The creator of the hit podcast series *Tides of History* and *Fall of Rome* explores the four explosive decades between 1490 and 1530, bringing to life the dramatic and deeply human story of how the West was reborn. In the bestselling tradition of *The Swerve* and *A Distant Mirror*, *The Verge* tells the story of a period that marked a decisive turning point for both European and world history. Here, author Patrick Wyman examines two

complementary and contradictory sides of the same historical coin: the world-altering implications of the developments of printed mass media, extreme taxation, exploitative globalization, humanistic learning, gunpowder warfare, and mass religious conflict in the long term, and their intensely disruptive consequences in the short-term. As told through the lives of ten real people--from famous figures like Christopher Columbus and wealthy banker Jakob Fugger to a ruthless small-time merchant and a one-armed mercenary captain--*The Verge* illustrates how their lives, and the times in which they lived, set the stage for an

unprecedented globalized future. Over an intense forty-year period, the seeds for the so-called "Great Divergence" between Western Europe and the rest of the globe would be planted. From Columbus's voyage across the Atlantic to Martin Luther's sparking the Protestant Reformation, the foundations of our own, recognizably modern world came into being. For the past 500 years, historians, economists, and the policy-oriented have argued which of these individual developments best explains the West's rise from backwater periphery to global dominance. As *The Verge* presents it, however, the answer is far more nuanced. *Reformations* University of Chicago

A "lively and engaging"
 history of the Middle
 Ages (Dallas Morning
 News) from the

acclaimed historian William Manchester, author of *The Last Lion*. From tales of chivalrous knights to the barbarity of trial by ordeal, no era has been a greater source of awe, horror, and wonder than the Middle Ages. In handsomely crafted prose, and with the grace and authority of his extraordinary gift for narrative history, William Manchester leads us from a civilization tottering on the brink of collapse to the grandeur of its rebirth: the dense explosion of energy that spawned some of history's greatest poets, philosophers, painters, adventurers, and reformers, as well as some of its most spectacular villains. "Manchester provides easy access to a

fascinating age when our modern mentality was just being born." -- Chicago Tribune
Reformation and Early Modern Europe
Pearson College Division
An unusual and thought-provoking collection of biographies that tell the story of the two great movements in European history that ushered in modern times. The text covers the period in Western European history from 1300-1550.

The Mystery of History University of Michigan Press

The era of the Renaissance & Reformation was an exciting time. Use this hands-on tool to learn more about this time in history. Create booklets to place inside the lapbook folders,

and improve retention of the information. Includes a Study Guide that can be used for teaching the topic. This product can stand alone or be used as a supplement to any other curriculum.

LAPBOOK KIT

INCLUDES: Folder(s), printed instructions & Study Guide, PRE-CUT booklets - ready for your student to embellish and glue into the folder(s).

Judaism has always been of great significance to Christianity but this relationship has also been marked by complexity and ambivalence. The emergence of new Protestant confessions in the Reformation had significant

consequences for how Jews were viewed and treated. In this wide-ranging account, Kenneth Austin examines Christian attitudes toward Jews, the Hebrew language, and Jewish learning, arguing that they have much to tell us about the Reformation and its priorities—and have important implications for how we think about religious pluralism today.

A World Ablaze Oxford University Press, USA

This ebook is a selective guide designed to help scholars and students of Islamic studies find reliable sources of information by directing them to the best available scholarly materials in whatever form or format they appear from books, chapters, and journal

articles to online archives, electronic data sets, and blogs. Written by a leading international authority on the subject, the ebook provides bibliographic information supported by direct recommendations about which sources to consult and editorial commentary to make it clear how the cited sources are interrelated related. This ebook is a static version of an article from Oxford Bibliographies Online: Renaissance and Reformation, a dynamic, continuously updated, online resource designed to provide authoritative guidance through scholarship and other materials relevant to the study of European history and culture

between the 14th and 17th centuries. Oxford Bibliographies Online covers most subject disciplines within the social science and humanities, for more information visit www.oxfordbibliographies.com.

Nails in the Wall Yale University Press

This lavishly illustrated book provides a fresh and challenging new perspective on the life and Work of Dürer

A World Lit Only by Fire Yale University Press

This new book by religion scholar Martin Marty, released in time for the 500th

Anniversary of the Protestant

Reformation, shows how Martin Luther's insights still speak to the church today about reconciliation, repentance and the need for "a change of

heart." Included are the 95 Theses of Martin Luther. "The 'one thing' that opens these pages relates to and, in fact, is the first of ninety-five theses that were proposed five hundred years ago by Martin Luther.... Here is that first thesis, as it was voiced by that influential monk in Germany half a millennium ago: "When our Lord and Master Jesus Christ said, 'Repent' (Matthew 4:17), he willed the entire life of believers to be one of repentance. So, simply put, this book is about 'repentance' as a worthy theme for believers to keep in mind if and as they commemorate events of five hundred years ago, events that still shape many features of their lives." — Martin

Marty "Martin Marty's attention to October 31, 1517, the day that Martin Luther promulgated his 95 Theses, provides valuable insights for the past, the present, and the future—why Luther's articulation of 'repentance' meant so much then, why his commitment to 'justification' has now built a bridge for Catholics and Lutherans to work with each other, and why this great event of 500 years ago might herald a hopeful future for Christian believers and all others. There is an awful lot packed readably into this one small book." — Mark Noll, Francis A. McAnaney Professor of History, University of Notre Dame "I would not dream of preparing my mind and heart for

the celebration of Luther's role in the Reformation without finding out what Martin Marty has to say on the subject. And he says it here in this wonderful little book. The gifted historian that he is, Marty gives us much solid information. But he also writes eloquently about how best to prepare our souls for the kind of commemoration that also includes some prayers of repentance." —Richard Mouw "This pithy book offers valuable insight on how Luther's 95 theses have had a profound influence on the ecumenical movement, and can help Christians today understand what it means to be a member of a truly 'catholic' church." —Kathleen Norris "Martin Marty is

the most widely respected historian of Christianity in the United States today. In this little book he with clarity, compassion, and a good dose of common sense shows how Luther's story is meaningful today." — Rev. John O'Malley, S.J., University Professor, Georgetown University "From one of the world's most preeminent scholars of religion comes a book about repentance; ...It is a gem."— James Martin, SJ *Adam and Eve in the Protestant Reformation* Twelve A Study Guide for "Renaissance Literature"Gale, Cengage Learning [The Reformation: Oxford Bibliographies Online Research Guide](#) Harpercollins Lectures delivered by

Professor Andrew C. Fix of Indiana University at Bloomington tracing the course of European history from the mid fourteenth century to the early eighteenth century.
