What does an elephant do? It stomps its foot. Can you? From the creator of such beloved classics as The Grouchy Ladybug and The Mixed-Up Chameleon comes this interactive story that invites kids to imitate animal movements. Watching giraffes bend their necks or monkeys wave their arms is fun, but nothing could be better than joining in. From their heads down to their toes, kids will be wriggling, jiggling, and giggling as they try to keep up with these animals! Alligators wiggle, elephants stop, gorillas thump, and giraffes bend. Can you do it? ' I can do it!' is the confidence-building

message of this fun-filled interactive picture book. A variety of familiar animals invite young children to copy their antics, and as they play, they will learn such important skills as careful listening, focusing attention, and following instructions. Just as alphabet books introduce the very young child to letters and simple words, From Head to Toe introduces the basic body parts and simple body movements. And in the same way that children progress from understanding simple words to reading and writing sentences and stories, so they will progress from simple body movements to dancing, gymnastics, and other sports and activities, with confidence and pleasure. Eric Carle's colorful collages have delighted children for more than a generation. Each book provides hours of fun while encouraging them to stretch their imaginations. His matchless words and illustrations now send out a new challenge: Are you ready? Here we go! Move yourself From Head to Toe. A Main Selection of the Children's Book-of-the-Month Club

And they all lived together by the big red barn. In joyous and exuberant Pictures, Felicia Bond lovingly evokes Margaret Wise Brown's simple, rhythmic text about the cycle of a day on a farm, where a family of animals peacefully plays and sleeps. In the barnyard there are roosters and cows, horses and goats, and a pink piglet who is learning to squeal. Margaret Wise Brown's lulling story about a day in the life of a barnyard is now available as a sturdy board book. Felicia Bond's atmospheric illustrations add to the tranquil simplicity of this story.

Many years have passed since Goldilocks caused chaos at the Bears' house in the woods, but what happens when Little Bear as was wanders out of his fairytale and into the big city where Goldilocks now lives? Goldilocks is now grown up with a family and a rather smart apartment, so how will she react to coming home and finding that a very lost bear has been scoffing porridge, breaking chairs and sleeping in beds?
