## SIMS ELLIS

Gace Middle Grades Social Science 015 London : Macmillan ; New York : St. Martin's Press

This Handbook is the most comprehensive and up-to-date source available for college reading and study strategy practitioners and administrators. In response to changing demographics, politics, policy, issues, and concerns in the field of college reading and study strategies since publication of the first edition in 2000, this new edition has been substantially revised and fully updated to reflect the newest research in the field, including six new chapters and a more user-friendly structure to make it easier for researchers, program administrators, college instructors, and graduate students to find the information that they need. In this thorough and systematic examination of theory, research, and practice, college reading teachers will find information to make better instructional decisions, administrators will find justification for programmatic implementations, and professors will find in one book both theory and practice to better prepare graduate students to understand the parameters and issues of this field. The Handbook is an essential resource for professionals, researchers, and students as they continue to study, research, learn, and share more about college reading and study strategy issues and instruction.

### The Best Teachers' Test Preparation for the GACE Professional Pedagogy

Research & Education Assoc. 2016 Reprint of 1952 Edition. Full facsimile of the original edition, not reproduced with Optical Recognition Software. Hoover's "Memoirs" constitute his political statement. This third volume in the series, forthright and devastatingly critical of the New Deal, is the culmination of that statement. Its analysis of the Great Depression--the beginnings during the Hoover Administration and the eight frantic years of the New Deal power from 1932-1940--provides enlightening perspectives for the national problems that followed and persist up to today. In nearly five hundred pages of political dynamite, Hoover argues that the Great Depression was largely the responsibility of the Federal Reserve, which acted against his protest; that the bank panic of 1933 was the most unnecessary panic in history; that Roosevelt's actions as President-elect tended to precipitate that panic and his refusal to cooperate had an adverse effect upon critical foreign problems. A different perspective on the Great Depression from one of the most important political actor of the events.

American Indians: Stereotypes & Realities provides an informative and engaging Indian perspective on common misconceptions concerning American Indians which afflict public and even academic circles to this very day. Written in a highly accessible stereotype/reality format, it includes numerous illustrations and brief bibliographies on each topic PLUS these appendices: \* Do's and Don'ts for those who teach American Indian history and culture \* Suggested Guidelines for Institutions with Scholars who Conduct Research on American Indians \* Course outline for American Indian history and culture survey with suggested projects \* Outline for course "American Indian Women in History" with extensive bibliography An American Indian perspective on discrimination issues WIDELY ENDORSED BY AMERICAN INDIAN SCHOLARS "Professor Miheuah goes beyond simply providing responses to common stereotypes. She provides the reader with assistance in efforts to improve understanding of her peoples. Each of the chapters provides solid information to challenge myths and stereotypes. Excellent photographs are interspersed throughout the book.... The implications of this book for social work practice are extensive... A valuable contribution" Journal of Multicultural Social Work "A precious primer on Native Americans for anyone who can handle the truth about how the West was won." Kam Williams, syndicated "This book should be read by every educator and included in the collections of every school and university library." Flagstaff Live "Miheuah's work should be required reading for elementary and upper level teachers, college instructors and parents. Let us hope it finds a wide readership in mainstream circles." Joel Monture, MultiCultural Review "Devon Miheuah has provided precious insight into the racial identity and cultural struggles of American Indians as they strive to succeed in modern America. She has successfully challenged harmful stereotypes and racism in this significant book... If an accurate history is to be learned, then society must accept the truth of cultural pluralism and give equal and fair treatment to Native Americans and other minorities... As an American Indian and a university scholar of history, I applaud Devon Miheuah for successfully confronting the literature of false portrayal and negative images of Indian people." Dr. Donald L. Fixico, Western Michigan University, Kalamazoo

**POST Exam Review for the Georgia Peace Officer Standards and Training Entrance Exam** Springer Publishing Company

In The Georgia State Constitution, the authors offer a detailed description of the creation and development of Georgia's constitution. They explain how political and cultural events, from colonial times, through the Civil War, to the present, have affected Georgia's constitutional law. Accompanying the full text of the constitution is a rich commentary of the constitutional provisions. The authors trace their origins and interpretation by the courts and other governmental bodies. This volume also provides a bibliographical essay which features the most important sources of Georgia's constitutional history and constitutional law. It concludes with a table of cases cited in the history and the constitutional commentary, as well as a subject index. The second edition provides updates to the constitution including all constitutional amendments through the 2016 general election and additional case-law reflecting current thinking on critical legal issues in Georgia. The Oxford Commentaries on the State Constitutions of the United States is an important series that reflects a renewed international interest in constitutional history and provides expert insight into each of the 50 state constitutions. Each volume in this innovative series contains a historical overview of the state's constitutional development, a section-by-section analysis of its current constitution, and a comprehensive guide to further research. Under the expert editorship of Professor G. Alan Tarr, Director of the Center on State Constitutional Studies at Rutgers University, this series provides essential reference tools for understanding state constitutional law. Books in the series can be purchased individually or as part of a complete set, giving readers unmatched access to these important political documents.
