This book describes and explains the many features of ground engineering that require special design attention to ensure safety and adequate performance. It is useful for civil and structural engineers code-drafting committees; clients; structural-design students and public authorities.

*A Thriller* Open Road + Grove/Atlantic

Sidelined by an on the job injury, veteran paranormal investigator Maureen Keslyn reluctantly accepts an assignment at Shadow Valley Manor, an upscale retirement facility where someone--or something--is picking off residents and staff at a grisly clip. With her resources dwindling one death at a time and unnatural forces on the loose, Maureen's experience fighting the supernatural provides her only hope to destroy a clever and powerful evil before everybody in the manor--and the town--winds up dead. Together with a ragtag team that includes the local sheriff, the undertaker's daughter, and the facility cook whose knife skills in the kitchen could prove deadly out of it--Maureen is on a mission to bring rest to the weary, and peace to the dead... "Paranormal thrills, a feisty middle-aged heroine, and a tantalizing mystery set in a creepy rest home . . . Clever, fast-paced, and fun." --Lisa Alber, author of *Kilmoon* and *Whispers in the Mist*.

*Pandavapuram* Thomas Telford

An exclusive look at one of the world's most successful and controversial companies, and the mysterious family behind it. BMW is arguably the most admired carmaker in the world. It's financial performance is the envy of its competitors, and BMW products inspire near-fanatical loyalty. While many carmakers struggle with falling sales, profits and market share, demand for BMWs continues to grow, frequently outpacing production. Now, David Kiley-Detroit Bureau Chief at USA Today and author of *Getting the Bugs Out*, which covered Volkswagen's demise and rebirth, goes inside the fabled German automaker to see how it does what it does so well. With unprecedented access to BMW executives, Kiley goes behind the walls of BMW's famed "Four Cylinders" headquarters in Munich at a time when the company is in its most aggressive, and some say riskiest, expansion in its history and when some of the company's new products, like the 7 Series sedan and Z4 roadster, are for the first time drawing as many barbs from critics as bouquets. Kiley covers intimate details of the boardroom drama surrounding the company's nearly disastrous acquisition and subsequent sale of the British Rover Group and its expansion into selling MINI and Rolls Royce cars. Besides being a world-class carmaker, BMW is also considered

one of the smartest consumer marketing companies and Kiley explores the extraordinary value and management of the BMW brand mystique. He also takes a revealing look at the mysterious and ultra-private Quandt family of Bad Homburg Germany, which owns a controlling stake in BMW: Johanna and Susanne Quandt, two of the wealthiest women in Europe and Stefan Quandt, one of the wealthiest bachelors on the continent. David Kiley (Ann Arbor, MI) is the Detroit Bureau Chief at USA Today who has covered the auto industry for 17 years. He has been featured on Nightline, CNBC, CNN, MSNBC, NPR and the Today show. He is also the author of *Getting the Bugs Out: The Rise, Fall, and Comeback of Volkswagen in America* (0-471-26304-4), also available from Wiley.

Passage to Faith is Book 1 in The Faith Today Trilogy series. Passage to Faith explores current scientific evidence supporting the case for the existence of a creator God. It draws on dozens of historical testimonies of individuals who had encounters with a Supreme Being which influenced them to change their lives, and sometimes the world, for the better. Taking the reader on an evidence-based tour through the cosmos, Lee, qualified in the fields of the philosophy of futures studies, theology, literature and education, reveals a stunning degree of indwelling intelligence and beauty on display throughout the universe and on Earth. He then traces the common ground between the creation account in Genesis in the Bible and scientific cosmology, the Big Bang theory and Albert Einstein's theory of relativity. Lee discusses the faith of a wide range of people from different eras and disciplines to reinforce the conviction that God's redeeming power actively intervenes not just in nature but in history. These examples include, among others, figures from history like Joan of Arc, Nelson Mandela and Barack and Michelle Obama, scientists and mathematicians like Copernicus, Galileo, Kepler, Newton, Faraday, Mendel, Pasteur, Pascal, George Washington Carver, Dr Wernher von Braun, Professor Christiaan Barnard and Francis S. Collins, missionaries like John Wesley, Mother Theresa, Dr David Livingstone, Dr Albert Schweitzer, and Jackie Pullinger, singers, entertainers, and actors such as Bob Dylan, Johnny Cash, Jim Reeves, Glen Campbell, Alice Cooper, Gary Cooper, John Wayne, Alfred Hitchcock, Mark Wahlberg, Mel Gibson, Sylvester Stallone, and Bear Grylls, men and women from the sports arena like George Foreman, Novak Djokovic, Simona Halep, Margaret Court and Siya Kolisi, as well as astronauts such as Dr Buzz Aldrin, David Randolph Scott and Gene Cernan. Film Directing Fundamentals gives the novice director an organic methodology for realizing on the screen the full dramatic possibility of a screenplay. Unique among directing books, this book provides clear-cut ways to translate a script to the screen. Using the script as a blueprint, the reader is led through specific techniques to analyze and translate its components into a visual story. A sample screenplay is included that explicates the techniques. The book assumes no knowledge and thus introduces basic concepts and terminology. Appropriate for screenwriters, aspiring directors and filmmakers, Film Directing Fundamentals helps filmmakers bring their story to life on screen.

