The Fast Track One-Day  
Detox Diet Random House  
Digital, Inc.  
Born in a country town in  
South Australia in a house  
built by his Welsh father,  
Ernie Jones (1869-1943)  
was the archetypal 'rough

diamond' fast bowler,  
arguably Australia's first,  
inevitably a big hitter, and  
an inspiration to poets. He  
is said to have bowled or  
even thrown the ball  
'through W.G. Grace's  
beard' in the first match  
of Australia's tour of  
England in 1896. In the  
winters he was a top-level  
Australian Rules  
footballer. With help from  
'Jonah's' descendants and

from local archive  
material, Bernard  
Whimpress, a leading  
historian of Australian  
cricket, traces a  
remarkable career in  
which he even signed up  
to play for Sussex. On the  
way we take in Australia's  
mining cities of Broken  
Hill and Kalgoorlie, the  
tragedies of the deaths of  
his children, labouring at  
the Adelaide Oval,

working as a wharfie at Fremantle, and doing the heavy work, searching ships as a Customs man. Jones' story is a big man's struggle against adversity.

Is the financial plan of mediocrity -- a dream-stealing, soul-sucking dogma known as "The Slowlane" your plan for creating wealth? You know how it goes; it sounds a lil something like this: "Go to school, get a good job, save 10% of your paycheck, buy a

used car, cancel the movie channels, quit drinking expensive Starbucks mocha lattes, save and penny-pinch your life away, trust your life-savings to the stock market, and one day, when you are oh, say, 65 years old, you can retire rich." The mainstream financial gurus have sold you blindly down the river to a great financial gamble: You've been hoodwinked to believe that wealth can be created by recklessly trusting in the uncontrollable and

unpredictable markets: the housing market, the stock market, and the job market. This impotent financial gamble dubiously promises wealth in a wheelchair -- sacrifice your adult life for a financial plan that reaps dividends in the twilight of life. Accept the Slowlane as your blueprint for wealth and your financial future will blow carelessly asunder on a sailboat of HOPE: HOPE you can find a job and keep it, HOPE the stock market doesn't tank, HOPE the economy rebounds, HOPE, HOPE,

and HOPE. Do you really want HOPE to be the centerpiece for your family's financial plan? Drive the Slowlane road and you will find your life deteriorate into a miserable exhibition about what you cannot do, versus what you can. For those who don't want a lifetime subscription to "settle-for-less" and a slight chance of elderly riches, there is an alternative; an expressway to extraordinary wealth that can burn a trail to financial independence

faster than any road out there. Why jobs, 401(k)s, mutual funds, and 40-years of mindless frugality will never make you rich young. Why most entrepreneurs fail and how to immediately put the odds in your favor. The real law of wealth: Leverage this and wealth has no choice but to be magnetized to you. The leading cause of poorness: Change this and you change everything. How the rich really get rich - and no, it has nothing to do with a paycheck or a 401K

match. Why the guru's grand deity - compound interest - is an impotent wealth accelerator. Why the guru myth of "do what you love" will most likely keep you poor, not rich. And 250+ more poverty busting distinctions... Demand the Fastlane, an alternative road-to-wealth; one that actually ignites dreams and creates millionaires young, not old. Change lanes and find your explosive wealth accelerator. Hit the Fastlane, crack the code to wealth, and find out

how to live rich for a lifetime.

Can't find a job? Maybe you're seeing only half the picture! Half the job market is invisible Are you spending all your time applying to posted job openings—postings that draw hundreds, and in some cases, thousands of applications? No matter how perfect you are for the job, there is always someone else who's a little more qualified, more experienced. The key to success in the current job market is breaking

through to the hidden job market. Over half of all jobs go to someone who did not apply to a posted opening at all. What are they doing and how are they doing it? They're finding new jobs before the posting hits the Internet. Career guru Donald Asher offers proven strategies for finding great opportunities in any industry. With *Cracking the Hidden Job Market* you'll stop wasting time and effort and beat the job-search odds by learning how to: • find

jobs that are never posted anywhere • get complete strangers to help you find a job • convince potential employers to give you an interview—even when they're "not hiring" • find—and land—the new jobs in this, or any, economy Every page of *Cracking the Hidden Job Market* is packed with no-frills fundamentals to change the way you look for a job, this time—and forever!

