This clear and concise text helps readers grasp the doctrines of the Christian faith considered basic from the earliest days of Christianity. Ronald Heine, an internationally known expert on early Christian theology, developed this book from a course he teaches that has been refined through many years of classroom experience. Heine primarily uses the classical Christian doctrines of the Nicene Creed to guide students into the essentials of the faith. This broadly ecumenical work will interest students of church history or theology as well as adult Christian education classes in church settings. Sidebars identify major personalities and concepts, and each chapter concludes with discussion questions and suggestions for further reading.

How does Christian philosophy address phenomena in the world? Felix Ó Murchadha believes that seeing, hearing, or otherwise sensing the world through faith requires transcendence or thinking through glory and night (being and meaning). By challenging much of Western metaphysics, Ó Murchadha shows how phenomenology opens new

ideas about being, and how philosophers of "the theological turn" have addressed questions of creation, incarnation, resurrection, time, love, and faith. He explores the possibility of a phenomenology of Christian life and argues against any simple separation of philosophy and theology or reason and faith.

Christian Living Doctrine—what
Christians believe—directly influences
how they live. The biblical truths about
God, humanity, and the world are not
merely about knowing more—they are
also about loving God and making sense
of this life and the life to come. But what
happens when there is disparity between
what believers confess and how they
live? In his latest book, *Do You Believe?*,
pastor and best-selling author Paul David
Tripp takes a close look at 12 core
doctrines and how they engage and
transform the human heart and mind.
According to Tripp, "true belief is always
lived." To demonstrate, he unpacks each
doctrine and presents its relevance for
the Christian life. As readers explore
topics such as the doctrine of God, the
holiness of God, and the doctrine of
Scripture, they will be fueled to fall
deeper in love with and stand in awe of
their Creator and Father—putting the
truths of God's word on display for all
the world to see.

John Owen is widely hailed as one of the greatest theologians of all time. His many works—especially those encouraging Christians in their struggle against sin—continue to speak powerfully to readers today, offering much-needed spiritual guidance for following Christ and resisting temptation day in and day out. Starting with an overview of Owen’s life, ministry, and historical context, Michael Haykin and Matthew Barrett introduce readers to the pillars of Owen’s spiritual life. From exploring his understanding of believers’ fellowship with the triune God to highlighting his teaching on justification, this study invites us to learn about the Christian life from the greatest of the English Puritans. Part of the *Theologians on the Christian Life* series.

Glory and Night Zondervan

Many popular views try to reduce the process of Christian growth to a single template: Remember past grace. Rehearse your identity in Christ. Avail yourself of the means of grace. Discipline yourself. But Scripture portrays the dynamics of sanctification in a rich variety of ways. No single factor, truth, or protocol can capture why and how a person is changed into the image of Christ. Weaving together personal stories, biblical exposition, and theological reflection, David Powlison shows the personal and particular ways that God meets you where you are to produce change. He highlights the variety of factors that work together, helping us to avoid sweeping generalizations and pat answers in the search for a key to sanctification. This book is a go-to resource for understanding the multifaceted, lifelong, personal journey of sanctification.

Basic Training, Plain Talk on the Key Truths of the Faith NavPress Publishing Group

This introductory theology text explains key concepts in Christian doctrine and shows that doctrine is integrally linked to the practical realities of Christian life. In order to grow into more faithful practitioners of Christianity, we need to engage in the practice of learning doctrine and understanding how it shapes faithful lives. Beth Felker Jones helps students articulate basic Christian doctrines, think theologically so they can act Christianly in a diverse world, and connect Christian thought to their everyday life of faith. This book, written from a solidly evangelical yet ecumenically aware perspective, models a way of doing theology that is generous and charitable. It attends to history and contemporary debates and features voices from the global church. Sidebars made up of illustrative quotations, key Scripture passages, classic hymn texts, and devotional poetry punctuate the chapters.

The Epistle of Paul the Apostle to The Romans Reformation Trust Publishing
A Grammar of Christian Faith is a two-volume set that aims to confront the widespread disarray in the language and practices of Christian faith today. As a 'grammar,' it explains how Christian faith provides special ways of speaking and acting that make sense of human life by giving it meaning, practicality, and hope. It advances the thesis that learning how to speak Christian language in worship and life is crucial to learning how to be a Christian. Rather than supposing that Christian language and theology need continual updating in order to be relevant to the world, Jones urges the church to recover anew how Christian concepts and understanding are intended to form Christian life in all its rich depths. Construing theology as confessional theology in the context of the church, Jones understands the church as that liberative and redemptive community called into being by the Gospel of Jesus Christ to witness in word and deed the triune God for the benefit of the world. The full range of doctrinal themes that are deemed essential to the witness of the church are explored, including clear explanations of why they are essential and how they are to be understood. In pursuit of a truthful and beneficial witness of the church, the work centers on a trinitarian understanding of God, in which God freely and lovingly interacts with the world as Creator, Reconciler, and Redeemer. The work throughout affirms the belief that the gracious triune God is the Ultimate Companion who will redeem all creation.

