 George Orwell's Nineteen Eighty-Four is unquestionably the most famous dystopian novel of all times. Written in the year of 1948, the author swapped the last two digits while describing a future totalitarian society where the minds, attitudes and actions of the subjects are thoroughly scrutinized by the "Thought Police", suspected dissidents tracked down and where the worship of the mythical party leader Big Brother is forced upon the masses. The low-ranking party member Winston Smith begins secretly to question the whole system and initiates a forbidden love affair with another party member.

The World Without Us Verso Books

World-renowned Stanford University psychologist Carol Dweck, in decades of research on achievement and success, has discovered a truly groundbreaking idea—the power of our mindset. Dweck explains why it's not just our abilities and talent that bring us success—but whether we approach them with a fixed or growth mindset. She makes clear why praising intelligence and ability doesn't foster self-esteem and lead to accomplishment, but may actually jeopardize success. With the right mindset, we can motivate our kids and help them to raise their grades, as well as reach our own goals—personal and professional. Dweck reveals what all great parents, teachers, CEOs, and athletes already know: how a simple idea about the brain can create a love of learning and a resilience that is the basis of great accomplishment in every area.

Undocumented is the story of immigrant workers who have come to the United States without papers. Every day, these men and women join the work force and contribute positively to society. The story is told via the ancient Mixtec codex—accordion fold—format. Juan grew up in Mexico working in the fields to help provide for his family. Struggling for money, Juan crosses over into the United States and becomes an undocumented worker, living in a poor neighborhood, working hard to survive. Though he is able to get a job as a busboy at a restaurant, he is severely undercompensated—he receives less than half of the minimum wage! Risking his boss reporting him to the authorities for not having proper resident papers, Juan risks everything and stands up for himself and the rest of the community.
