#1 NEW YORK TIMES BESTSELLER • A
vibrant collection of oil paintings and
stories by President George W. Bush
honoring the sacrifice and courage of
America's military veterans. With
Forewords by former First Lady Laura
Bush and General Peter Pace, 16th

Chairman of the Joint Chiefs of Staff.
Growing out of President Bush's own
outreach and the ongoing work of the
George W. Bush Institute's Military
Service Initiative, Portraits of Courage
brings together sixty-six full-color
portraits and a four-panel mural painted
by President Bush of members of the
United States military who have served
our nation with honor since 9/11—and
whom he has come to know personally.
Our men and women in uniform have
faced down enemies, liberated millions,
and in doing so showed the true

compassion of our nation. Often, they return home with injuries—both visible and invisible—that intensify the challenges of transitioning into civilian life. In addition to these burdens, research shows a civilian-military divide. Seventy-one percent of Americans say they have little understanding of the issues facing veterans, and veterans agree: eighty-four percent say that the public has "little awareness" of the issues facing them and their families. Each painting in this meticulously produced hardcover volume is accompanied by the inspiring story of the veteran depicted, written by the President. Readers can see the faces of those who answered the nation's call and learn from their bravery on the battlefield, their journeys to recovery,

and the continued leadership and contributions they are making as civilians. It is President Bush's desire that these stories of courage and resilience will honor our men and women in uniform, highlight their family and caregivers who bear the burden of their sacrifice, and help Americans understand how we can support our veterans and empower them to succeed. President Bush will donate his net author proceeds from PORTRAITS OF COURAGE to the George W. Bush Presidential Center, a non-profit organization whose Military Service Initiative works to ensure that post-9/11 veterans and their families make successful transitions to civilian life with a focus on gaining meaningful employment and overcoming the invisible wounds of war.

Painting Classic Portraits

Learning to paint is an exploration, a journey and an adventure! In this book I will show you a number of ways to paint a portrait, from a historical approach to contemporary application. Portraits are the most exciting challenge in painting. Think about it; when you look down at those creamy globs of paint that are sitting on your palette...you are going to create a three dimensional illusion of a human being! That to me is awesome magic. Painting takes time and practice, but mostly patience. Confidence will come once you understand your materials and you have explored a number of styles to find the best fit for you and/or your subject. Turn off the voice that judges and criticizes, and

allow yourself to explore and discover...you are on an adventure!

Ever wanted to paint like a neo-classical master? With this book now you can. Fine Artist Jeremiah Jolliff gives away so many secrets that the great baroque masters of the past would roll over in the graves! Really? This book is a simple and straightforward guide that helps the Portrait Painter gain instant fluency in painting the contemporary portrait. It is designed with both the beginner and veteran in mind. It is simple enough for the beginner to gain traction and understand the process of portrait painting immediately. The veteran Portrait Painter will find pleasure in the directness and potentially try out a new approach. The traditional portrait painting process is broken down into seven-steps that can be utilized straightaway and with authority.

A Step by Step Guide for Beginners

Watson-Guptill

A detailed guide to painting realistic dog portraits in acrylics. This book by best-selling author and animal portrait artist Dave White is the definitive guide to painting portraits of dogs in acrylics. His passion for animals is evident throughout the book, offering basic advice for beginners and explaining more advanced techniques suitable for experienced artists who wish to capture the spirit and character of dogs in their portraits. The book begins with detailed guidance on composition, deciding on the size of your painting, the background colour, and so on. There is also advice on using reference material, comparing painting from life with painting from photographs, and a detailed section on

essential techniques. Here you will learn about creating an outline, underpainting, how to paint realistic hair and whiskers, how to get shine on a nose and a glint in an eye, and whether to show ears up or down or the tongues in or out. This section will be followed by three step-by-step projects, including a short-haired dog, a long-haired dog and a group portrait, and the book ends with a short section providing practical advice on setting up and running your own pet portrait business.

Learn oil painting techniques for portraiture including skin colours, hair and eyes from this step by step art book. Portraiture would seem an art form reserved for the most intrepid and

experienced of artists. Now with large images for tablets, this oil painting step-by-step guidebook for beginners to intermediate aims to break down this seemingly exacting subject matter into manageable pieces. Within you will find step-by-step instructions on completing 10 portraits from old masters in oil. Leaving no stone unturned, portrait painting would seem more possible. Each demonstration comprises an overview of a particular oil painting technique to be explored, in-depth step-by-step instructions and (on average) 16 images in progress. The artists featured include Botticelli, Delacroix, Gauguin, Velazquez, Wright of Derby, Jacques-Louis David, Rossetti and Vermeer. An additional demonstration features a modern-day portrait. Subjects of various

ages, sexes and ethnicity help the developing portraitist get to grips with portraying most skin types in painting. As well as these demonstrations, preliminary sections offer guidance on the art materials required, preparing for oil painting and a personal view of portrait painting. At the back of this book can be found remedial techniques for portraiture, a troubleshooting guide and a glossary. These features make this book an invaluable guide for the beginner wishing to build confidence as well as the developing portraitist. My other book, 'Skin Tones in Oil: 10 Step by Step Guides from Old Masters' similarly explores portraiture but also the figure. Additional oil painting techniques are explained via the source material of artists including Da Vinci, Michelangelo

and Rubens. A troubleshooting guide for the portraitist is also available. 'Why do my Skin Tones Look Lifeless Plus 25 Solutions to Other Portrait Painting Peeves' helps with common problems such as mixing skin tones, hair, eyes and shadows plus much more. Dimensions of large edition: 10x8in and 96 pages. The author has a Bachelor's degree from Kingston University and a PCET teaching qualification from Warwick.

