## PATEL KENDAL

**Wolf Shifter Paranormal Romance** Independently Published

Say my name...They tell you I bring death and carnage. They believe I'm a curse, one that's contagious. But they're wrong. I was locked away for protecting the innocent. And while my name does bring violence and bloody destruction, it's only to those whose very souls are corrupted by the violence and hatred they harbor within. So say my name if you need my help. I'm Bloody Mary, and I promise I'm more than a legend; I'm a witch with the power to save you. But when four sinfully sexy men make promises to free me from my prison, for the first time in my life, I need to trust someone else to save me. Because the dark powers that trapped me long ago aren't about to let me go free, at least not without a fight. DON'T SAY MY NAME is a paranormal reverse harem with a tough, sarcastic heroine, four unique supernatural men, and steamy scenes that will leave you breathless. So if you're looking for something with a spooky edge and some humor that will leave your mouth watering, click to grab your copy.

**A Paranormal Reverse Harem Romance** Her Demon Harem Reverse Harem Fantasy Romance 1  
When librarian Stevie Price goes out with some friends on New Year's Eve, she never expects to come home on the back of a motorcycle with four sexy demons who claim they're her new protectors. And she DEFINITELY doesn't expect to be hunted by a crazed she-devil named Luci who wants her dead. But she's not going down without a fight. Now, if she can just stop herself from falling in love with Damon, Lachlan, Matteo AND Rex? Maybe she's got a chance in hell of surviving this mess...  
**The Succubus Chronicles** is a racy supernatural series, jam-packed with romance and suspense featuring alpha heroes and the women who love them. For readers of urban fantasy and fun, paranormal romance!  
**First Comes Wolves Fated Mates Wolf Shifter Romance** All I want for my birthday is to find my magic and maybe get my first kiss. But that's pretty hard to do when rumors fly around that my girly bits are cursed. For years I've lived among witches, always looking in and never quite belonging. For most of my life, my aunt cared for me, raised me, and hid me from the world. My world. Until she can't anymore. My mates have found me. All three of them. If these wolf shifters claim that I am theirs, that can only mean one thing—I'm not a witch, I'm a wolf shifter too. How could my aunt have hidden this from me? How can I go from off limits, a perpetual virgin, to being handed over to not just one, but three wolves? For once, I feel like I belong. Leaving my old life behind seems like a small price to pay for an eternity of happiness.  
**Makeshift** Bereft of her family, carrying her attacker's child, and no stranger to the grey clouds of desolation, Ana meets five men whose secrets are the harbingers of the biggest challenge of her life. Struggling to navigate the relationships she cannot help but find herself in, Ana realizes just how far she will go for the family who found her. The five wolves who run **Makeshift Mile**, a rescue farm-cum-juvenile shifter rehabilitation center in the middle of the woods, must reconcile the existence of their very human mate with the regulations that have kept supernatural society safe from meddling humans. When she arrives, awkward and pregnant, it's more than just her humanity that disturbs the peace that has been maintained by the supernatural clans. When a secret is revealed, the largest controversy in the last century begins, and the wolves and their woman must decide how best to navigate the sacrifices required to keep their new family safe—rules be damned. **Makeshift** is part one of three-part series, ending in a mild cliffhanger. This is a reverse harem/why choose novel, which means the main character does not have to choose between the men (wolves). If polyamory ain't your thing, feel free to move right along! Trigger/adult content warning violence, non-explicit references to sexual assault, talk about mental health issues including suicide attempts, explicit consensual sex scenes between the FMC and her harem, as well as M/M scenes between some of the men. Taken by Werewolves  
**Four sexy wolves stand between me and my sworn enemy. I can join them at Werewolf Academy... or die.** After my parents die in a fire, the Darken pack comes to town. The werewolves are here for

one thing: me. The Darken made a promise to keep me safe, and I need their protection more now than ever before. It turns out that my family has been keeping a secret from me my entire life: I'm a werewolf—a powerful one—and my life is in danger. The only place where I'll be safe is at Werewolf Academy, a boarding school for shifters like us. I feel an unnatural pull to Aiden, Colton, Rhys, and Theo, the hot Alpha of the pack who wants to claim me as his own. The only problem? One hint: It's not that my magic is so strong I'm freaking out my Lunar Magic 101 professor. I'm mated to all of them. Hidden Alpha is a YA paranormal academy/reverse harem romance. Recommended for ages 17+.

**A Paranormal Wolf Shifter Romance** Karen Lynch

To be werewolf is to claim power—if you're male. Females are expected to be breeders. They're also rare and therefore highly sought after. But none are as coveted as the Lost Princess of Howling Sky. With her tremendous moonlight, she will end the Prime War by becoming the mother of an unstoppable generation. Werewolves will rise. Vampires and humans will fall. “This is for you, Princess Sorissa,” Babaga murmured as she took my hands and placed the parcel in them. It felt like the weight of a book. A damn fairytale. “Let me stay,” I begged. “Whatever I did wrong, I’ll fix it. Please, Babaga. Please.” “This is out of my control. The deal was struck when I first took you in. You no longer have a place in these woods. You never belonged to me. I have fulfilled my end of the bargain, and the deed is done.” \*\*\*This series is perfect for readers who love high fantasy, spicy why-choose LGBTQ romance, and werewolves.

