FOLEY SADIE

To Accompany English Grammar in Use Fifth Edition John Wiley & Sons

The riveting true story of the women who launched America into space. In the 1940s and 50s, when the newly minted Jet Propulsion Laboratory needed quick-thinking mathematicians to calculate velocities and plot trajectories, they didn't turn to male graduates. Rather, they recruited an elite group of young women who, with only pencil, paper, and mathematical prowess, transformed rocket design, helped bring about the first American satellites, and made the exploration of the solar system possible. For the first time, *Rise of the Rocket Girls* tells the stories of these women -- known as "human computers" -- who broke the boundaries of both gender and science. Based on extensive research and interviews with all the living members of the team, *Rise of the Rocket Girls* offers a unique perspective on the role of women in science: both where we've been, and the far reaches of space to which we're heading. "If *Hidden Figures* has you itching to learn more about the women who worked in the space program, pick up Nathalia Holt's lively, immensely readable history, *Rise of the Rocket Girls*." -- *Entertainment Weekly*

MODULE 2 STUDENT READER: CURRICULUM FOR HIGH BEGINNERS Second Edition. Learning English with *Laughter's Teen-adult* series has four Modules. This Student Reader is part of a series of the three books, Student Reader, Workbook and Teacher's Guide that comprise Module 2. It is for English second language high beginners aged 13 years and older. It has 85 pages for 40 lessons of approximately 90 minutes each. Many of the exercises and activities will be incomplete if bought without the series - Student Reader, Workbook and Teacher's Guide. **THE STUDENTS DO NOT WRITE IN THIS BOOK, CONSEQUENTLY IT CAN BE USED BY MORE THAN ONE CLASS.** This allows schools that provide the books for their students to collect and re-issue them for the following semester. It also lets a student who has purchased the book, to re-sell it to an incoming student. This Student Reader provides the introduction and explanation of all new grammar points as they are incrementally introduced. **THE FOLLOWING GRAMMAR CONCEPTS ARE INTRODUCED IN THIS STUDENT READER.** They are then integrated and reinforced through large and small group oral activities in the Workbook and Teacher's Guide. - Vocabulary - Role-plays - Small group questioning, answering, checking answers - Question word order - Listening, reading and responding orally to questions - Small group partner activities - Use of "in" and "on" in dates - Tag questions - Using "do" in a tag question - Using "even though" and "although" - Using "un" in front of a word - Conditional sentences using "would, could, should" - Understanding "this, that, these, those" - Comparative distances - Reading a chart - Reference information - the seasons - Reference information - comparative adjectives - Small group discussion - expressing preferences - Sentence word order - Conditional sentences: untrue facts - present tense - Conditional sentences: untrue facts -future tense - Problem solving - Order of adjectives - Articles "a" and "the" - Adverbs with "ly" endings - Reference information - frequency adverbs - Using "likely" and "probably" - Using the adverb "ever" -

Using adverbs with "to be" - Whole class - making questions - Polite use of "would" - Contractions of "would" - Phrases using words followed by prepositions - British use of "have got" - Expressing necessity - A joke - "The goats" As each new concept is introduced it is mastered in a conversational environment. Grammar concepts are introduced incrementally and reinforced by providing extensive oral practice of each new concept before progressing to the next. The students will sometimes work in small groups, asking and answering questions and checking their answers from a box at the side of the page. Students appreciate this activity as they can practice outside of class with a friend. The conversational material provided stimulates laughter, creating an enjoyable and relaxed learning atmosphere. The students do the written work in the Workbook. All answers, tests and extra activities for photocopying are in the Teacher's Guide.

Practice Makes Perfect English Grammar for ESL Learners, 2nd Edition Createspace Independent Pub
Fourth in a four-level corpus-informed grammar series that features a unique combination of useful grammar information written in clear language with activities that promote more accurate and fluent writing, speaking, reading, and vocabulary usage.

