#1 New York Times bestselling author Stephen King presents an original screenplay and major television event set in Maine's remote Little Tall Island. They're calling it the Storm of the Century, and it's coming hard. The residents of Little Tall Island have seen their share of nasty Maine Nor'easters, but this one is different. Not only is it packing hurricane-force winds and up to five feet of snow, it's bringing something worse. Something even the islanders have never seen before. Something no one wants to see. Just as the first flakes begin to fall, Martha Clarendon, one of Little Tall Island's oldest residents, suffers an unspeakably violent death. While her blood dries, Andre Linoge, the man responsible sits calmly in Martha's easy chair holding his cane topped with a silver wolf's head...waiting. Linoge knows the townsfolk will come to arrest him. He will let them. For he has come to the island for one reason. And when he meets Constable Mike Anderson, his beautiful wife and child, and the rest of Little Tall's tight-knit community, this stranger will make one simple

proposition to them all: "If you give me what I want, I'll go away."

While many experts point to the enormous complexity in addressing issues ranging from the destruction of ecosystems to the loss of millions of species, Thich Nhat Hanh identifies one key issue as having the potential to create a tipping point. He believes that we need to move beyond the concept of the "environment," as it leads people to experience themselves and Earth as two separate entities and to see the planet only in terms of what it can do for them. Thich Nhat Hanh points to the lack of meaning and connection in peoples' lives as being the cause of our addiction to consumerism. He deems it vital that we recognize and respond to the stress we are putting on the Earth if civilization is to survive. Rejecting the conventional economic approach, Nhat Hanh

shows that mindfulness and a spiritual revolution are needed to protect nature and limit climate change. Love Letter to the Earth is a hopeful book that gives us a path to follow by showing that change is possible only with the recognition that people and the planet are ultimately one and the same.

"My love story all started with a letter. Only it wasn't from the man I'd eventually fall in love with. It was from his daughter. A sweet little girl named Birdie Maxwell who'd written to the magazine that I worked for. You see, once a year my employer fulfilled a few wishes for readers. Only that column didn't start up again for months. So I fulfilled some of her wishes myself. It was harmless, so I thought. Until one day I took things too far."--Provided by publisher.

Certain they're fated to find each other again, Laurie spends a year scanning every bus stop and cafe in London for him. But she doesn't find him, not when it matters anyway. Instead they "reunite" at a Christmas party, when her best friend Sarah giddily introduces her new boyfriend to Laurie. It's Jack, the man from the bus. It would be. From YouTube Star Anna Akana comes a collection of personal essays about everything from self-esteem and friendship to sex and career decisions. In 2007, Anna Akana lost her teen sister, Kristina, to suicide. In the years that followed, Anna realized that the one thing that helped her process her grief and begin to heal was comedy. So, she turned to stand-up comedy and YouTube as a form of creative expression. Now she relays the hard-won advice she herself could have used when she was younger. Tackling everything from falling in love to becoming financially independent to staying safe on the Internet, she opens up about mistakes she made when she was a teenager and what young women everywhere can learn from her.

*How Suffering Transforms Us*

Based on an actual historical event but told through fictional diaries, this is the story of May Dodd—a remarkable woman who, in 1875, travels through the American West to marry the chief of the Cheyenne Nation. *One Thousand White Women* begins with May Dodd's journey into an unknown world. Having been committed to an insane asylum by her blue-blood family for the crime of loving a man beneath her station, May finds that her only hope for freedom and

redemption is to participate in a secret government program whereby women from "civilized" society become the brides of Cheyenne warriors. What follows is a series of breathtaking adventures—May's brief, passionate romance with the gallant young army captain John Bourke; her marriage to the great chief Little Wolf; and her conflict of being caught between loving two men and living two completely different lives. "Fergus portrays the perceptions and emotions of women...with tremendous insight and sensitivity."—Booklist "A superb tale of sorrow, suspense, exultation, and triumph." —Winston Groom, author of *Forrest Gump*

Every one of us sooner or later walks through hell. The hell of being hurt, the hell of hurting another. The hell of cancer, the hell of a reluctant, thinking shovel full of earth upon the casket of someone we deeply loved, the hell of betrayal, the hell of betraying, the hell of divorce, the hell of a kid in trouble . . . the hell of knowing that this year, like any year, may be our last. We all walk through hell. The point is not to come out empty-handed. . . . There is real and profound power in the suffering we endure if we transform that suffering into a more authentic, meaningful life. In the spirit of such classics as *When Bad Things Happen to Good People*, *A Grief Observed*, and *When Things Fall Apart*, *More Beautiful Than Before: How Suffering Transforms Us* examines the many ways we can transform physical, psychological, or emotional pain into a more beautiful and meaningful life. As the leader of Wilshire Boulevard Temple, one of America's largest and most important congregations, located in the heart of Los Angeles, Rabbi Leder has witnessed a lot of pain: "It's my phone that rings when people's bodies or lives fall apart," he writes. "The couch in my office is often drenched with tears." After 27 years of listening, comforting, and holding so many who suffered, he thought he understood pain and its challenges—but when it struck hard in his own life and brought him to his knees, a new understanding unfolded before him as he felt pain's profound effects on his body, spirit, and soul. In this elegantly concise, beautifully written, and deeply inspiring book, Rabbi Leder guides us through pain's stages of surviving, healing, and growing to help us all find meaning in our suffering. Drawing on his experience as a spiritual leader, the wisdom of ancient traditions, modern science, and stories from his own life and others', he shows us that when we must endure, we can, and that there is a path for each of us that leads from pain to wisdom. "Pain cracks us open," he writes. "It breaks us. But in the breaking, there is a new kind of wholeness." This powerful book will inspire in us all a life worthy of our suffering; a life gentler, wiser, and more beautiful than before.
