The Academy Understanding the Archaeology of Landscapes A Guide to Good Recording Practice This guidance provides practical advice on the recording, analysis and understanding of earthworks and other historic landscape features using non-intrusive archaeological field survey and investigation techniques. It describes and illustrates approaches to archaeological field survey, drawing conventions and Levels of Survey for record creators and users. The guidance also draws from the experience of Historic England field teams, exploring different aspects of landscape investigation and analysis through a series of case studies. This revised version of the 2007 edition is

one of several pieces of Historic England guidance available from the Historic England website. This guidance builds on those documents and stands alongside Understanding Historic Buildings: a guide to good recording practice. The Academy The Academy and Literature The Return of King Arthur British and American Arthurian Literature Since 1800 This book collects together the academic and popular articles which have been published on the author's 'Arthurian Resources' website -- www.arthuriana.co.uk -- between 1998 and 2009. Praise for Thomas Green's 'Concepts of Arthur' (Tempus, 2007) 'Valuable to anyone studying the Arthurian legend... vigorous and comprehensive' [Speculum, the Journal of the Medieval Academy of America] 'Concepts of Arthur is that rare thing: a book that offers an original and

refocused view of the nature of Arthur... I cannot fault or praise highly enough his respectful handling of British myth' [Arthuriana, the Journal of Arthurian Studies] 'Demanding but very important' [Simon Young, author of 'AD 500'] *Music and the Arts* World Scientific This book explores the metaphor of topography as a mechanism for the inscription of gender roles in Arthurian romance.

Hector Acebes Vintage

In inside, illustrated look at the next generation of NASA space probes and missions covers the International Space Station, the manned mission to Mars, and numerous unmanned missions to the outer planets and their moons. 40,000 first printing.

Essays on Music Dutton Childrens Books This book systematically traces Pound's career from his arrival in London in 1908

to his departure from Paris in 1924, emphasizing his activities but also describing his writings and relating them to his life. Avoiding either vitriolic condemnation or pious hagiography, Wilhelm examines Pound's strengths, especially his influence on other artists (including painters and sculptors); he also deals with Pound's weaknesses, as manifested particularly in his stormy encounters with people like Amy Lowell. Unlike recent popular biographies, this work offers the reader much new material about Pound's life, notably his amatory adventures with Nancy Cunard and Iseult MacBride Stuart, his musical relations with Katherine Ruth Heyman and Walter Morse Rummel, and his friendships with artists such as Francis Picabia, Henri Gaudier-Brzeska, and Wyndham Lewis. The Paris years from 1921 to 1924 are presented in a novel way through the dynamic interplay in Pound's life—both as a diary listing important events and as a series of constellations of artists, musicians, writers, and lovers. The book concludes with Pound's eventual disenchantment with Parisian life, his writing of his first Cantos, and his removal to Mussolini's Italy, a land that would greatly influence his tragic later years.

The Oxford Guide to Arthurian Literature and Legend Psychology Press

"This book presents the exquisite work of Hector Acebes for the first time in monograph form. Over ninety striking images are richly reproduced in duotone. Ed Marquand, director of the Hector Acebes Archive, introduces Acebes in a brief biography. Isolde Brielmaier, a noted art historian of African photography, places Acebes's African work in the context of other photographers shooting in Africa at the time. She also discusses the qualities of Acebes's work that distinguish his photographs today." Google Books viewed 9/8/2020.

Wagner and Philosophy Cornell University Press

Compilation of thirty-five moral tales, allegories, fables, and adventure stories which reflect life and thought during the Middle Ages.

The Oxford Guide to Arthurian Literature and Legend is both a critical history of the Arthurian tradition and a reference guide to Arthurian works, names, and symbols. It offers a comprehensive survey of the legends in all of their manifestations, from their origins in medieval literature to their adaptation in modern literature, arts, film, and popular culture. Not only does it analyse familiar Arthurian characters and

themes, it also demonstrates the tremendous continuity of the legends by examining the ways that they have been reinterpreted over the years. For instance, the motif of the abduction of Guinevere can be traced from Chretien de Troyes's Lancelot or the Knight of the Cart and the vulgate cycle of French romances in the 13th century, to Malory's retelling of the story in the Morte d'Arthur, through various modern adaptations like those in T. H. White's *The Once and Future King* and the contemporary film *First Knight*. This indispensable reference guide contains seven essays that trace the development of the Arthurian legend, encyclopedic entries, bibliographies, and a comprehensive index. The essays explore the chronicle and romance traditions, the influence of Malory, the Grail legend, the figures of Gawain and Merlin, and the story of Tristan and Isolt. The entries, which highlight key Arthurian characters, symbols, and places, offer quick and easy references. The extensive chapter-by-chapter bibliographies, which are subdivided by topic, augment the general bibliography of Arthurian resources. Comprehensive in its analysis and hypertextual in its approach, *The Oxford Guide to Arthurian Literature and Legend* is an essential reference book for Arthurian scholars, medievalists, and for those interested in cultural studies of myth and legend.

