KIERA CLINTON

Emergency Medicine Secrets Simon and Schuster
The USA Today and Wall Street Journal bestselling guide to looking younger without spending a fortune from nationally renowned plastic surgeon Anthony Youn. Here's what the experts know but aren't telling you-until now:- The drugstore brand can be just as effective - or better - than the expensive cream at your dermatologist's office- Surgery usually isn't the best solution- Natural, DIY creams can actually get results, using ingredients that cost pennies- Diet can be your best defense against redness, acne, fine lines, and wrinkles. Dr. Anthony Youn is the rare plastic

surgeon who does everything he can to keep his patients out of the operating room. He's spent the past sixteen years researching the secrets of plastic surgeons, dermatologists, makeup artists, and dietitians, and he knows what works, what doesn't, and what's overpriced. Now he's compiled solutions to every cosmetic aging problem in this definitive anti-aging bible. Whether you want to stay as natural as possible or you're interested to know which creams and medical procedures actually work (and are worth the price tag), The Age Fix has your fix to look younger and more radiant. Dr. Youn's customizable Age Fix routine will help you improve skin health, whatever your age or concerns, and his diet-based Age Fix prescription will rejuvenate your skin and overall health from the inside out. Did you know that the foods you choose every day can contribute to

fine lines and wrinkles and the likelihood of your getting a sunburn? Dr. Youn explains why you should shun soda but reach for that glass of red wine. You'll also discover which fruit can help you look younger and prevent sun damage and which supplements are proven to reduce fine lines. From your face, to your neck, your hands, your eyes, and your body, The Age Fix has you covered with an abundance of actionable takeaways and insider advice to help you reclaim your youthful glow--without spending a fortune or going under the knife!

Plastic Surgery Secrets Plus HarperCollins

Plastic surgery is a field we all think we know well from reality shows like Extreme Makeover and Dr. 90210. But do we really? Only this doctor can tell you what it's all about. His truths will shock you, his rules will inform you, and his revelations could save you. A well-established, dynamic plastic surgeon at the top of his game, Dr. Z. Paul Lorenc lets you into his private practice, where the stakes are rising every day, and answers the burning questions. What should you know about a doctor's training? Do you know the difference between a tummy tuck and liposuction, and who is more suited for which? Have you ever imagined what mistakes a doctor has made and whether they can be corrected? He reveals the lies patients tell him and the lengths to which celebrities go to maintain anonymity in the waiting room. He shatters the myths surrounding post-operative recovery. And much, much more. Dr. Lorenc not only supplies the answers but analyzes what increasingly drives people in our youth- and beauty-obsessed culture--women and men alike--to request his services. With nuance and knowledge, he scrutinizes every detail of this fascinating yet imperfect science. This is the book for

anyone who is thinking--even just a little--about getting plastic surgery.

Official Book Club Selection is Kathy Griffin unplugged, uncensored, and unafraid to dish about what really happens on the road, away from the cameras, and at the star party after the show. (It's also her big chance to score that coveted book club endorsement she's always wanted. Are you there, Oprah? It's me, Kathy.) Kathy Griffin has won Emmys for her reality show Kathy Griffin: My Life on the D-List, been nominated for a Grammy, worked and walked every red carpet known to man, and rung in the New Year with Anderson Cooper. But the legions of fans who pack Kathy's sold-out comedy shows have heard only part of her remarkable story. Writing with her trademark wit, the feisty comic settles a few old scores, celebrates the friends and mentors who helped her claw her way to the top, and shares insider gossip about celebrity behavior—the good, the bad, and the very ugly. She recounts the crazy ups and downs of her own career and introduces us to some of the supertalented people she encountered before they got famous (or, in some cases, after fame went to their heads). Word to the wise: If you've ever crossed Kathy Griffin at some point in your life, check the index for your name. Along the way, Kathy reveals intimate details about her life before and after she made the big time. She opens up about everything from growing up with a dysfunctional family in suburban Illinois to bombing as a young comedian in L.A., from

her well-publicized plastic surgery disasters to her highly publicized divorce, and more. Only in this book will you learn how the dinner table is the best training ground for a career in stand-up, how speaking your mind can bite you on the ass and buy you a house, and which people in Kathy's life have taught her the most valuable lessons—both inside and outside the entertainment industry. And as if all that wasn't enough, there are also dozens of exclusive and somewhat embarrassing photos from Kathy's own collection—featuring the diva of the D List herself, with her old nose as well as her new one, plus celebrity friends, foes, frenemies, and hangers-on for you to gawk at. Refreshingly candid, unflinchingly honest, and full of hilarious "Did she really say that?" moments, Official Book Club Selection will make you laugh until you cry, or just puke up a little bit.
