goes way beyond financial capital. It shows readers how to grow and expand their creative capital, their social capital, their spiritual capital, and much, much more! There's even an abundance worksheet that tracks your thank-and-grow rich portfolio and a money-back guarantee offering four personalized gifts straight from the always-accommodating universe. Your credit union might offer a butter dish or a koozie, but an investment in this book comes with your own personal sign from the universe, an answer to an important question, a customized totem, and a one-of-a-kind gift from the natural world. But more importantly, this 30-day experiment will upgrade your life experience from ho-hum to wahoo! From like sucks to life rocks! From woe is me to yippie-ti-yi-yay!!