The Theory and Practice of Dark Tourism Univ of California Press

A Danish scholar of English and Irish literature, Christensen focuses on the four novels and handful of short stories that Anglo-Irish writer Bowen (1899-1973) published after World War II, which critics have tended to neglect until very recently. Distributed in the US by ISBS. Annotation copyrighted by Book News, Inc., Portland, OR

Flagstad Bloomsbury Publishing

Paul Atkinson explores the remarkable world of opera through his fieldwork with the internationally known Welsh National Opera company. In order to show us how cultural phenomena are produced and enacted, he takes us on stage and behind the scenes into the collective social action that goes into the realization of an opera. The author demonstrates how artistic interpretation is translated into the routine work of the rehearsal studio and the theatre, and how producers negotiate a practical reality with her or his performers to ultimately create extraordinary performances through the mundane, everyday work that makes them possible. The author calls for a sustained investigation of cultural phenomena, not

based solely on textual analysis but on the importance of collective work and social organization. Atkinson's work will appeal to anthropologists and sociologists who study the performance arts, as well as to those engaged in theatre arts, opera and music.

A Medieval Storybook Schocken

A stirring novel follows Tristan Martens, a retired entomologist and aging recluse, who stumbles upon a long-lost family heirloom in a New York antique shop and must deal with the painful memories it carries with it. By the author of *The Medusa Tree*.

An Operatic Ethnography Harper Collins

This guidance provides practical advice on the recording, analysis and understanding of earthworks and other historic landscape features using non-intrusive archaeological field survey and investigation techniques. It describes and illustrates approaches to archaeological field survey, drawing conventions and Levels of Survey for record creators and users. The guidance also draws from the experience of Historic England field teams, exploring different aspects of landscape investigation and analysis through a series of case studies. This revised version of the 2007 edition is one of several pieces of Historic England guidance available from the Historic England website. This guidance builds on those documents and stands alongside *Understanding Historic Buildings: a guide to good recording practice*.

Poems deal with the unseen presence of history, the evolution of desire, the creative genius in an ordinary shirt, the life of a diamond cutter, and the perspectives of religion

Everyday Arias Simon and Schuster

Insights on self-awareness, growth, and communication written for a popular readership.

Siegfried: English National Opera Guide 28

Oxford University Press on Demand

English National Opera Guides are ideal companions to the opera. They provide stimulating introductory articles together with the complete text of each opera in English and the original. Wagner wanted Siegfried, the third music drama in *The Ring of the Nibelung*, to be the most

popular of the cycle. Despite its many beautiful and dramatic scenes and its vital part in the drama, it has not fulfilled its composer's aspiration: Professor Ulrich Weisstein examines why. Professor Anthony Newcomb contributes a detailed analysis of Wagner's use of leitmotifs, identifying the different purposes they fulfill. Derrick Puffett takes up the extraordinary fact that Wagner composed *Tristan and Isolde* and *The Mastersingers of Nuremberg* in the eight-year hiatus between his beginning and completion of *Siegfried's* second act; Puffett explores the subsequent changes in Wagner's musical imagination that enabled the composer to complete his enormous task. The thematic guide compliments those found in the other Opera Guides to The Ring Cycle.

Religious Symbolism and the Royal Women of Muscovite Russia

HarperCollins Publishers

Wagner's operas can be counted among the most important works of art of the nineteenth century. But Wagner was a

composer around whom violent artistic, political, and literary controversies raged during

[Ezra Pound in London and Paris, 1908-1925](#) Channel View Publications

The English National Opera Guides were originally conceived in partnership with the English National Opera and edited by Nicholas John, the ENO's dramaturg, who died tragically in an accident in the Alps. Most of the guides are devoted to a single opera, which is described in detail--with many articles that cover its history and information about the composer and his times. The complete libretto is included in both the original language and in a modern singing translation--except where the opera was written in English. Each has a thematic guide to the most important musical themes in musical notation and each guide is lavishly illustrated. They also contain a bibliography and a discography which is updated at each reprint. The ENO guides are widely regarded as the best series of their kind and excellent value.

Die Meistersinger was enthusiastically received at its premiere in 1868, and was judged to be Wagner's most immediately appealing work. Eduard Hanslick wrote after the premiere: "Dazzling scenes of colour and splendour, ensembles full of life and character unfold before the spectator's eyes, hardly allowing him the leisure to weigh how much and how little of these effects is of musical origin."

[The Want Bone](#) Oneworld Classics

Tales drawn from Arthurian and European legends, medieval epics and romances.