Charlie has a story to tell, about his best friends Sinéad and James and the bad things that happened. But he can't tell it yet, at least not 'til he's worked out where the beginning is. Because is the beginning long ago when Sinéad first spoke up for him after Charlie got in trouble at school for the millionth time? Or was it later, when Sinéad and James followed the music and found each other? Or was it later still on that terrible night when something unspeakable happened and someone chose to turn a blind eye? This is the story of the dark heart of an Irish village, of how daring to be different can be dangerous and how there is nothing a person will not do for love. This is the story of the Gamal.

The bestselling book, now with a new preface by the authors At once a bold defense and reimagining of capitalism and a blueprint for a new system for doing business, Conscious Capitalism is for anyone hoping to build a more cooperative, humane, and positive future. Whole Foods Market cofounder John Mackey and professor and Conscious Capitalism, Inc. cofounder Raj Sisodia argue that both business and capitalism are inherently good, and they use some of today's best-known and most successful companies to illustrate their point. From Southwest Airlines, UPS, and Tata to Costco, Panera, Google, the Container Store, and Amazon, today's organizations are creating value for all stakeholders—including customers, employees, suppliers, investors, society, and the environment. Read this book and you'll better understand how four specific tenets—higher purpose, stakeholder integration, conscious leadership, and conscious culture and management—can help build strong businesses, move capitalism closer to its highest potential, and foster a more positive environment for all of us.

New York Times–bestselling author: “In the art of true-crime reportage, Jerry Bledsoe is the best in the country . . . Before He Wakes has the suspense of a novel” (The Atlanta Journal-Constitution). Barbara Stager was known as a devoted mother, loving wife, and dedicated church leader in her Durham, North Carolina, community. When she “accidentally” shot her husband, popular high school coach, Russ, the police were inclined to believe her—until they learned that ten years earlier, her first husband had died in a strangely similar way. Sgt. Rick Buchanan's relentless investigation into Stager's life revealed a stunning vortex of compulsive lying, obsessive spending, and sexual promiscuity. With every new discovery, more of Barbara's impeccable image unraveled. But the greatest shock—a damning piece of evidence Russ Stager left behind—revealed the nightmare truth about Barbara. With “the fine-toothed-comb reporting of [an] ace crime journalist,” this book takes us deep into a spellbinding case of double life, lethal lust, and almost perfect murder (Kirkus Reviews). “A shocking and well-written portrait of a dangerous woman.” —The New York Times “Mesmerizing.” —Ann Rule, New York Times–bestselling author of *The Stranger Beside Me* “This account of manipulation, compulsive spending, lying, promiscuity, and murder is made even more chilling by the fact that appearances are often deceiving.” —Library Journal “A profile of evil . . . Fascinating.” —The Baltimore Sun “Jerry Bledsoe is the master of true crime, the conclusion to what Truman Capote began. . . . Another stunning success.” —Patricia Cornwell, New York Times–bestselling author of *Chaos*

