[Number Signs for Everyone](#) Sign Media Incorporated
 Offering a variety of innovative teaching tools, INTRODUCTION TO LEARNING AND BEHAVIOR, 5th Edition provides a clear introduction to the principles of learning and behavior. Designed to strike a balance between basic principles and their practical application, it provides an engaging outline of the behavioral approach to psychology and its relevance for understanding and improving the world we live in. This edition includes a new emphasis on behavior self-management -- including an appendix on tactics of behavior self-management as well as Study Tip boxes advising students on a range of study behavior issues, from how to best read a textbook to the use of stimulus control procedures to increase concentration and reduce procrastination. Instructors who include self-management projects as a course assignment may particularly appreciate this material. As with past editions, numerous opportunities for review and self-testing help students maximize their understanding and retention. Important Notice: Media content referenced within the product

[Signing Naturally](#) Palgrave Macmillan

A wealth of entries representing the signs of American Sign Language, with illustrations, descriptions, cross-references and bibliography. "The most complete dictionary of sign language ever published." -- National Association of the Deaf

[American Sign Language For Dummies](#) Gallaudet University Press

Created by an unparalleled board of experts led by renowned ASL linguist and poet Clayton Valli, The Gallaudet Dictionary of American Sign Language contains over 3,000 illustrations. Each sign illustration, including depictions of fingerspelling when appropriate, incorporates a complete list of English synonyms. A full, alphabetized English index enables users to cross-reference words and signs throughout the entire volume. The comprehensive introduction lays the groundwork for

learning ASL by explaining in plain language the workings of ASL syntax and structure. It also offers examples of idioms and describes the antecedents of ASL, its place in the Deaf community, and its meaning in Deaf culture. This extraordinary reference also provides a special section on ASL classifiers and their use. Readers will find complete descriptions of the various classifiers and examples of how to use these integral facets of ASL. The Gallaudet Dictionary of American Sign Language is an outstanding ASL reference for all instructors, students, and users of ASL. *Please note that this paperback edition does not include the DVD found in the hardcover edition.

[A Basic Course in American Sign Language](#) Barrons Educational Series

Videotext (DVDs in place of videotapes) and workbook designed to provide a way to review and practice what is learned in the classroom. Each of the units revolves around a major language function such as asking for and giving directions and talking about life events.

This treasury of quotes from deaf women about life, love, and overcoming multifaceted challenges provides a resource for those seeking inspiration and understanding. Compiled from contributions from women of all walks of life—young and old, single and married, straight and lesbian, soccer moms and single mothers, women of color—this collection recognizes the gender-specific barriers that women confront daily and offers gender-specific strengths for overcoming them. Also a beginning point of unity for deaf women everywhere, these bits of wisdom address the need to pull together, share the vision and resources needed for empowerment, embrace diversity, and contribute to life each day in small ways.

[Numbering in American Sign Language](#) Cengage Learning

The focus of ASL to English: Say it Like They Mean It, is not about how we, the interpreters, think the English interpretation should be presented, but rather, how would an English speaking consumer with no understanding of Deaf Culture best understand the voiced message. The task of producing an appropriate interpretation from ASL to English is often noted as being the more difficult of the two interpreting tasks. With only two years in most interpreter education programs, students may not have a full comprehension of what is expected in ASL to English interpretation. This book looks at difficulties and issues that can arise as interpreters work between ASL and English, with exercises at the end of every chapter. ASL to English Interpretation: Say It Like They Mean It will not only give students currently studying interpreting an opportunity to learn how to interpret from ASL to English, but will also give students the opportunity to discuss and work on

the task of the English interpretation with their teacher and fellow students. This book is identical to ISBN 0-916883-38-8, it is just perfect-bound instead of spiral-bound, which required a new ISBN.

[Teacher's Curriculum Guide - Level One](#) Dawn Sign Press

Presented in textbook form, the book contains 22 lessons, each one providing illustrations and two to four basis explanations of the language structures to be learned.

[Aani and the Tree Huggers](#) Dawn Sign Press

Student workbookIngram
