The Elements of International English Style John Wiley & Sons

Give yourself a powerful competitive advantage by becoming a better business writer. Better writers get better jobs and more promotions; they persuade people through emails, Web sites, presentations, proposals, resumes, grant proposals, you name it. Businesses know this: that's why they spend \$3 billion a year helping their employees become more effective writers. The Truth About the New Rules of Business Writing shows you how to master the art of effective business communication replacing the old standards of jargon, pomposity, and grammar drills with a simple, quick and conversational writing style. Authors Natalie Canavor and Claire Meirowitz demonstrate how to plan and organize your content; make your point faster; tell your readers what's in it for them; construct winning documents of every kind, print and electronic, even blog entries and text messages! The Truth about the New Rules of Business Writing brings together the field's best

knowledge, and shows exactly how to put it to work. With an "aha" on every page, it presents information in a clear, accessible style that's easy to understand and use. Written in short chapters, it covers the entire field, cuts to the heart of every topic, pulls back the curtain on expert secrets, and pops the bubble of commonly-held assumptions. Simply put, this book delivers easy, painless writing techniques that work.

Business Writing For Dummies? Longman Publishing Group

Since the 1987 appearance of A Dictionary of Modern Legal Usage, Bryan A. Garner has proved to be a versatile and prolific writer on legal-linguistic subjects. This collection of his essays shows both profound scholarship and sharp wit. The essays cover subjects as wide-ranging as learning to write, style, persuasion, contractual and legislative drafting, grammar, lexicography, writing in law school, writing in law practice, judicial writing, and all the literature relating to these diverse subjects.

Business Writing Scenarios Graphic Arts Books

Written by two highly experienced teachers in the field of document design, Designing Visual Language, 2/e offers useful strategies and tools for document design of all types. A chief goal of the text is to enable students to extend the rhetorical approach they employ in writing and editing courses to the creation of various forms of visual communication. The text focuses on the kinds of situations and practical documents that occur in the workplace and blends this focus with a rhetorical approach that ties design to the audience, purpose, and context of messages.

The Classic American English Writing Style Guide Pearson UK

Three brothers and their relations in 19th century Russia provide the base for a sweeping epic overview of human striving, folly and hope. First published in 1880, The Brothers Karamazov is a landmark work in every respect. Revolving around shiftless father Fyodor Pavlovich Karamazov are the fates of his three sons, each of whom has fortunes entwined with the others. The eldest son,

Dimitri, seeks an inheritance from his father and becomes his rival in love. Ivan, the second son, is so at odds with the world that he is driven near to madness, while the youngest, Alexi, is a man of faith and a natural optimist. These personalities are drawn out and tested in a crucible of conflict and emotion as the author forces upon them fundamental questions of morality, faith, reason and responsibility. This charged situation is pushed to its limit by the addition of the unthinkable, murder and possible patricide. Using shifting viewpoints and delving into the minds of his characters, Dostoevsky adopted fresh techniques to tell his wide-reaching story with power and startling effectiveness. The Brothers Karamazov remains one of the most respected and celebrated novels in all literature and continues to reward readers beyond expectation. With an eye-catching new cover, and professionally typeset manuscript, this edition of The Brothers Karamazov is both modern and readable.

Garner on Language and Writing American Bar Association

The Elements of Style William Strunk concentrated on specific questions of usage—and the cultivation of good writing—with the recommendation "Make every word tell"; hence the 17th principle of composition is the simple instruction: "Omit needless words." The book was also listed as one of the 100 best and most influential books written in English since 1923 by Time in its 2011 list.

