The History of the Medieval World: From the Conversion of Constantine to the First Crusade

Longman
Publishing Group
Presents facts on the
structure of feudal
society, showing how
people lived and worked,
and major events of the
time such as religious
persecution and the
crusades.

Handbook to Life in the
Medieval World, 3-Volume
Set Oxford University
Press, USA

Readers love to sink into
Neil Gaiman's medieval
worlds--but what makes
them "medieval"? Shiloh
Carroll offers an
introduction to the idea of
medievalism, how the
literature and culture of
the Middle Ages have
been reinterpreted and
repurposed over the
centuries, and how the
layers of interpretation
have impacted Gaiman's
own use of medieval
material.

The Ultimate Visual Guide
- Ancient and Medieval
World Collins & Brown

This text, designed for use
in one- and two-term
medieval history courses,
is based on a political
framework that includes
social and cultural history.
It emphasizes both high
and popular culture,
exploring what life was
like in the court, the city,
the countryside, and
academia. The text
primarily focuses on
Europe, but also gives
extensive attention to the
areas that affected
Europe, such as
Byzantium and the Islamic
world.

**The Medieval World
View** Cavendish Square
Publishing

Covers the inventions and
technology of Europeans
living in medieval times
and how their ideas
influenced technology
today.

The Medieval World
University of Chicago
Press

When one thinks of
women in the Middle
Ages, the images that
often come to mind are
those of damsels in
distress, mystics in
convents, female laborers
in the field, and even
women of ill repute. In
reality, however, medieval
conceptions of
womanhood were
multifaceted, and

women's roles were
varied and nuanced.
Female stereotypes
existed in the medieval
world, but so too did
women of power and
influence. The pages of
illuminated manuscripts
reveal to us the many
facets of medieval
womanhood and slices of
medieval life—from
preoccupations with
biblical heroines and
saints to courtship,
childbirth, and
motherhood. While men
dominated artistic
production, this volume
demonstrates the ways in
which female artists,
authors, and patrons were
instrumental in the
creation of illuminated
manuscripts. Featuring
over one hundred
illuminations depicting
medieval women from
England to Ethiopia, this
book provides a lively and
accessible introduction to
the lives of women in the
medieval world.
Pandemic Disease in the
Medieval World Welcome
Rain Publishers
This insightful survey of
the "things" of medieval
Europe allows modern
readers to understand
what they looked like,
what they were made of,
how they were created,
and how they were used.

All Things Medieval: An Encyclopedia of the Medieval World covers the widest definition of "medieval Europe" possible, not by covering history in the traditional, textbook manner of listing wars, leaders, and significant historic events, but by presenting detailed alphabetical entries that describe the artifacts of medieval Europe. By examining the hidden material culture and by presenting information about topics that few books cover—pottery, locks and keys, shoes, weaving looms, barrels, toys, pets, ink, kitchen utensils, and much more—readers get invaluable insights into the nature of life during that time period and area. The heartland European regions such as England, France, Italy, and Germany are covered extensively, and information regarding the objects of regions such as Byzantium, Muslim Spain, and Scandinavia are also included. For each topic of material culture, the entry considers the full scope of the medieval period—roughly 500–1450—to give the reader a historical perspective of related traditions or inventions and describes the

craftsmen and tools that produced it.

History of the Ancient and Medieval World Walter de Gruyter GmbH & Co KG
The Medieval World opens a delightful window into the past and will be essential reading for all students of the medieval period and for all those fascinated by the Middle Ages and history in general -- Provided by publisher.

It's a Feudal, Feudal World Getty Publications
Explores ancient civilizations and cultures from the dawn of humankind up to and including the Middle Ages.

Global Medieval Contexts 500–1500: Connections and Comparisons provides a unique wide-lens introduction to world history during this period. Designed for students new to the subject, this textbook explores vital networks and relationships among geographies and cultures that shaped medieval societies. The expert author team aims to

advance a global view of the period and introduce the reader to histories and narratives beyond an exclusively European context. Key Features: Divided into chronological sections, chapters are organized by four key themes: Religion, Economics, Politics, and Society. This framework enables students to connect wider ideas and debates across 500 to 1500. Individual chapters address current theoretical discussions, including issues around gender, migration, and sustainable environments. The authors' combined teaching experience and subject specialties ensure an engaging and accessible overview for students of history, literature, and those undertaking general studies courses. Theory boxes and end-of-chapter questions provide a basis for group discussion and research. Full-color maps and images illustrate chapter content and support understanding. As a result, this text is essential reading for all those interested in learning more about the histories and cultures of the period, as well as their relevance to our own contemporary experiences and

perspectives. This textbook is supported by a companion website providing core resources for students and lecturers. [All Things Medieval \[2 volumes\]](#) Routledge

A "lively and engaging" history of the Middle Ages (Dallas Morning News) from the acclaimed historian William Manchester, author of *The Last Lion*. From tales of chivalrous knights to the barbarity of trial by ordeal, no era has been a greater source of awe, horror, and wonder than the Middle Ages. In handsomely crafted prose, and with the grace and authority of his extraordinary gift for narrative history, William Manchester leads us from a civilization tottering on the brink of collapse to the grandeur of its rebirth: the dense explosion of energy that spawned some of history's greatest poets, philosophers, painters, adventurers, and reformers, as well as some of its most spectacular villains. "Manchester provides easy access to a fascinating age when our modern mentality was just being born." -- Chicago Tribune

Publications

It is organized in five main chapters, and each chapter is enhanced by a stunning six-page gatefold that reveals a construction of an historical place.

