 Revok is undoubtedly one of the most renowned graffiti writers on the planet. Although he's originally from Los Angeles and has travelled the world over, in his adopted home of Detroit, this gifted artist has found grist for an entirely new form. This newer body of work is comprised of found materials from abandoned buildings throughout Detroit. These colourfully textured 3D collages are highly sought after by collectors and fully documented in the book. Printed in an edition of 2500, every single copy is individually spray painted by the artist.

 Women, pleasure, sex and entertainment – Mel Ramos's images present the viewer with a dazzling, provocative, alluring and sometimes raunchy visual language. The artist drapes his pin-

up girls over painted commercial products in risqué, dynamic poses. Ramos became famous for these commercial pin-ups, as they are known, at the end of the 1960s and has since evolved into one of the art world's most challenging contemporary artists. This catalogue is the first of its kind to focus exclusively on Mel Ramos's drawings. It includes the artist's sketches and drawings from the 1960s to the present day, demonstrating his inimitable style, which addresses everyday myths and the synthetic dreams of the media and the advertising world. Published alongside the following exhibitions of Mel Ramos's work: LEVY Galerie, Hamburg (August - October 2010); Galerie Hafenrichter, Nuremberg (November - December 2010); Davis Klemm Gallery, Frankfurt/Main (January - February 2011); Galerie Erhard Witzel, Wiesbaden. English and German text. Available from Cornerhouse in October 2010.

50 West Coast Artists Verlag Fur Moderne Kunst

At the beginning of the 1960s, Mel Ramos devoted himself to the central theme in his oeuvre, and developed the visual vocabulary that is so very characteristic for him: naked women adorning oversize advertising articles populate his colourful, two-dimensional oil paintings. Mel Ramos thus works with double entendre, since his works are formulations of an erotic fantasy that represents a

fundamental pattern of marketing strategies in advertising. This publication records Mel Ramos's entire painterly oeuvre, from the first works in the 1950s until today, hence demonstrating his enduring position in Pop Art. In 1963 Mel Ramos, one of the first artists to embrace Pop Art, developed a preference for a tantalizing, seductive visual language. In typical Pop Art colours, beauty queens and nude Hollywood stars are combined with commodities to populate his paintings. In accordance with advertising aesthetics, he placed female bodies in erotic, occasionally vulgar poses on top of consumer goods, thus taking his theme from advertising's enduring slogan, 'sex sells'.

This introduction provides a historical overview of the graphic novel, with a strong focus on its international significance.

[An Introduction](#) Yale University Press

Like his fellow Pop painters Andy Warhol and Roy Lichtenstein, Mel Ramos (born 1935) derives the motifs for his work from mass media and advertising. In bold and immediately recognizable canvases, he unites consumer goods with idealized pin-up girls modeled after magazine images

dating from the 1950s and 1960s. Ramos immortalizes these models' lascivious poses by entwining them with the featured products in what he calls "commercial pin-ups." This monograph illustrates and discusses many of these works, but also provides insight into the artist's multifaceted oeuvre by presenting more than 100 works, from his first portraits of people, comic heroes and heroines, and his prominent pin-up girls, to his latest works from the Galatea series. Celebrating the artist's 75th birthday, this catalogue accompanies a major European retrospective, the first to unite Ramos' drawings, paintings and sculptures.

The Girls of Mel Ramos Aperture Direct

When it emerged in the 1950s, the Pop Art movement presented a challenge to fine art with its incorporation of images from television, newspapers, and advertising. Over time, Pop Art developed into one of the most influential movements of the 20th century and many of its works have achieved iconic status. This introduction to Pop Art focuses on 50 of the movement's most important works, and covers every major artist of the style - from Marcel Duchamp to George Segal