This book focuses on

clinical presentations that may be caused by inherited metabolic diseases. Its symptom- and system-based approach will help clinicians with and without detailed knowledge of human biochemistry in all specialties to reach a correct diagnosis and institute the optimal treatment program. The book summarizes the central elements of inherited metabolic diseases and describes clearly how to carry out an efficient yet complete diagnostic work-up,

thereby guiding the clinician from the presenting symptoms and signs through to effective initial management. After an introduction to the different disorders, the book explains when to consider an inborn metabolic error and which initial tests to order. Core aspects such as structured communication, guidelines, transition, pregnancy, maternal care and how to respond to various medical emergencies are covered. Therapeutic concepts

such as dietary treatment are delineated and practical advice provided on the quite different treatment approaches required for individual diseases. An extensive section structured according to organ systems outlines the correct approach in the context of specific symptoms and signs. The value of each of the potential investigations is explained, with precise advice on the interpretation of results. The inclusion of algorithms, tables, lists,

and charts facilitates rapid decision making and information retrieval, and the appendices include a helpful guide to differential diagnosis based on clinical and biochemical phenotypes. This new updated edition of *Inherited Metabolic Diseases* will be an invaluable aid for the busy clinician and an excellent quick reference for metabolic and genetic specialists.

 You know how it is. That special event just around the corner and you can't fit into your designer

jeans. You need a fool-proof, emergency weight-loss method that really works and works fast. So how do you safely and quickly lose those extra pounds? Once again, renowned health pioneer and bestselling author Ann Louise Gittleman has a quick, no-strings-attached solution that is also good for you. She is always on the cutting edge of developing new methods to rejuvenate the body and facilitate weight loss and she's done it again in *The Fast Track One-Day Detox*

Diet. Gittleman takes the age-old method of fasting and incorporates it into a safe and healthy one-day plan that helps you lose weight fast, gets rid of toxins, and gives your body a cleansing boost to prepare it for even more weight loss down the road. The plan itself is blissfully simple: THE PREQUEL: Seven days of adding detox support foods to your diet to prepare your body for the one-day Fast THE FAST: One day of sipping Gittleman's "Miracle Juice," a deliciously spiced

mixture of herbs and spices specially designed to stave off hunger, balance blood sugar, boost metabolism, and replenish nutrients (no kidding, the juice is completely delicious) THE SEQUEL: Three days of reintroducing supportive and immune-boosting foods into your diet to seal in the results That's all. There's no need for a strict maintenance plan or more dieting because the Fast Track One-Day Detox Diet purges your body of fattening toxins so that you'll keep losing weight

once you're finished. What's more, if you can't add those healthy foods to your diet in the Prequel and Sequel, Gittleman provides a list of replacement supplements that you can easily find in your local health food store or online. So, use The Fast Track One-Day Detox Diet to jump start an over-40 metabolism, melt away vacation or holiday pounds, break a diet plateau, get in shape for that high school reunion or wedding, and even help heal a chronic illness. Even if you've

been slow to lose weight in the past, the pounds will melt away quickly during your one-day fast. Inside there are recipes to prepare for the fast, shopping lists, and tips for sailing through the fast. In addition, Ann Louise Gittleman shares the wisdom she's gained from years of research on health, diet, and nutrition. You'll find out about hidden toxins found in the environment and in everyday foods, and learn easy steps you can take to live healthier every day. The perfect diet:

simplicity, effortless weight loss, and obvious health benefits from a nutritionist with a proven track record. You'll feel so good after your first fast, you'll want to incorporate the Fast Track's cleansing principles and periodic fasting into your life for good. Don't delay, it's time to jump on the Fast Track to a lighter, healthier you.