Writing from the Inside St. Martin's Griffin

The Elements of Business Writing Longman Publishing Group

Good Writing is Good Business Bookboon

The Essential Handbook For Business Writing John Wiley & Sons

Offers writing strategies, grammar guidelines, and tips on overcoming writer's block, organizing business correspondence, and writing a polished, readable proposal

Business Writing Basics Crisp Pub Incorporated

The Ultimate Guide to Business Writing is a comprehensive guide on how to write any kind of business document. Written clearly in an engaging voice, it explains in depth the whole process: from determining objectives to establishing readers' needs, conducting research, outlining, and designing a template; to writing the first draft; to editing for meaning, accuracy, concision, style and emotional impact; to creating glossaries and indices; to proofreading and working with reviewers. The book also explains how to exploit the psychology of perception and motivation, collaborate effectively with business colleagues, manage documents holistically across an organisation, and deal with the other everyday practicalities of managing knowledge in a corporate environment. Every section of the book is packed with questions to stimulate thinking and generate meaningful answers, and dozens of examples of what works and why. The book's also rich in practical examples drawn from real life, anecdotes, humour, and visual aids. But the advice isn't just practical and anecdotal: it's also rigorously supported by scientific evidence from notable linguists and psychologists such as Steven Pinker, Daniel Goleman and Yellowlees Douglas. And anyone keen to explore further will benefit from the bibliography and links to videos and other online resources. The book is ideal not just for professional business writers, such as editors, technical writers, copywriters and creative directors; it's also suitable for anyone whose job requires them to write, whether it's something as simple as an email or as complex as a set of policies or a handbook.

A New Model That Gets Results Xlibris Corporation

With the emergence of English as the official language of business worldwide, it is critical that business writers produce clear, concise communication. Written communication is like a corporate ambassador: individuals and companies will be judged by the professionalism evident in their business writing. The handbook offers a lesson-on-every-page format for ease of use and for instant comprehension. The best way for a user to fully understand the writing concepts presented in this handbook is to follow the examples attached to each lesson. To further assist the user in mastering business writing, there are over 30 template-like writing samples with guidelines. In fact, users could simply follow the format of these writing samples and fill in their own content. Should the user be tasked with putting together newsletters or a visual piece (invitations, announcements, etc.), there is a section devoted to graphics, design, fonts, and visual layouts. This handbook consists of five stand-alone sections: composition basics; usage; writing style and structure; proposals and reports; visual design. This handbook has been a favourite of corporations, universities and colleges, and international users. Note: there is no discrepancy between British, Canadian, and American usage.

The Elements of Technical Writing Business & Professional Division

This easy-to-use handbook is an essential resource for anyone who needs to write English correspondence for an international business audience. In an engaging, accessible style it integrates the theory and controversies of intercultural communication with the practical skills of writing and editing English for those who read it as a second language. The book emphasizes principles of simplicity and clarity, proper etiquette, cultural sensitivity, appropriate layout and typography, and more to increase the chances that a text prepared by a native English speaker will be better understood by a non-native speaker. It also updates traditional advice with new insights into "e-mail culture." Equally useful for students and professionals in business communication, marketing communication, and international business, The Elements of International English Style is filled with realistic examples, problems, and projects, including: 57 specific tactics to internationalize one's English; hundreds of before-and-after comparisons showing the effects of editing for an international audience; models of international correspondence; practical discussion questions and work projects; useful resources for further study, including books, articles, and websites.

All the Secrets of Creating and Managing Business Documents Taylor & Francis

The Elements of Style ("Strunk & White") is an American English writing style guide. It is one of the most influential and best-known prescriptive treatments of English grammar and usage in the United States. This book aims to give in brief space the principal requirements of plain English style. It aims to lighten the task of instructor and student by concentrating attention on a few essentials, the rules of usage and principles of composition most commonly violated. In accordance with this plan it lays down three rules for the use of the comma, instead of a score or more, and one for the use of the semicolon, in the belief that these four rules provide for all the internal punctuation that is required by nineteen sentences out of twenty. Similarly, it gives in Chapter III only those principles of the paragraph and the sentence which are of the widest application. The book thus covers only a small portion of the field of English style. The experience of its writer has been that once past the essentials, students profit most by individual instruction based on the problems of their own work, and that each instructor has his own body of theory, which he may prefer to that offered by any textbook.

Business Writing PHI Learning Pvt. Ltd.