Author Bio Introduction: Drawing with colored pencil is super easy if you use the right colors

and have drawn a good sketch. Unlike the graphite pencils, colored pencils cannot be easily erased, so we have to draw carefully, particularly the darker areas. Always draw a parts with colored

pencil pressing down lightly and if it looks good, color over the same area pressing down hard. Buy good brand of colored pencils and smooth paper. If you don't have a lot of say red pencils, you can get more nuances with only one pencil, by controlling how hard you press when you draw. In the image below I've drawn with one red pencil three nuances. In the first example I pressed hard, in the second I pressed normally and in the third example I pressed lightly.

How to paint oil portraits like the Old Masters Mona Lisa. Girl with a Pearl Earring. Madame X. The infinite variety and beauty of humankind--like the mysteries behind sparkling eyes, a sly

smile or an averted gaze--has captivated artists since the beginning of time. This expanded edition of Chris Saper's best-selling guide, *Classic Portrait Painting in Oils*, reveals keys for mastering how to paint beautiful portraits in oil to create soulful works of art. Through easy-to-follow lessons and expert oil painting tips and techniques, you'll find secrets for working from life, using reference photos and more to create rich, realistic portraits imbued with timeless character.

- 14 step-by-step demonstrations teach how to paint 7 diverse subjects of varying skin tones from life and from photographic reference
- Additional exercises reveal expert oil painting techniques for defining facial details, like eyes, mouths, wrinkles, facial hair and eyeglasses
- Professional tips for

working from life, including ideal session times, posing, seeing and mixing color and even how to work with children

- The basics of using natural, artificial, creative and "Rembrandt" lighting to light your subject and convey a mood
- Expanded key concepts of "perfect practice," the importance of regularly painting subjects in real time and an insistence on excellent photographic reference material, including a checklist for how to take--and self-edit--your own quality photos
- New material on how to approach and execute paid commissions, including step-by-step demonstrations for painting both corporate and family subjects

Through Saper's universal techniques, painters of all skill levels will learn to render more realistic portraits of every subject they

paint, with predictable and joyful results.

Crown

Portrait painting is inherently difficult and requires a unique understanding of and sensitivity to the sitter. This practical book considers the historical context of portrait painting and its contemporary practice. Written by a professional portrait painter, it describes the intricacies of making a portrait not just for the technically minded but also for those who are interested in a painter's perspective on the role and importance of portraiture. Step-by-step demonstrations of portraits and self-portraits. Techniques that use colour to introduce subtleties and presence. Advice

on catching a likeness and overcoming difficulties. Discussion about the significance of copying and photography. Insights into the artistic process of the portrait painter. Work of contemporary and distinguished painters. 'What fascinates me most, much much more than anything else in painting, is the portrait, the modern portrait.' Vincent van Gogh. A practical guide that considers the historical context of portrait painting and its contemporary practice. Aimed at beginners and more experienced; untutored groups and individual artists of portrait painters. Gives step-by-step demonstrations of portraits and self-portraits. Covers use of colour to introduce subtleties and presence. Superbly illustrated with 180

colour illustrations. Anthony Connolly is a professional portrait painter and won the prestigious Prince of Wales Award for Portrait Drawing in 2004.

Hippocrene Books

Creating a likeness of a person is one of the greatest challenges an artist can face. In this book, John Howard Sanden makes the challenge much more

achievable by breaking it down into 29 logical steps. Working in the exciting premier coup tradition, you will learn to execute a finished portrait in a single sitting, starting with your very first stroke. Perfected by Sanden over three decades of painting and teaching, this comprehensive method will help you create convincing, lively portraits every time. Features two complete portrait-painting demonstrations! It's the clearest instruction you'll ever see on how to paint portraits in oil!

[A Treatise on Portrait Painting](#) Penguin
Using clear and concise language and in-depth, step-by-step demonstrations, author and renowned artist Mary Whyte guides beginning and intermediate watercolorists through the entire painting process, from selecting

materials to fundamental techniques to working with models. Going beyond the practical application of techniques, Whyte helps new artists learn to capture not just the model's physical likeness, but their unique personality and spirit.

Richly illustrated, the book features Mary Whyte's vibrant empathetic watercolors and works by such masters of watercolor as Mary Cassatt, Thomas Eakins, Winslow Homer, John Singer Sargent, and Georgia O'Keeffe.