**Stolen by Her Wolves** KSA Publishing Consultants

An unclaimed female wolf shifter is a rarity, kind of like a unicorn. Highly-sought after, even fought for. But if Maia has her way, she'll stay unclaimed. Maybe it's a human way of thinking, but she should get to decide who to be with. It isn't asking for the world. On the run from her old pack due to a slight misunderstanding with her intended mate—meaning a claw to his throat—Maia stumbles upon a quaint town in the middle of nowhere. What she does not expect is the trifecta of misfit wolves who've made the town their home. Alarick, the understanding, calm and collected alpha. Farkas, the sarcastic and witty beta. Grimm, the tall, dark and handsome loner. All ridiculously sexy, and they instantly make her question her beliefs. Maybe being claimed wouldn't be such a bad thing... Her Pack is a steamy, reverse harem standalone.

**Carrie and the Broken Dragons** Kestra Pingree

Jane has a problem. She can see angels, and not just any angels, but archangels. There's Michael, tough, gorgeous, and smarter than Sherlock Holmes. Lucifer, the bad boy you love to, well, love. And Gabriel? Well, he's like the best friend she always wanted, only with washboard abs. Together they make an awesome team when they aren't trying to figure out a way to screw like bunnies. Or, at least, they will when a girl goes missing. Now it's up to Jane and her angels to crack the case, bring the girl home, and save the day. ...and this time, she might find that helping gets her what she's really wanted all along.

**Maven of Mayhem Series Book Three** University of Texas Press

"The Secrets of the Harem" by Anonymous. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten—or yet undiscovered gems—of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

**Bound to Them All** Independently Published

Lies and betrayal have cost her Ryder's love, and it's eating her alive, but Cassie's got a job to do. Looking back when she's got to plan for the battle ahead could prove deadly, and not just for herself. The Undercity of Milan is as corrupt as New York, and if she's to stop an all-out vampire war, she'll have to move mountains to mend fences. But in a world of ultra-powerful kings and queens who will

destroy anyone who gets in their way, her heart might not be the only thing that winds up broken.  
*A Reverse Harem Shifter Romance* Independently Published

Go camping, they said. It'll be fun, they said. Relaxing on Lake Travis, drinking beer, and stuffing my face with smores, was what I was hoping for. You know what they say about the best laid plans. I've caught the eye of four sexy men, though, I think they might be a few fries short of a Happy Meal. They are spewing all kinds of crazy about being werewolves and how I'm one of them. Maybe they aren't the only insane ones. Between that and the unexplainable things happening when I'm around them, I think it's safe to say sanity has left the building. Now, Cayden, Barrett, Liam, and Wyatt are taking me on what was supposed to be a road trip to figure out my past. Problem is, theirs isn't the only eye I've caught. Author's note: Since this is a series, the book does end in a cliffhanger. Don't worry, we will be putting up the second book for pre-order very soon!

*Wolf Awakened* Dell

"Anna Leonowens has been a historical puzzle. Susan Morgan establishes a solid ground for our understanding of this intriguing writer who became famous in our time thanks to a Broadway musical. Her life and contributions as a writer, a humanist, and a 19th century feminist were far richer beyond being the 'I' with the King."—Thongchai Winichakul, author of *Siam Mapped: A History of the Geo-Body of a Nation* "With extraordinary detective work, Susan Morgan uncovers the real tale of a brilliant and dynamic traveler who cut ties to her past history and fabricated the story of her life that has found its way into legend. In lovely and graceful prose, she uses this story to help us understand patterns of national and international life."—Allan M. Winkler, author of *Franklin D. Roosevelt and the Making of Modern America* "With sensitive writing and meticulous research, *Bombay Anna* offers the first comprehensive biography of Anna Leonowens, the 'I' in *The King and I*, which gave my father, Yul Brynner, his signature role. The details of her self-invention are only part of the revelation Susan Morgan provides; she also paints a masterful portrait of the Britain's Raj and its colonial hegemony in Southeast Asia. It is a fascinating read." —Prof. Rock Brynner, author of *Yul: The Man Who Would Be King*

**Pretty Broken Things** Univ of California Press

I am the queen of the Shadow Court. My heart is split between three men sworn to me alone. My powers grow every day, and with each moment spent together, so do those of my protectors. But sinister forces work to tear us apart, and I can't help but wonder if there will be blood spilled before long. Threats to my people and my kingdom loom, and war is on our doorstep. Am I willing to fight for my crown and potentially lose my loves in the process?