In today's online world, our professional image depends on our ability to communicate. Whether we're communicating by email, text, social media, written reports or presentations, how we use

our words often determines how others view us. This book offers tips and techniques that can improve anyone's professional image. The author covers how to analyze multiple audiences and strategies for communicating your message effectively for each; structuring your message for greatest readability and effect; persuasion and tone; and how to face your own fears of writing. The content is delivered in a simple, clear style that reflects the Zen approach of the title, perfect for both the entry-level employee and the seasoned executive.

The Elements of International English Style The Elements of Business Writing

"Do you need to produce clear reports, papers, analyses, presentations and memos? If so, you need The Pyramid Principle. Communicating your ideas concisely and articulately to clients, colleagues or to the management board is a key factor in determining your personal business success. To gain the maximum effect you need to make maximum impact with your ideas upfront." "Applying the Pyramid Principle means you will save valuable time in writing and waste no time in getting your message across to your audience, making sure they grasp your meaning at once."--BOOK JACKET.

The Brothers Karamazov

"Without peer." "Trust me -- it works." "Just the right blend of rigor, encouragement, and fun."

"Both useful and a pleasure." "A bounty of usable information." Those are just a handful of raves for The Elements of Writing (previously published as The Big Book of Writing), the only comprehensive system for writing well. Building on the latest research on learning and the brain, The Elements offers a complete apprenticeship on writing. Every skill in this book has been tested in college and high school classrooms, business and nonprofit seminars, and coaching sessions with authors. The Elements of Writing is filled with case studies. In each one, a master of writing shows you a "trick of the trade." So this book is really a group effort, with contributions from the ancients (Homer, Aristotle), timeless writers (Shakespeare, Twain, Charlotte Bronte, Crane, Miller, Hemingway, Henry Roth, Robert Penn Warren), modern masters (Capote, Kundera, Caro, Updike, McPhee, Martin Amis, Tom Wolfe, Gladwell, Agassi, O'Brien, and Zadie Smith, Mernissi), historic figures (Lincoln, Martin Luther King), and classic films ("Casablanca," "Vertigo," and "Hannah and Her Sisters"), and more. People in all fields -- high school, higher education, journalism and publishing, business and government -- have discovered the power of this unique system. Whether you're in business, school, government or nonprofit agencies, or journalism/blogging or publishing, The Big Book offers a powerful to improve your writing right away. Developed by author and teacher Charles Euchner, The Elements of Writing draws lessons from the masters to show the skills and "tricks of the trade" you need to write with clarity and power. The Elements also uses the latest research on learning and the brain to help you manage the creative process. Euchner is the author or editor of ten books, most recently the acclaimed "Nobody Turn Me Around: " A People's History of the 1963 March on Washington" (Beacon Press, 2010). Euchner has also written a trilogy of the world of modern sports ("Playing the Field," "The Last Nine Innings," and "Little League, Big Dreams"), studies of grassroots politics ("Urban Policy Reconsidered," with Steve McGovern, and "Extraordinary Politics"), and works on regional policy and planning (the two-part "Governing Greater Boston" series).

The Elements of Style Cambridge Scholars Publishing

Written by an experienced instructor of business writing courses, Business Writing Scenarios offers a hands on approach that immerses students in the types of writing situations they will encounter throughout their working lives. Detailed guidance and numerous examples help students build the skills they will need to respond to these situations effectively. In each of the core chapters, students first learn how other writers addressed a particular writing situation—such as having to convey disappointing news to employees, explain a major policy change, or respond to a difficult customer—effectively or ineffectively. Students then apply what they've learned through guided activities ("applications") that ask them to respond in writing to a similar business scenario. Additionally, the book emphasizes the potentially serious consequences of ill-considered business communications, especially those delivered electronically. A chapter dedicated to business writing gaffes provides many real-world examples of these mistakes and advises students on how to avoid them. Suitable for use on its own or in conjunction with another text, Business Writing Scenarios is a useful addition to any course building students business writing skills.
