Daily Geography Practice,
Grade 4 Teacher Created
Materials
Supplement your social
studies curriculum with
180 days of daily
geography practice! This
essential classroom

resource provides
teachers with weekly
geography units that build
students' geography
knowledge, and are easy
to incorporate into the
classroom. In a world that
is becoming more
connected and globalized,
21st century students
must have the skills
necessary to understand
their world and how

geography affects them
and others. Students will
develop their map and
spatial skills, learn how to
answer text- and photo-
dependent questions, and
study the 5 themes of
geography. Each week
covers a particular topic
and introduces students
to a new place or type of
map. The first two weeks
consist of a mini-unit that

focuses entirely on map skills. For additional units, students will study various places, and how culture and geography are related. With a focus on the six populated continents, students will explore various types of maps including physical maps, political maps, topographic maps, thematic maps, climate maps, regional maps, and various topics including scale, legends, cardinal directions, latitude and longitude, and more. Aligned to state standards and National Geography

Standards, this resource includes digital materials. Daily Warm-Ups: Geography - Level I Evan-Moor Okonkwo is the greatest warrior alive, famous throughout West Africa. But when he accidentally kills a clansman, things begin to fall apart. Then Okonkwo returns from exile to find missionaries and colonial governors have arrived in the village. With his world thrown radically off-balance he can only hurtle towards tragedy. Chinua Achebe's stark novel

reshaped both African and world literature. This arresting parable of a proud but powerless man witnessing the ruin of his people begins Achebe's landmark trilogy of works chronicling the fate of one African community, continued in *Arrow of God* and *No Longer at Ease*. New Relevance for Science and Society Mango Media Inc. Integrate interactive whiteboard technology into your instruction and engage your students with fun activities that are designed using

Promethean ActivInspire software and perfect for touch-screen technology! Designed to support existing content-area lessons with standards-based, interactive activities, this resource is teacher-friendly, based on research, and easy to use. The 128-page book includes 30 easy-to-follow activities and a ZIP file with templates and examples. This resource is correlated to the Common Core State Standards, is aligned to the interdisciplinary themes from the Partnership for

21st Century Skills, and supports core concepts of STEM instruction. 128pp.

Easy, Level 6 Evan-Moor 180 Days of Geography is a fun and effective daily practice workbook designed to help students learn about geography. This easy-to-use fourth grade workbook is great for at-home learning or in the classroom. The engaging standards-based activities cover grade-level skills with easy to follow instructions and an

answer key to quickly assess student understanding. Each week students will explore a new topic focusing on map skills, applying information and data, and connecting what they have learned. Watch students build confidence as they learn about location, place, human-environment interaction, movement, and regions with these quick independent learning activities. Parents appreciate the teacher-approved activity books that keep their child

engaged and learning. Great for homeschooling, to reinforce learning at school, or prevent learning loss over summer. Teachers rely on the daily practice workbooks to save them valuable time. The ready to implement activities are perfect for daily morning review or homework. The activities can also be used for intervention skill building to address learning gaps. *Harcourt Brace Social Studies* Shell Education "36 weekly lessons, each including: teacher

resource page, geography vocabulary, reproducible map, two questions per day, challenge question, answer key; includes access to 36 downloadable maps"-- Cover.

Walch Publishing

Looking for trivia books filled with fun facts and trivia questions and answers? Answers to

Questions You've Never Asked will entertain you for hours. Fun facts for kids of all ages: When you take the most absurd parts of history, science, economics and geography, you end up with a pretty confusing picture of humanity. Why do we have borders, what's the furthest you can get from the ocean, how do you qualify as a country and why did Vikings wear those silly helmets? These are just a few of the strange questions that bounce around the head of

YouTube sensation Joseph Pisenti, aka RealLifeLore. Trivia questions and answers: In his channel, Pisenti presents illogical truths in a logical manner. In his debut book, Pisenti builds on this nonsensical humor of the universe with in-depth analysis of empires, economies, and ecosystems as he helps answer the ridiculous. Why, you ask? Because someone has to. Using line drawings, graphs and charts, Pisenti not only details the absurd, but he also provides explanations on why

things are...and why they aren't. Answers to: • Where can I move to so that I'm never tempted by McDonalds again? • How far into the Pacific does Trump's wall stretch? • If Plato came back to life, what would he think of modern democracy? • Why do all empires fail? • Who decides what countries are allowed to participate in the Olympics? • What makes Finland so great? Witty, thought-provoking and occasionally snarky, Answers to Questions You've Never Asked is for

anyone who beams with curiosity and has a belly-button.