Whitney Biennial 2019 Kerber Verlag

Francisco Goya y Lucientes (1746-1828) created magnificent paintings, tapestry designs, prints, and drawings over the course of his long and productive career. Women frequently appeared as the subjects of Goya's works, from his brilliantly painted cartoons for the Royal Tapestry Factory to his stunning portraits of some of the most powerful women in Madrid. This groundbreaking book is the first to examine the representations of women within Goya's multifaceted art, and in so doing, it sheds new light on the evolution of his artistic creativity as well as on the roles assumed by women in late eighteenth- and early nineteenth-century Spain. Many of Goya's most famous works are featured and explicated in this beautifully designed and produced book. The artist's famous tapestry cartoons are included, along with the tapestries woven after them for the royal palaces of the Prado and the Escorial. Goya's infamous Naked Maja and Clothed Maja are also highlighted, with a discussion on whether these works were painted at the same time and how they might have originally hung in relation to one another. Focus is also placed on Goya's more experimental prints and drawings, in which the artist depicted women alternatively as targets of satire, of sympathy, or of admiration. Essays by eminent authorities provide a historical and cultural context for Goya's work, including a discussion on the significance of fashion and dress during the period. The resultant volume is surely to be treasured by all who admire Goya's art and by those who are interested in women's issues of his time.

Oxford University Press, USA

Published to accompany the 1994 exhibition at The Museum of Modern Art, New York, this book constitutes the most extensive survey of modern illustrated books to be offered in many years.

Work by artists from Pierre Bonnard to Barbara Kruger and writers from Guillaume Apollinaire to Susan Sontag. An importnt reference for collectors and connoisseurs. Includes notable works by Marc Chagall, Henri Matisse, and Pablo Picasso.

A toxic coach finds himself outplayed by the high school girls on his team in this deeply suspenseful novel, which unspools over twenty-four hours through six diverse perspectives. Tomorrow, the Wildcat varsity field hockey squad will play the first game of their new season. But at tonight's team sleepover, the girls are all about forging the bonds of trust, loyalty, and friendship necessary to win. Everything hinges on the midnight initiation ceremony—a beloved tradition and the only facet of being a Wildcat that the girls control. Until now. Coach—a handsome former college player revered and feared in equal measure—changes the plan and spins his team on a new adventure. One where they take a rival team's mascot for a joyride, crash a party in their pajamas, break into the high school for the perfect picture. But as the girls slip out of their comfort zone, so do some long-held secrets. And just how far they're willing to go for their team takes them all—especially Coach—by surprise. A testament to the strength and resilience of modern teenage girls, *We Are the Wildcats* will have readers cheering.

""On the one hand, the affirmation that Latino art is American art is simply a fact. Latino artists are American by birth, citizenship, residence, education, experience, and even sacrifice-a factor made clear by the large number of Latino artists that have served in the United States armed forces. On the other hand, the statement poses a challenge to the ways in which we traditionally think about what constitutes American art."-E. Carmen RamosIs Latino art an integral part of modern American art? Presenting one hundred major artworks from the Smithsonian American Art Museum, *Our America* seeks to "recalibrate" enduring concepts about American national culture by exploring how one group of artists-those of Latin American descent and heritage-express their relationship to American art, history, and culture.Highlights include an installation altar by Amalia Mesa-Bains, the "recycled" films of Raphael Montañez Ortiz, and a 1960 geometric painting by Carmen Herrera. Other notable artists include Olga Albizu, Melesio "Mel" Casas, Maria Magdalena Campos-Pons, Margarita Cabrera, Enrique Chagoya, Teresita Fernández, Ken Gonzales-Day, Luis Jiménez, Ana Mendieta, Pepón Osorio, Sophie Rivera, Freddy Rodríguez, and John Valadez, among many others.Author and curator E. Carmen Ramos is the Smithsonian American Art Museum's curator of latino art. She has organized numerous shows, including the fifth biennial at El Museo del Barrio in New York City in 2007.Dr. Tomás Ybarra-Frausto, the "grandfather" of this subject, and formerly associate director for creativity and culture at the Rockefeller Foundation in New York, has written and published extensively on US/latino cultural issues"--

50 West Coast Artists presents a critical selection of some of America's most influential contemporary sculptors and painters. The striking concept and design of the book provide the reader with special insights into the enormous vitality and diversity of the art and artists of

California.