**Werewolf's Harem - Complete Boxed Set** BoD - Books on Demand

Killer. Traitor. Queen. I never thought learning about my parents would bring more questions than answers. I am a product of both my genetics and my upbringing, no matter how much my mind rages against recent revelations. But now, it's time to embrace the darkness that lives in my veins. The creature that prowls within. To end this once and for all, I'll have to become someone I've spent my life loathing. Lucas, Han, Noah, and Jacob are working to undermine Annex Security from inside with the help of a few unlikely allies while I take the reins and set my sights on a target closer to home. The board is set, the pawns sacrificed, and when all is said and done, the Queen's Gambit is poised to wipe the whole damn board. The only question is, can we all make it out? Can we survive without succumbing to the monsters we hide within? *The Scars We Bare* is the third and final book in the *Maven of Mayhem Series*. It is highly recommended to read the other two books in sequential order to follow the storyline. This is a full-length, why choose novel; meaning our leading lady does not need to choose between love interests to find her happily ever after and includes MM. This book contains steamy scenes and violence. Please read the content warnings because your mental health comes first.

**Reverse Harem Fantasy Romance 1** Good Press

I have a war to end. I've become Queen of Wolf Bridge, and I'm taking Paws Peak next. But my body is revolting. Two of my four mates have sealed me. It isn't enough. If I'm reckless, everything will fall apart. Tenuous ideas of peace between werewolves, vampires, and humans are riding on my moonlight. My need overshadows reason. Once all of my mates take me, I'll be whole, but the world might be damned. One story ends, another begins.

*Bombay Anna* Kestra Pingree

Livia has finally uncovered Anthony's secret, but when his past rears its ugly head, she knows the only way for him to truly heal is by ripping this old wound open. So far, they've defied the odds and survived...but can their love do the same? Racy supernatural mystery series, jam-packed with romance and suspense featuring an alpha hero and the woman who loves him. For readers of vampire romance, urban fantasy, and dark paranormal romance!

**Makeshift** Emery Road Publications

I was sold to werewolves. They said I'm the Lost Princess of Howling Sky. I said I'm just Sorissa. They said I'm to be claimed by a lecherous prince and that I'll end some timeless war between werewolves, vampires, and humans. I made other plans. Then four powerful werewolves from a rival kingdom came out of nowhere, and I was stolen again. They call themselves Phantom Fangs. Now, they're taking me to their kingdom to keep me "safe." They probably intend for some other prince to claim me instead. But I'm going to change their minds. They're different from the other werewolves. They're kind, they listen to me, and they make my blood run hot. Can I trust them? Claim the princess, rule the world.

**Book Two** Kestra Pingree

The gripping conclusion of *Her Howling Harem*, Book One! Rafe is gone...suffering at the hands of the evil MacLaren clan, and Arianna's world is crumbling. Can Arianna, Anton, Luke and Ethan save the missing piece of their pack before it's too late? Or will they all wind up victims of a mad-man with a diabolical plan? \*This is a reverse harem romance and contains love scenes with more than one partner.

**The King of Hearts 1** Shadow Court Harem

"Having begun my book with the statement that Morocco still lacks a guide-book, I should have wished to take a first step toward remedying that deficiency. But the conditions in which I travelled, though full of unexpected and picturesque opportunities, were not suited to leisurely study of the places visited. The time was limited by the approach of the rainy season, which puts an end to motoring over the treacherous trails of the Spanish zone. In 1918, owing to the watchfulness of German submarines in the Straits and along the northwest coast of Africa, the trip by sea from Marseilles to Casablanca, ordinarily so easy, was not to be made without much discomfort and loss of time. Once on board the steamer, passengers were often kept in port (without leave to land) for six or eight days; therefore for any one bound by a time-limit, as most war-workers were, it was necessary to travel across country, and to be back at Tangier before the November rains"--Pref.

**The Real Story and Remarkable Adventures of the King and I Governess** Melissa Marr

**A contemporary Bluebeard story set in the shadowy edges of New Orleans' French Quarter by the New York Times best-selling author Melissa Marr** After receiving a lead from an unlikely source, Juliana, the mortician tasked with the bodies of victims of the "Carolina Creeper", the South's most notorious serial killer in decades, sets off to New Orleans in search of Theresa Morris, an heiress and presumably the Creeper's only surviving victim. Theresa now goes by "Tess" and is a shadow of her former heiress self. She's also being pursued by famous novelist Michael, who sets his sights on Tess as the muse of his work-in-progress, oblivious to her former identity. As Michael gets closer to Tess and begins to put the pieces of her traumatic past together, Juliana zeroes in on her whereabouts. They don't know it, but the three of them are on a collision course, hurtling straight into the Creeper's path.

Mila Young

*Her Demon Harem* Reverse Harem Fantasy Romance 1