Medieval Worlds Routledge

Complete with introductions, full commentary, glossary, and a guide to further reading, *Medieval Worlds* is a comprehensive sourcebook for the study of Western Europe from the fifth to the fifteenth century. Drawing on a wide range of documents, from chronicles, legal, state, and church documents, to biographies, poems, and letters from all over Europe, the authors expertly illustrate to the reader the unity - and complexity - of the medieval world. Amongst many more, central issues discussed include: the diverse world of monasteries the Papacy the Crusades women the roles of the town and countryside. *Medieval Worlds* presents the reader with a view of the medieval era as it was: one of immense diversity with openness to new ideas, and outreach in areas from technology to natural philosophy.

[The Medieval World](#) Henry Holt

This book introduces the music of the Middle Ages while tracing the interrelations between the labors of musicians on the practical side & the monuments of rational organization erected by the thinkers of the age.

Medieval Panorama Ultimate Visual Guide

This groundbreaking collection brings the Middle Ages to life and conveys the distinctiveness of this diverse, constantly changing period. Thirty-eight scholars bring together one medieval world from many disparate worlds, from Connacht to Constantinople and from Tynemouth to Timbuktu. This extraordinary set of reconstructions presents the reader with a vivid re-drawing of the medieval past, offering fresh appraisals of the evidence and modern historical writing. Chapters are thematically linked in four sections: identities beliefs, social values and symbolic order power and power-structures elites, organizations and groups. Packed full of original scholarship, *The Medieval World* is essential reading for anyone studying medieval history.

The Medieval World

Waveland Press Inc

A masterful narrative of the Middle Ages, when religion became a weapon for kings all over the world. In her earlier work, *The History of the Ancient World*, Susan Wise Bauer wrote of the rise of kingship based on might. But in the years between the fourth and twelfth centuries, rulers had to find new justification for their power, and they turned to divine truth or grace to justify political and military action. Right began to replace might as the engine of empire. Not just Christianity and Islam but also the religions of the Persians, the Germans, and the Mayas were pressed into the service of the state. Even Buddhism and Confucianism became tools for nation building. This phenomenon—stretching from the Americas all the way to Japan—changed religion, but it also changed the state. *The History of the Medieval World* is a true world history, linking the great conflicts of Europe to the titanic struggles for power in India and Asia. In its pages, El Cid and Guanggaeto, Julian the Apostate and the Brilliant Emperor, Charles the

Hammer and Krum the Bulgarian stand side by side. From the schism between Rome and Constantinople to the rise of the Song Dynasty, from the mission of Muhammad to the crowning of Charlemagne, from the sacred wars of India to the establishment of the Knights Templar, this erudite book tells the fascinating, often violent story of kings, generals, and the peoples they ruled.

The Medieval World

Bloomsbury Publishing USA

Some of the great and lasting achievements of the Middle Ages and the Renaissance are the architectural wonders of soaring cathedrals and grand castles and palaces. While many of these edifices survive, many more are lost, and it is within the pages of illuminated manuscripts that we often find the best record of the appearance of these amazing buildings. This volume illustrates the creative ways in which medieval artists represented architecture, offering insight into what these buildings meant for medieval people. Such structures were not just made to be inhabited—they symbolized

grandeur, power, and even heaven on earth. *Building the Medieval World* accompanies an exhibition of the same name on view at the J. Paul Getty Museum from March 2 through May 16, 2010. *Building the Medieval World* is the fourth in the popular *Medieval Imagination* series of small, affordable books drawing on manuscript illumination in the collections of the J. Paul Getty Museum and the British Library. Each volume focuses on a particular theme and provides an accessible, delightful introduction to the imagination of the medieval world.

The Medieval City

University of Iowa Press
Provides an overview of the towns, trades, crafts, and travelers in Medieval Europe.

The Medieval World

Routledge

Originally published in 1993, *The Medieval World of Nature* looks at how the natural world was viewed by medieval society. The book presents the argument that the pragmatic medieval view of the natural world of animals and plants, existed simply to serve medieval society. It discusses the medieval concept of animals as

food, labour, and sport and addresses how the biblical charge of assuming dominion over animals and plants, was rooted in the medieval sensibility of control. The book also looks at the idea of plants and animals as not only pragmatic, but

as allegories within the medieval world, utilizing animals to draw morality tales, which were viewed with as much importance as scientific information. This book provides a unique and interesting look at the everyday medieval world.

[Global Medieval Contexts 500 – 1500](#) Routledge
Aimed at children aged 8+, this illustrated book takes the reader back to medieval times to explore the castles and courtyards, monasteries and manuscripts, and battles and banquets.
