With more than 450,000 copies in print, *When Helping Hurts* is a paradigm-forming contemporary classic on the subject of poverty alleviation. Poverty is much more than simply a lack of material resources, and it takes much more than donations and handouts to solve it. *When Helping Hurts* shows how some alleviation efforts, failing to consider the complexities of poverty, have actually (and unintentionally) done more harm than good. But it looks ahead. It encourages us to see the dignity in everyone, to empower the materially poor, and to know that we are all uniquely needy—and that God in the gospel is reconciling all things to himself. Focusing on both North American and Majority World contexts, *When Helping Hurts* provides proven strategies for effective poverty alleviation, catalyzing the idea that sustainable change comes not from the outside in, but from the inside out.

Poverty is a deadly disease. There is nothing in heaven and earth that glorifies poverty. There is hardly anything we want to buy or do on earth that does not answer to money. Even to proclaim the gospel of our Lord Jesus Christ requires a lot of money. Therefore, to live in lack and poverty cannot be God's wish for anyone. The name, God, is characterised with inexplicable abundance. The Bible is replete with descriptions of God's majestic riches and wealth, which cannot be rivalled. As God's children we are called into higher realms of wealth of our Father. The big question is, "Why would anyone remain in poverty?" Reverend Canon Chima, answers this thought provoking question in this book. There is no gainsaying that it is God's will for us to prosper. In fact, Apostle Paul says it emphatically in 2 Corinthians 8:9: For ye know the grace of our Lord Jesus Christ, that, though he was rich, yet for your sakes he became poor, that ye through his poverty might be rich. Therefore, the choice to remain in a life of penury is in our hands. One may be born into poverty, but choosing to remain and die in it is a choice. Reverend Canon Chima in this book outlines tested and proven principles of God's divine wealth. He exposes salient truths as to why many people are wallowing in poverty, even after giving their lives to Christ. He also exposes certain habits and attitudes that keep many out of wealth. He then describes how to break the yoke of poverty in one's life and their generations. To crown it all, the author, through powerful prophetic prayers, imparts the anointing of God that makes one to prosper. Even after breaking the yoke of poverty, the author explains how to sustain the wealth that God gives. What a wholesome package in a book! In conclusion, it will be a strange omen for anyone to read this book with an open heart, say the prophetic prayers therein, practice the principles it prescribes, and remain poor. Truly, God has determined to use Reverend Canon Chima in this book to deliver individuals, families, corporate organizations, generations, and even the church from poverty. This is the book that this generation has been waiting for. Have a good read! {Adapted from the foreword by Pastor Justice Alokun.}
