In this eye-opening book, psychologist  
Jesse Bering argues that we are all  
sexual deviants on one level or another.  
He introduces us to the young woman

who falls madly in love with the Eiffel Tower, a young man addicted to seductive sneezes, and a pair of deeply affectionate identical twins, among others. He challenges us to move beyond our attitudes towards 'deviant' sex and consider the alternative: what would happen if we rise above our fears and revulsions and accept our true natures? With his signature wit and irreverent style, Bering pulls back the curtains on the history of perversions, the biological reasons behind our distaste for unusual sexual proclivities and the latest research on desire. Armed with reason, science and an insatiable appetite for knowledge, he humanises deviants while asking some provocative questions about the nature of hypocrisy, prejudice and when sexual desire can

lead to harm. A groundbreaking look at our complex relationship with our carnal urges and the ways in which we disguise, deny and shame the sexual deviant in all of us, Perv brings hidden desires into the spotlight.

This new in paperback edition includes a new afterword written specifically for this volume. Morley Winograd and Michael D. Hais review the developments of the 2008 presidential election and demonstrate how the coming of age of a millennial generation and the expansion of a new communication technology produced another realignment, just as these twin forces of change have done throughout U.S. history.

**2020: AN ANTHOLOGY** Rutgers University Press

The intimate story of a unique marriage spanning the heights of British glamour and power that descends into infidelity, manipulation, and disaster through the heart of the twentieth century. DICKIE MOUNTBATTEN: A major figure behind his nephew Philip's marriage to Queen Elizabeth II and instrumental in the royal family taking the Mountbatten name, he was Supreme Allied Commander of South East Asia during World War II and the last Viceroy of India. EDWINA MOUNTBATTEN: Once the richest woman in Britain—and a playgirl who enjoyed numerous affairs—she emerged from World War II as a magnetic and talented humanitarian worker who was loved throughout the world. From British high society to the South of France, from the battlefields of Burma to the Viceroy's

House, The Mountbattens is a rich and filmic story of a powerful partnership, revealing the truth behind a carefully curated legend. Was Mountbatten one of the outstanding leaders of his generation, or a man over-promoted because of his royal birth, high-level connections, film-star looks and ruthless self-promotion? What is the true story behind controversies such as the Dieppe Raid and Indian Partition, the love affair between Edwina and Nehru, and Mountbatten's assassination in 1979? The Original Screenplay Equinox Pub Late one winter afternoon in the small town of Chosen, New York, professor George Clare knocks on his neighbor's door with terrible news: he returned from work to find his wife, Catherine, murdered in their bed. Someone took an

ax to her head while their three-year-old daughter, Franny, played alone in her room across the hall. Recent transplants to Chosen, the Clares have not received the warmest welcome; once a thriving dairy farm, their home is haunted by the tragedy that left the former owner's three sons orphaned and adrift. As one dark secret peels away to reveal others--and as the Clare marriage reveals itself to have a sinister darkness that rivals the farm's history--Elizabeth Brundage offers a rich and complex portrait of the scars that can haunt a community for generations and the dark longings inside each and every one of us that drive us to do inexplicable things.

All Things Cease to Appear Penguin  
 "Each chapter of this enrapturing novel is elegantly brief and charged with barely contained emotion." --New York Times Book Review  
 A gripping debut set in modern-day Tokyo and inspired by a true crime, for readers of Everything I

Never Told You and The Perfect Nanny, What's Left of Me Is Yours charts a young woman's search for the truth about her mother's life--and her murder. In Japan, a covert industry has grown up around the wakaresaseya (literally "breaker-upper"), a person hired by one spouse to seduce the other in order to gain the advantage in divorce proceedings. When Satō hires Kaitarō, a wakaresaseya agent, to have an affair with his wife, Rina, both assume it will be an easy case. But Satō has never truly understood Rina or her desires and Kaitarō's job is to do exactly that--until he does it too well. While Rina remains ignorant of the circumstances that brought them together, she and Kaitarō fall in a desperate, singular love, setting in motion a series of violent acts that will

forever haunt her daughter's life. In an engrossing dual narrative inspired by a true crime, Stephanie Scott exquisitely renders the affair and its intricate repercussions. As Rina's daughter, Sumiko, fills in the gaps of her mother's story and her own memory, Scott probes the thorny psychological and moral grounds of the actions we take in the name of love, asking where we draw the line between passion and possession.

Malaysians have been looking forward to this talismanic year for decades. In fact, we started anticipating it when our seventh Prime Minister was still our fourth. Is 2020 really the year when we suddenly become a modern, progressive society that is the envy of the world? Or have things stagnated and ossified

beyond repair? Don't answer all at once! 2020: An Anthology brings together 20 pieces — mostly fiction, but some essays and a comic too — that reflect on our nation by focusing on our people, who continue to thrive and flail and exist in ways that will never be captured by even the most visionary slogans. In *Child of All Nations*, the reader is immediately swept up by a story that is profoundly feminist, devastatingly anticolonialist—and full of heartbreak,

suspense, love, and fury. Pramoedya immerses the reader in a world that is astonishing in its vividness: the cultural whirlpool that was the Dutch East Indies of the 1890s. A story of awakening, it follows Minke, the main character of *This Earth of Mankind*, as he struggles to overcome the injustice all around him. Pramoedya's full literary genius is evident in the brilliant characters that populate this world: Minke's fragile Mixed-Race wife; a young Chinese revolutionary; an embattled Javanese peasant and his impoverished family; the French painter Jean Marais, to name just a few.

Barry Lyndon—far from the best known, but by some critics acclaimed as the finest, of Thackeray's works—appeared originally as a serial a few years before VANITY FAIR was written; yet it was not published in book form, and then not by itself, until after the publication of VANITY FAIR, PENDENNIS, ESMOND and THE NEWCOMES had placed its author in the forefront of the literary men of the day. So many years after the event we cannot help wondering why the story was not earlier put in book form; for in its delineation of the character of an adventurer it is as great as VANITY FAIR, while for the local colour of history, if I may put it so, it is no undistinguished

precursor of ESMOND.
