A New York Times Notable Book: "Combining cyberpunk's grit with dystopic fantasy, this iconoclastic hybrid is a standout piece of storytelling" (Library Journal). Jane is trapped as a changeling in an industrialized Faerie ruled by aristocratic high elves and populated by ogres, dwarves, night-gaunts,

and hags. She is the only human in a factory where underage forced labor builds cybernetic, magical dragons that are weaponized and sent off to war. When the damaged dragon Melanchthon tempts Jane with promises of freedom, the stage is set for a daring escape that will shake the foundations of existence. Combining alchemy and technology, a coming-of-age story like no other, *The Iron Dragon's Daughter* takes place against a dystopic mindscape of dark

challenges and class struggles that force Jane to make costly decisions at every turn. A finalist for the Arthur C. Clarke Award, the World Fantasy Award for Best Novel, and the 1994 Locus Award, *The Iron Dragon's Daughter* is one-of-a-kind melding of grimdark fantasy and cyberpunk grit from the Nebula Award-winning author of *Stations of the Tide*. It engages the reader in a nihilistic world in which nothing is as it seems and everything comes at a steep and often horrific

price.

Paul's Pursuit Lulu Press, Inc

I was never supposed to love him. I wasn't even supposed to like him. He was the enemy: Calavastrix the Storm. He'd razed our ranch once already, and threatened my family and friends. But now, injured, he has come to us for help. I wasn't supposed to fall for him. I told myself this, over and over, as I nursed him back to health. He is only a prisoner. He is still the enemy. But his dragon tongue has a way of

getting under my skin.

There are only two problems: One - I am not an omega. And two - the Templars are coming to kill us all. Omega's War is the explosive sixth and final book in the epic mpreg Guardian Dragons series. Sweet and steamy, this enemies to lovers book brings the conflict between shifters and templars to a dangerous - and satisfying - finish.

The Dragon Lords of Valdier universe is vast but each book can stand

alone! Jump in at any point in the series. Twin Dragons is a USA Today and New York Times Bestseller! Among the Valdier, twin dragons are feared above all others. Within a prison camp on a mining asteroid, Melina has disguised her gender for years.... Long ago, Cree and Calo witnessed the catastrophic end of the only other twin dragon-shifters in existence, and they swore they would never let themselves go that far down the path of madness. Since then, they

have earned the Dragon Lords' trust, but the infamous insanity that besieged the first twin dragons is now beginning to take over their senses, just as all the Dragon Lords have found their true mates. After so long without a mate of their own, Cree and Calo's dragons are pushing them to do something that would surround them with devastating death and a bitterly waged war. There has never been a woman who can handle a lifetime with two dragon-shifters, and they don't expect

that to change now when they desperately need a partner to save their sanity. Hope can spring from unexpected places however, and the rescue of an old man and his suspiciously mysterious grandson from an abandoned mining asteroid launches the twins into a confused and conflicted journey to a distant planet called Earth at the behest of their...true mate. For this beauty in disguise, life has certainly not been easy, and her journey is just beginning....

you.I'm the son of a
god.The other half of a
coin.Where my identical
twin brother, Jarrod, can
see the past. I can see
into the future.An
awesome ability. I'm

lucky, right? Nope, I think I'm cursed. Imagine, for a second, that every time you touched someone, you could see into their future. Their happiness, their misfortune, and their death. You'd feel obliged to help them. To steer them clear of imminent disaster. I don't mind helping others, but I'm not always successful. I've seen horrible things. Things that keep me up at night. Trust me, if you had this ability, you'd steer clear of people too. You'd do everything in your power not to touch them,

or to be touched. I guess that means I'm lonely. It comes with the territory. I've learned to live with it. The words 'stay away' are my motto. That's until I see her. I'm mesmerized because surely a more perfect creature does not exist. I'm the one who touches her. I haven't willingly touched another person in the longest time. Imagine my surprise when I get nothing from her. No vision. No future. No nothing! That can only mean one thing, this beautiful woman isn't human. Who is she? What

is she? What happens next, chills me to my bones. I might not be able to see into her future, but she sees into mine. What? How? She mutters a quick word of warning and then is gone. What she tells me is bad. It's terrifying! I'm in serious trouble. No cheating! Contains hot alpha males and therefore, strong sexual themes/language.
