 A National Book Award Finalist, Sarah Shun-lien Bynum's enchanting and inventive first novel is a groundbreaking, contemporary classic When a girl falls into a mysterious, impenetrable sleep, the borders between her provincial French village and the peculiar, beguiling realm of her dreams begin to disappear: A fat woman sprouts delicate wings and takes flight; a failed photographer stumbles into the role of pornographer; a beautiful young wife grows to resemble her husband's viol. Madeleine, the dreamer, travels in their midst, trying to make sense of her own metamorphosis. She leaves home, joins a gypsy circus, and falls into an unexpected triangle of desire and love. Embracing the earthy and the ethereal, the comical and the poignant, *Madeleine Is Sleeping* is part fairy tale, part coming-of-age story, and above all, an adventure in the discovery of art, sexuality, community, and the self.

 The first complete study of Ishiguro's work from *A Pale View of the Hills* to *When We Were Orphans*, this book explores the centrality of dignity and displacement in Ishiguro's vision, and teases out the connotations of home and homelessness in his fictions. Barry Lewis focuses on such key questions as: How Japanese is Ishiguro?; What role does memory and unreliability play in his narratives?; Why was *The Unconsoled* understood to be such a radical break from the earlier novels?

 From the winner of the Nobel Prize in Literature and author of the Booker Prize-winning novel *The Remains of the Day* In the face of the misery in his homeland, the artist Masuji Ono was unwilling to devote his art solely to the celebration of physical beauty. Instead, he put his work in the service of the imperialist movement that led Japan into World War II. Now, as the mature Ono struggles through the aftermath of that war, his memories of his youth and of the "floating world"—the nocturnal world of pleasure, entertainment, and drink—offer him both escape and redemption, even as they punish him for betraying his early promise. Indicted by society for its defeat and reviled for his past aesthetics, he relives the passage through his personal history that makes him both a hero and a coward but, above all, a human being.

 An extraordinary novel inspired by true events. 1943. Tasa Rosinski and five relatives, all Jewish, escape their rural village in eastern Poland—avoiding certain death—and find refuge in a bunker beneath a barn built by their longtime employee. A decade earlier, ten-year-old Tasa dreams of someday playing her violin like Paganini. To continue her schooling, she leaves her family for a nearby town, joining older cousin Danik at a private Catholic academy where her musical talent flourishes despite escalating political tension. But when the war breaks out and the eastern swath of Poland falls under Soviet control, Tasa's relatives become Communist targets, her tender new relationship is imperiled, and the family's secure world unravels. From a peaceful village in eastern Poland to a partitioned post-war Vienna, from a promising childhood to a year living underground, Tasa's Song celebrates the bonds of love, the power of memory, the solace of music, and the enduring strength of the human spirit. 2016 Independent Publisher Book Awards (IPPY): Bronze Medal, Historical Fiction 2016 Foreword INDIES Book Awards: Finalist - Historical Fiction

 BOOKER PRIZE WINNER • From the winner of the Nobel Prize in Literature, here is “an intricate and dazzling novel” (*The New York Times*) about the perfect butler and his fading, insular world in post-World War II England. This is Kazuo Ishiguro's profoundly compelling portrait of a butler named Stevens. Stevens, at the end of three decades of service at Darlington Hall, spending a day on a country drive, embarks as well on a journey through the past in an effort to reassure himself that he has served humanity by serving the "great gentleman," Lord Darlington. But lurking in his memory are doubts about the true nature of Lord Darlington's "greatness," and much graver doubts about the nature of his own life.

 From the winner of the Nobel Prize in Literature and author of the Booker Prize-winning novel *The Remains of the Day* comes an inspired sequence of stories as affecting as it is beautiful. With the clarity and precision that have become his trademarks, Kazuo Ishiguro interlocks five short pieces of fiction to create a world that resonates with emotion, heartbreak, and humor. Here is a fragile, once famous singer, turning his back on the one thing he loves; a music junky with little else to offer his friends but opinion; a songwriter who inadvertently breaks up a marriage; a jazz musician who thinks the answer to his career lies in changing his physical appearance; and a young cellist whose tutor has devised a remarkable way to foster his talent. For each, music is a central part of their lives and, in one way or another, delivers them to an epiphany.

 The Nobel Lecture in Literature, delivered by Kazuo Ishiguro (*The Remains of the Day* and *When We Were Orphans*) at the Swedish Academy in Stockholm, Sweden, on December 7, 2017, in an elegant, clothbound edition. In their announcement of the 2017 Nobel Prize in Literature, the Swedish Academy recognized the emotional force of Kazuo Ishiguro's fiction and his mastery at uncovering our illusory sense of connection with the world. In the eloquent and candid lecture he delivered upon accepting the award, Ishiguro reflects on the way he was shaped by his upbringing, and on the turning points in his career—“small scruffy moments . . . quiet, private sparks of revelation”—that made him the writer he is today. With the same generous humanity that has graced his novels, Ishiguro here looks beyond himself, to the world that new generations of writers are taking on, and what it will mean—what it will demand of us—to make certain that literature remains not just alive, but essential. An enduring work on writing and becoming a writer, by one of the most accomplished novelists of our generation.

Me Go and the Booker Prize-winning novel *The Remains of the Day* comes a luminous meditation on the act of forgetting and the power of memory. As they are joined on their journey by a Saxon warrior, his orphan charge, and an illustrious knight, Axl and Beatrice slowly begin to remember the dark and troubled past they all share. By turns savage, suspenseful, and intensely moving, *The Buried Giant* is a luminous meditation on the act of forgetting and the power of memory.

The popularity of such books as Frank McCourt's *Angela's Ashes*, Mary Karr's *The Liars' Club*, and Kathryn Harrison's controversial *The Kiss*, has led columnists to call ours "the age of memoir." And while some critics have derided the explosion of memoir as exhibitionistic and self-aggrandizing, literary theorists are now beginning to look seriously at this profusion of autobiographical literature. Informed by literary, scientific, and experiential concerns, *How Our Lives Become Stories* enhances knowledge of the complex forces that shape identity, and confronts the equally complex problems that arise when we write about who we think we are. Using life writings as examples—including works by Christa Wolf, Art Spiegelman, Oliver Sacks, Henry Louis Gates, Melanie Thernstrom, and Philip Roth—Paul John Eakin draws on the latest research in neurology, cognitive science, memory studies, developmental psychology, and related fields to rethink the very nature of self-representation. After showing how the experience of living in one's body shapes one's identity, he explores relational and narrative modes of being, emphasizing social sources of identity, and demonstrating that the self and the story of the self are constantly evolving in relation to others. Eakin concludes by engaging the ethical issues raised by the conflict between the authorial impulse to life writing and a traditional, privacy-based ethics that such writings often violate.