Residential Design Using Autodesk Revit 2021 is designed for users completely new to Autodesk Revit. This text takes a project based approach to learning Autodesk Revit's architectural tools in which you develop a single family residence all the way to photorealistic renderings like the one on the cover. Each book also includes access to extensive video training designed to further help you master Autodesk Revit. The lessons begin with a basic introduction to Autodesk Revit 2021. The first four chapters are intended to get you familiar with the user interface and many of the common menus and tools. Throughout the rest of the book a residential building is created and most of Autodesk Revit's tools and features are covered in greater detail. Using step-by-step tutorial lessons, the residential project is followed through to create elevations, sections, floor plans, renderings, construction sets, etc. About the Videos Access to extensive video training is also included with your purchase of this book. These videos break down each topic into several short videos so that you can easily navigate to a specific aspect of a tool or feature in Autodesk Revit. This makes the videos both a powerful learning tool and convenient video reference. The videos make it easy to see the menu selections and will make learning Revit straightforward and simple. It's like having the author by your side showing you exactly how to use all the major tools in Autodesk Revit.

#1 International Best Seller Living a meaningful, satisfying life is an enigma for most people today. We feel stuck, small, without the self-confidence to move in the direction of what we really want. Or, if we do muscle through our fear in pursuit of our dreams, we exhaust ourselves working and striving and achieving and yet somehow, no matter our level of outer-world success, are left dazed and disheartened, asking ourselves, “Is this all there is?” After ten years on Broadway, Sandra Joseph—the longest-running leading lady in Broadway's longest-running show, *The Phantom of the Opera*—knows one thing for sure: the only way to have a truly fulfilling life and achieve success that satisfies is to recognize that the journey up is no substitute for the journey in. In

Unmasking What Matters, Joseph uses lessons learned on the road to Broadway, during her decade as Christine, and through the challenges she faced after walking away from the business to show readers how to courageously bring their inner voice to the outer world, stop seeking success for achievement's sake and start creating the life they truly desire. With her hard-won wisdom, poignant personal stories, and practical, experiential exercises to guide them, readers will learn to shed their limiting masks, mindfully work through their fears, stand in their authentic power, and build a life rich with satisfaction, meaning, and significance. Warm, humble, encouraging, and inspiring, *Unmasking What Matters* can help anyone move from stuck, fearful, and playing it safe to embracing their passions, gifts, and opportunities and living life “full-out” today.

Praise for *Be the Solution* "In the past, many believed you either went into 'public service' to do good, or you 'went into business' to make money. Few realized that the long-term success of business depends on serving people, not making money. Few realized that perhaps the best way to serve the public was through free enterprise. Whole Foods Market founder John Mackey, visionary thinker Michael Strong, micro lender Muhammad Yunus, and a few others understand these truths. *Be the Solution* is the best single book to read to understand the emerging ways in which entrepreneurs can change the world." —Gary Hoover, serial entrepreneur, founder of Hoover's Business Information Service, [Hooversworld.com](http://Hooversworld.com) "Michael Strong speaks the truth. A must-read for our new American government." —Sam Wyly, founder, Green Mountain Energy; author of 1,000 Dollars and an Idea "This book is totally fantastic. Treat your mind to a feast. Use it to tune your vision towards what really works."

—Charles Harper, Senior Executive VP, Chief Strategist, John Templeton Foundation "Perhaps more than ever before, young people today are motivated by the desire to make the world a better place. Unfortunately, many have little idea about how to do it, and their educational studies provide them with little direction. In contrast, this book is a road map about how we can get from where we are to where we want to be—to a more peaceful, more prosperous, and more environmentally sound world. Plus, it is exciting, uplifting, and adventurous. Indeed, it provides the recipe for a better world." —Dr. James Gwartney, coauthor of *Economic Freedom of the World: 2007 Annual Report*; Gus A. Stavros Eminent Scholar Chair at Florida State University "This is a very thoughtful and timely book that asks us to look around—and to look within—the amazing opportunities that entrepreneurship offers to the world. I recommend this book to anyone interested in finding solutions to the current crisis." —Giancarlo Ibarguen, Executive President, Universidad Francisco Marroquin "At last, a book about the heart of capitalism as a force for creating good in the world for solving many of our tough societal problems. I hope our political leaders read it." —R. Edward Freeman, Olsson Professor of Business Administration, Academic Director, Business Roundtable Institute for Corporate Ethics, University of Virginia **Jump Start Bootstrap** St. Martin's Griffin The first in a series of books by Zingerman's co-founding partner Ari Weinzweig examines the basic building blocks of the culture and structure we know now as Zingerman's.
