This fascinating reader documents the lives of wild monkeys and includes information about their behavior, family groups, and environment. Awesome photography and exciting extras ensure a fun and interactive reading experience. <br /> Since 1888, the National Geographic Society has been a resource for knowledge about science, nature, and culture from around the world. Monkeys by Anne Schreiber | Scholastic Howler monkeys are the loudest of all monkeys. They call to let others know where their territory is, alerting them to stay away. The calls sound like a loud whooping bark or roar. After one group of howlers call, another group answers. Howler monkeys usually do this in the morning and at the end of the day. These monkeys live in Central and South America. Howler Monkey - National Geographic Kids Get the details on the National Geographic Kids Super Reader program. Ready for reading adventure?
