*The Total Money
Makeover* Citadel
The New York Times
bestselling work of
undercover reportage
from our sharpest and
most original social critic,
with a new foreword by
Matthew Desmond, author
of *Evicted* Millions of

Americans work full time,
year round, for poverty-
level wages. In 1998,
Barbara Ehrenreich
decided to join them. She
was inspired in part by
the rhetoric surrounding
welfare reform, which
promised that a job—any
job—can be the ticket to a
better life. But how does
anyone survive, let alone
prosper, on \$6 an hour?
To find out, Ehrenreich
left her home, took the

cheapest lodgings she
could find, and accepted
whatever jobs she was
offered. Moving from
Florida to Maine to
Minnesota, she worked as
a waitress, a hotel maid, a
cleaning woman, a
nursing-home aide, and a
Wal-Mart sales clerk. She
lived in trailer parks and
crumbling residential
motels. Very quickly, she
discovered that no job is
truly "unskilled," that

even the lowliest occupations require exhausting mental and muscular effort. She also learned that one job is not enough; you need at least two if you int to live indoors. Nickel and Dimed reveals low-rent America in all its tenacity, anxiety, and surprising generosity—a land of Big Boxes, fast food, and a thousand desperate stratagems for survival. Read it for the smoldering clarity of Ehrenreich's perspective and for a rare view of how "prosperity" looks from the bottom.

And now, in a new foreword, Matthew Desmond, author of *Evicted: Poverty and Profit in the American City*, explains why, twenty years on in America, *Nickel and Dimed* is more relevant than ever. [Philip K. Dick Anthology](#)

"Aside from its perfect fit of critic and subject, Laurence A. Rickels's book provides the most thorough and exhaustive reading of Philip K. Dick's literary work that exists. He goes through all the novels literally, both the science fiction works and the so-called mainstream novels Dick did not publish in his lifetime. The reader of science fiction should welcome a book like this, which is both knowledgeable of the SF tradition tradition and

creatively analytical. I could not put this book down once I began to read it".---George Slusser, University of California, Riverside --
The Collected Short Stories Penguin
A stark, unbridled vision of planet Earth on the brink of collapse, and the inspiration behind the classic sci-fi film, Soylent Green. At the close of the twentieth century, a planet overwhelmed by rampant overpopulation teeters on the edge of self-destruction. In New York City alone, 35 million

people are squeezed into its packed boroughs, scrambling like rats for the world's dwindling resources. The only food available is a product called Soylent. And while the government tries to maintain order, the rich get richer and the poor stay underfoot. Finding a killer in this broken world is one hell of a job. But that's exactly what detective Andy Rusch has been assigned to do. If he can stay alive long enough, he might just solve the biggest case he's ever been on—unless

humanity finally fulfills its promise and destroys itself first.

 PULITZER PRIZE WINNER • A “vivid and devastating” (The New York Times) portrait of an indomitable girl—from acclaimed journalist Andrea Elliott “From its first indelible pages to its rich and startling conclusion, *Invisible Child* had me, by turns, stricken, inspired, outraged, illuminated, in tears, and hungering for reimmersion in its

Dickensian depths.”—Ayad Akhtar, author of *Homeland Elegies* ONE OF THE TEN BEST BOOKS OF THE YEAR: The New York Times • ONE OF THE BEST BOOKS OF THE YEAR: The Atlantic, The New York Times Book Review, Time, NPR, Library Journal In *Invisible Child*, Pulitzer Prize winner Andrea Elliott follows eight dramatic years in the life of Dasani, a girl whose imagination is as soaring as the skyscrapers near her Brooklyn shelter. In this sweeping narrative, Elliott

weaves the story of Dasani's childhood with the history of her ancestors, tracing their passage from slavery to the Great Migration north. As Dasani comes of age, New York City's homeless crisis has exploded, deepening the chasm between rich and poor. She must guide her siblings through a world riddled by hunger, violence, racism, drug addiction, and the threat of foster care. Out on the street, Dasani becomes a fierce fighter "to protect those who I love." When

she finally escapes city life to enroll in a boarding school, she faces an impossible question: What if leaving poverty means abandoning your family, and yourself? A work of luminous and riveting prose, Elliott's *Invisible Child* reads like a page-turning novel. It is an astonishing story about the power of resilience, the importance of family and the cost of inequality—told through the crucible of one remarkable girl. Winner of the J. Anthony Lukas Book Prize • Finalist for the

Bernstein Award and the PEN/John Kenneth Galbraith Award

"The Undying is a startling, urgent intervention in our discourses about sickness and health, art and

science, language and literature, and mortality and death. In dissecting what she terms 'the ideological regime of cancer,' Anne Boyer has produced a profound and unforgettable document on the experience of life itself." —Sally Rooney, author of Normal People
"Anne Boyer's radically un sentimental account of cancer and the 'carcinogenosphere' obliterates cliché. By demonstrating how her utterly specific experience is also irreducibly social, she opens up new spaces

for thinking and feeling together. The Undying is an outraged, beautiful, and brilliant work of embodied critique." —Ben Lerner, author of *The Topeka School* A week after her forty-first birthday, the acclaimed poet Anne Boyer was diagnosed with highly aggressive triple-negative breast cancer. For a single mother living paycheck to paycheck who had always been the caregiver rather than the one needing care, the catastrophic illness was both a crisis and an initiation into new

ideas about mortality and the gendered politics of illness. A twenty-first-century Illness as Metaphor, as well as a harrowing memoir of survival, *The Undying* explores the experience of illness as mediated by digital screens, weaving in ancient Roman dream diarists, cancer hoaxers and fetishists, cancer vloggers, corporate lies, John Donne, pro-pain "dolorists," the ecological costs of chemotherapy, and the many little murders of capitalism. It excoriates the

pharmaceutical industry and the bland hypocrisies of "pink ribbon culture" while also diving into the long literary line of women writing about their own illnesses and ongoing deaths: Audre Lorde, Kathy Acker, Susan Sontag, and others. A genre-bending memoir in the tradition of *The Argonauts*, *The Undying* will break your heart, make you angry enough to spit, and show you contemporary America as a thing both desperately ill and occasionally, perversely glorious.