The Latino Presence in American Art ABRAMS

Pop Art was one of the most important artistic movements of the late twentieth century. Its adaptation of mediated, popular-culture imagery continues to influence artists, but until now, little attention has been paid to the important contributions that women made to the movement. Pop Art by women dealt less with direct consumerist critiques, instead subversively combating the stereotypical perceptions of women via advertising and film clichés. Work by women Pop artists ranges from Rosalyn Drexler's surreal film-noir riffs, Idelle Weber's New Realism office workers, and Niki de Saint Phalle's exuberant Nanas to the more controversial and blatantly political statements of Faith Ringgold and Martha Rosler. Pauline Boty and Axell explored female desire, while the innovative soft structures stitched by Yayoi Kusama, Jann Haworth, Patty Mucha, and others form an important contribution to the history of sculpture. *Seductive Subversion: Women Pop Artists 1958-1968* is the catalogue of the first exhibition to expand Pop Art's narrow critical definition to reflect the significant role of these women artists. The culmination of six years of research by Sid Sachs, this exhibition, organized by the Rosenwald-Wolf Gallery of the University of the Arts, Philadelphia, is touring nationally. The essays in this catalogue span from London's Independent Group in the early 1950s to the end of classic Pop in 1968. Written by the art historians Linda Nochlin, Sid Sachs, Kalliopi Minioudaki, Bradford R. Collins, Annika Öhrner, and Sue Tate and the artists Martha Rosler and Patty Mucha, these texts will be revelations and will remain a vital reference for artists, art and cultural historians, and feminists alike. Artworks by more than twenty artists are reproduced, including Pauline Boty, Chryssa, Rosalyn Drexler, Jann Haworth, Yayoi Kusama, and Marisol, as well as now lesser-known figures such as Barbro Östlihn and Dorothy Grebenak. Numerous works are discussed in depth from a number of vantage points.

The Definitive Catalogue Raisonné of Original Prints Workman Publishing

Tom Blackwell (born 1938) is primarily known for his work in photorealism, a movement characterized by its ardent embrace of photographic source material. In 1969, he began a series of brashly beautiful motorcycle paintings that established him as one of the founders and foremost artists of the movement. In his equally celebrated store-window paintings, Blackwell captures the counterpoint between the idealized reality within the store display and the bustling urban life reflected in the glass. As author Linda Chase remarks in her essay, "The magic of these paintings resides in the artist's ability to transform the arbitrary photographic information into dynamic and complex artistic compositions, revealing and clarifying the image while preserving its mystery." The first comprehensive resource on an icon of photorealism, this volume includes further essays by esteemed art writers Louis K. Meisel and Carter Ratcliff.

A Pride and Prejudice Story "All your favorite characters are here, but somehow it feels like you're meeting them for the very first time. I adored James Ramos's *That Girl, Darcy.*" - Heidi Doxey, author of *Liam Darcy, I Loathe You* "Love. You can't tell when you'll catch it or who you'll fall for. But once it happens, it'll change everything for you." IT IS A TRUTH UNIVERSALLY ACKNOWLEDGED that geeky guys never get to date the pretty girls. Elliott Bennett is entering his senior year and finding a girlfriend is the last thing on his mind. That is, until Darcy Fitzwilliam moves into the only mansion in the neighborhood. When Elliott meets Darcy at a party, he finds out that she isn't into skateboarding (which he lives for), she hates science fiction (which he loves), and she thinks his friends are a pack of morons (which, honestly, might be half true)—and yet, there's something irritatingly intriguing about her. This gender-swapped *Pride and Prejudice* retelling brings back all the original characters in a quirky modern day setting that holds true to the original story while bringing new humor and misunderstandings. *That Girl, Darcy* is a Teen High School Romance.
