Stories for South Asian Supergirls Tor Books

An inspiring and radical celebration of 70 women, girls, and nonbinary people who have changed—and are still changing—the world, from the Civil Rights Movement and Stonewall riots through Black Lives Matter and beyond. With a radical and inclusive approach to history, Modern HERstory

profiles and celebrates seventy women and nonbinary champions of progressive social change in a bold, colorful, illustrated format for all ages. Despite making huge contributions to the liberation movements of the last century and today, all of these trailblazers come from backgrounds and communities that are traditionally overlooked and under-celebrated: not just women, but people of color, queer people, trans people, disabled people, young people, and people of faith. Authored by rising star activist Blair Imani, Modern HERstory tells the important stories of the

leaders and movements that are changing the world right here and right now—and will inspire you to do the same.

Joan Schenkar maps out this richly bizarre life from her birth in Texas to Hitchcock's filming of her first novel, *Strangers on a Train*, to her long, strange self-exile in Europe. We see her as a secret writer for the comics, a brilliant creator of disturbing fictions, and an erotic predator with dozens of women (and a few good men) on her love list. *The Talented Miss Highsmith* is the first literary biography with access to Highsmith's whole story: her closest friends, her oeuvre, her archives. "A girl is inspired by an ambitious woman to ponder the word and claim it for herself as well"--

Bygone Badass Broads Sourcebooks, Inc. Discover 50 fascinating tales of female pirates, fraudsters, gamblers, bootleggers, serial killers, madams, and outlaws in this illustrated book of lawbreaking and legendary women throughout the ages. to break the law or challenge gender norms. From pirates to madams, gamblers to bootleggers, and serial killers to outlaws, women throughout the ages haven't always decided to be sugar, spice, and everything nice. In *Lawbreaking Ladies*, author Erika Owen tells the stories of 50 remarkable women whose rebellious and often criminal acts ought to solidify their place in history, including: - The swashbuckling pirate Ching Shih - "Queen of the Bootleggers" Gloria de Casares - The Prohibition-era gangster Stephanie Saint-Clair - And a band of prisoners who came to be known as the Goree Girls The perfect gift for true crime fans and lovers of little-known women's history, *Lawbreaking Ladies* serves as an engaging and informative guide to gals who were daring, defiant, and sometimes downright dangerous.

The Talented Miss Highsmith Penguin UK
Her Story is a vivid documentation of the breadth and diversity of American women's achievements throughout U.S. history. This one-of-a-kind illustrated timeline highlights the awesome, varied, and often unrecognized contributions of American women since the 1500s. There

have been women trailblazers throughout American history; women have had a profound impact on the intellectual, social, and political development of our society. But many of their contributions have gone unnoticed. Most people have heard of Susan B. Anthony, Harriet Tubman, Margaret Sanger, and Eleanor Roosevelt. But did you know that a woman microbiologist discovered the bacterium responsible for undulant fever, which then led to the pasteurization of all milk? Or that a woman patented the paper-bag folding machine to make square-bottom bags (the grocery bag)? Or that a female mathematician's work laid the foundation for abstract algebra? The women featured in *Her Story* range from writers, artists, actors, and athletes to doctors, scientists, social and political activists, educators, and inventors, and include women of all backgrounds and philosophies. The authors of *Her Story*, Charlotte S. Waisman and Jill S. Tietjen, have compiled an extraordinary collection of women and events that provides a unique view of history. Part of *Her Story's* distinctiveness is the inclusion of hundreds of lesser-known women from all walks of life who

have broken barriers and created paths of noteworthy and inspiring achievement. In her Foreword to the book, Madeleine Albright comments, "Spanning the centuries from 1587 . . . this book will allow women and men to become more aware of and informed about the women who have been instrumental in giving us the quality of life we enjoy today. Often stepping outside of the expected modes of behavior for women during their lives, the profiled women were the pioneers for their causes, their professions, or their passions. Their accomplishments have advanced the arts, the sciences, politics, and business." The timeline also includes snapshots of events and organizations that have shaped women's experiences and women's history and, thereby, the culture and history of America. The familiar and unfamiliar stories that unfold here—from Elizabeth Cady Stanton and the women's rights convention in Seneca Falls, to chemist Stephanie Kwolek's invention of Kevlar, the synthetic fiber used to make bulletproof vests—make *Her Story* a captivating look at champions that will resonate with women and men alike.