In a world where war is a persistent reality in media and in film, there is a larger, consequential war being waged everyday that is often neglected: the Spiritual war inside of us. Written in the English Puritan era but just as powerful and inspiring today, William Gurnall's timeless epic The Christian in Complete Armour serves as a beautifully written and action-packed spiritual guidebook. A call to arms for Christians, Gurnall's expounded sermons on Ephesians 6:10-20 are as practical as they are illuminating. With stunning prose and page-turning excitement, the battle for the soul and the descriptions of the God-given protections and weapons ascribed to the believer are detailed and explained. Gurnall's masterpiece has been inspiring Christians since the 17th century, and has never been as applicable and urgently needed as the present day. Praise of the work: "If I might read only one book beside the Bible, I would choose The Christian in Complete Armour." -John Newton
"Peerless and priceless; every line full of wisdom." -C. H. Spurgeon
"A beautiful feature in Gurnall's book is its richness in pithy, pointed, and epigrammatical sayings. You will often find in a line and a half some great truth, put so concisely, and yet so fully, that you really marvel how so much thought could be got into so few words." -J. C. Ryle

Becoming Truly Human in the Presence of God Indiana University Press

The lives of Christian churches are shaped by doctrinal theology. That is, they are shaped by practices in which ideas about God and God's ways with

the world are developed, discussed and deployed. This book explores those practices, and asks why they matter for communities seeking to follow Jesus. Taking the example of the Church of England, this book highlights the embodied, affective and located reality of all doctrinal practices – and the biases and exclusions that mar them. It argues that doctrinal theology can in principle help the church know God better, even though doctrinal theologians do not know God better than their fellow believers. It claims that it can help the church to hear in Scripture challenges to its life, including to its doctrinal theology. It suggests that doctrinal disagreement is inevitable, but that a better quality of doctrinal disagreement is possible. And, finally, it argues that, by encouraging attention to voices that have previously been ignored, doctrinal theology can foster the ongoing discovery of God's surprising work.

Healthy Christian Growth Crossway Foundations of Christian Doctrine presents a simply-written explication of the great doctrines of the Christian faith for use in classroom instruction and personal study.

The celebration of the Eucharist, in which Jesus Christ becomes present, is the center of the Catholic faith. This volume brings together substantive texts of the Holy Father on the many aspects and dimensions of the Mass and the Mystery of the Eucharist, a rich source for every Christian and a spur to reflection and personal prayer. Delivered in addresses and homilies to a wide variety of audiences, these reflections reveal the depth and breadth of Pope Benedict XVI's profound and life-long love for the Holy Eucharist. A major theme throughout the works of Joseph

Ratzinger, the Real Presence of Jesus in the Eucharist is the Church's source of life, unity and fruitfulness. This theme has been carried deeply into his pontificate, as can be seen in this collection, which challenges the faithful to believe that by receiving Christ in Holy Communion, they are drawn not only into the very life of God, but into the community that is Christ's Body, the Church.

A Handbook of Christian Belief Wm. B. Eerdmans Publishing

In this volume, highly esteemed scholar Kevin Vanhoozer introduces readers to a way of thinking about Christian theology that takes the work he began in the groundbreaking 2005 book, *The Drama of Doctrine*, to its next level. Vanhoozer argues that theology is not merely a set of cognitive beliefs, but is also something we do that involves speech and action alike. He uses a theatrical model to explain the ways in which doctrine shapes Christian understanding and forms disciples. The church, Vanhoozer posits, is the preeminent theater where the gospel is "performed," with doctrine directing this performance. Doctrines are not simply truths to be stored, shelved, and stacked, but indications and directions to be followed, practiced, and enacted. In "performing" doctrine, Christians are shaped into active disciples of Jesus Christ. He goes on to examine the state of the church in today's world and explores how disciples can do or perform doctrine. Written in an accessible and engaging style, *Faith Speaking Understanding* sets forth a compelling vision of what the church is

and what it should be doing, and demonstrates the importance of Christian doctrine for this mission. Disciples who want to follow Christ in all situations need doctrinal direction as they walk onto the social stage in the great theater of the world. The Christian faith is about acknowledging, and participating in, the great thing God is doing in our world: making all things new in Christ through the Holy Spirit. Doctrine ministers understanding: of God, of the drama of redemption, of the church as a company of faithful players, and of individual actors, all of whom have important roles to play. In an age where things fall apart and centers fail to hold, doctrine centers us in Jesus Christ, in whom all things hold together.

The third volume of Frame's Theology of Lordship series, this book focuses on biblical ethics. In an age of ethical relativism and suspicion of authority, how can we know what is good, virtuous,

or just? Frame surveys non-Christian ethical traditions before setting forth a solidly Christian ethical method. By clarifying biblical norms, life situations, and personal dimensions, he presents a model for decision making that honors God in all aspects of life. Discussions range from natural law and conflict of duties to detailed explorations of the Ten Commandments in connection with questions surrounding worship, the Sabbath, church and state, respect for life and truth, sexuality, and the relation of Christ to culture.