French Grammar For Dummies Cambridge University Press

Get REA's newly updated grammar guide and workbook for intermediate and advanced ESL learners. This second edition is ideal for self-guided study or as a supplement to your ESL coursebook. If you're an ESL student who would like to make English a part of your everyday life, *ESL Grammar: Intermediate and Advanced* is for you. The book is for anyone with a basic command of English grammar and vocabulary who wants to build their fluency and confidence. You will find this study guide and workbook to be an excellent resource that you can use as a supplement to your coursebook or on its own, whether you're at home, in school, or on the job. This new second edition expands the book's thorough coverage of the important intermediate and advanced grammar topics, with handy usage tips and easy-to-follow practice exercises in every section. The book has been enriched with current topics and examples designed to help you increase your fluency on your journey to mastering English as it's spoken by native speakers. We've included the most commonly confused words (including sound-alikes) to help you avoid the top mistakes English learners make. We show you how word families—groups of words formed from the same base or root word—will

help you grow your vocabulary and understand what words mean even before you look them up in a dictionary. Many English words are borrowed from other world languages. This book will show you how to have fun with useful "loanwords" while you improve your vocabulary. We've added a new chapter on "Technology in Our Life Today." Here you will find clear definitions of frequently used computer and technology terms to help you communicate effectively in today's digital world.

Whether you're in school, managing a household, or looking for a job to advance your career, this book will help you take command of English and express yourself with precision. Be sure to look for the companion volume, *ESL Writing: Intermediate and Advanced*, also by Mary Ellen Muñoz Page.

English Grammar in Use with Answers, Thai Edition Taylor & Francis

Analyzing the Grammar of English offers a descriptive analysis of the indispensable elements of English grammar. Designed to be covered in one semester, this textbook starts from scratch and takes nothing for granted beyond a reading and speaking knowledge of English. Extensively revised to function better in skills-building classes, it includes more interspersed exercises that promptly test what is taught, simplified and clarified explanations, greatly expanded and more diverse activities, and a new glossary of over 200 technical terms. *Analyzing the Grammar of English* is the only English grammar to view the sentence as a strictly punctuational construct—anything that begins with a capital letter and ends with a period, a question mark, an exclamation mark, or three dots—rather than a syntactic one, and to load, in consequence, all the necessary syntactic analysis onto the clause and its constituents. It is also one of the very few English grammars to include—alongside multiple examples of canonical or "standard" language—occasional samples of stigmatized speech to illustrate grammar points. Students and teachers in courses of English grammatical analysis, English teaching methods, TESOL methods, and developmental English will all benefit from this new edition.

Learning English with Laughter Createspace Independent Publishing Platform

The purpose of this book *English*, like all languages, is full of problems for the foreign learner. Some of these points are easy to explain - for instance, the formation of questions, the difference between since and for, the meaning of after all. Other problems are more tricky, and cause difficulty even for advanced students and teachers. How exactly is the present perfect used? When do we use past tenses to be polite? What are the differences between at, on and in with expressions of place? We can say a chair leg - why not * a cat leg? When can we use the expression do so? When is the used with superlatives? Is unless the same as if not? What are the differences between come and go, between each and every, between big, large and great, between fairly, quite, rather and pretty? Is it correct to say There's three more bottles in the fridge? How do you actually say $3 \times 4 = 12$? And so on, and so on. *Practical English Usage* is a guide to problems of this kind. It deals with over 600 points which regularly cause difficulty to foreign students of English. It will be useful, for example, to a learner who is not sure how to use a particular structure, or who has made a mistake and wants to find out why it is wrong. It will also be helpful to a teacher who is looking for a clear explanation of a difficult language point. There is very full coverage of grammar, as well as explanations of a large number of common vocabulary problems. There are also some entries designed to clarify more general questions (e.g. formality, slang, the nature of standard English and dialects) which students and teachers may find themselves concerned with.

Rise of the Rocket Girls Macmillan ELT

This book is aimed at Polish native speakers who are studying English as a second or foreign language. It contains four error-correction tests with answers and full discussion of each answer, including Polish translation of the error sentences. The aim is to help Polish students to understand WHY they make the same errors again and again, thus helping them to eliminate those errors. There are two special sections: nouns that are countable in Polish but uncountable in English, and 50 common false friends in Polish and English. This book may be useful for the following people: - English language students and teachers in the Polish school system and in language schools - Polish students who want to improve their English at home in a self-study environment - Native speakers of English who teach Polish students and wish to understand why they repeatedly make the same errors - Polish teachers who teach Polish students and also wish to know more about common errors in Polish and English - from an English native speaker's point of view! - Students of English who are native speakers of other Slavic languages, such as Russian, Ukrainian, Czech, and Slovak - Anybody of any language who wants to improve their knowledge of English, since many of the errors also occur in other languages About the author: Matt Purland is an English teacher and writer from Cambridge in the UK. He has worked with Polish students at all levels since 2004. He has been living and working in Poland since 2007. His special interests include pronunciation, writing teaching materials, and error correction. This is his twenty-fifth resource book.
